

Eye Glasses Must Go

Says New York Physician
Here is His Free Prescription:

"Many who wear glasses could dispense with them. Only ordinary care is necessary. The eyes of old and young should be properly bathed night and morning. This is done by rubbing the cleansing fluid, says he, and then as soon as you may."

"The following treatment is worthy of fullest confidence. It is scientific, immediately effective and positively infallible to the extent of eyes. No eye drops, drug store, get a tube of Optona. Dissolve one in a two ounce bottle of pure water and bathe the eyes two to four times daily. What is generally known as eye strain will soon be banished while the muscles and nerves are permitted to perform their normal functions. It helps diseased eyes and it keeps good eyes healthy. It is absolutely harmless in every way. It does not smart or burn, has a wonderful effect on granulated lids and is especially recommended for dull, heavy or gassy eyes. It helps all eyes and should be in every home for use in emergency."

The following extracts are from letters received from users of this prescription:

"I used Optona one week for a cold in my eyes, and it did me a great deal of good. My eyes have been failing for years. I am sure Optona is doing them good and shall continue its use."

"Have only been using Optona a short time. My eyes are improving wonderfully. For you, Optona very satisfactory and recommend it wherever I find an opportunity. I find it very useful."

"I've been treated by Optona and intend to follow the treatment."

"Have been using Optona for about three months and it has greatly improved my sight."

"My eyes have been sore for several years, were red and inflamed. Used everything recommended and gained no relief. I had my eyes examined and were glasses for me. I tried of Optona and thought I would give it a trial. Am glad to be able to state I got satisfactory relief. Have only used about half a bottle and have not worn my glasses since. I feel my eyes do not require them."

Many others have made similar reports. If your eyes bother you, have the above prescription filled; it may do wonders for you. Do not become a victim of neglect. You perhaps value your eyes more than any other organ, therefore do your duty to protect them. This free prescription has given relief to thousands.—Advertisement.

SILVER JUBILEE!

Will you help celebrate?
"How many of us have me to observe my 50th birthday?" asks the Specialist. "I find the question is asked by many of his friends. Their answers are unanimous: 'Give away a certain number of your treats.'"

After careful consideration, the Specialist has decided that the best way to celebrate is by sending for a Free Treatment.

Up to 20 years ago, he began curing this trouble and he has kept right on doing it for a quarter of a century. Hundreds and thousands of people who never thought to be free from those annoying, terrible noises have secured a blessed quietness by the use of his treatment.

Moreover, every Head Noise sufferer's heart confirms the medical truth that his trouble is only too surely a red lantern of warning to tell of coming Deafness. Whether the ears-aches are constant or occasional—whether the hearing is still acute or impaired to a greater or lesser extent—Deafness will come. Don't miss the gift of a Cure! To a starving for love, yet unable to hear a word of sympathy, shut out from friends and companionship—to be only a burden and an annoyance to others!

FREE HEAD NOISES TREATMENT

To celebrate his Silver Jubilee, Specialist Sprague offers Free Treatment for a short time, to every Head Noise sufferer who reads these lines. He does this in response to the request of people just like you, who suffered from Head Noises and approaching Deafness, and who have been entirely cured by his treatment.

Don't miss this silver opportunity. Just sit down and write a note to Specialist Sprague asking for a "Jubilee Free Treatment" or write "Jubilee Free Treatment" on a post card, sign your name and address, and mail it to him. He will come to you as quickly as the mail can bring it. You can then see this Method for yourself. It won't cost you a cent. Don't delay and don't hesitate. Get in line to have a Jubilee present by getting rid of your Head Noises. Think how happy you would be free from them!

Write right NOW. Send for a Jubilee Free Head Noise Treatment and share in the Jubilee.

Deafness Specialist Sprague,
192 Trade Building, Boston, Mass.

THROW YOUR TRUSS AWAY

RUPTURE

Made strong and well in a few days—without a surgical operation or loss of time. Our work is guaranteed. Call or write for particulars. Dr. Wray & Mather, 200 So. 10th St., Omaha.

BLIZZARD MOVES EASTWARD

Storm Leaves Trail of Destruction in Mississippi Valley.

EXTENT OF DAMAGE UNKNOWN

It Will Be Several Days Before Rail and Wire Traffic Resumes Normal—More Snow Falls in New York.

CHICAGO, Feb. 24.—The blizzard which prevailed for two days over the upper Mississippi and Ohio river valleys had disappeared to the eastward today, leaving behind a trail of destruction.

It will be several days before railroad schedules and telegraph and telephone communication again reach normal conditions in Indiana, southern Illinois, Missouri, Iowa and Kansas. Steam and electric railroad tracks will have to be cleared of huge drifts of snow, which in some instances completely stopped traffic.

All of the railroads today sent out big gangs of workmen to begin clearing the tracks. Hundreds of linemen began replacing fallen poles and restringing wires. All trains in the storm district continued from one to several hours late today.

Because of interrupted communication the full extent of the damage done by the storm was not known. No reports have been received from many of the smaller cities and towns.

Reports which did filter through told of severe cold which followed the storm, of fuel shortage, of interrupted business and closed schools.

More snow in New York.

NEW YORK, Feb. 24.—An extra covering of an inch of snow last night was dumped on the heavy blanket left by last week's storm. The snow quit falling early today, with the thermometer at 19 degrees above zero.

The snow here came as forecast yesterday as the tail end of the blizzard in the west. It was little more than a bluster, but served as a warning to the surface car lines and the city street cleaning department. Several thousand men were engaged all night in sweeping snow from car tracks and street crossings.

Two Ships in Danger.

NORFOLK, Va., Feb. 24.—With a severe snow and wind storm raging on the coast, the British steamers Schem and Riversdale, ashore near here, were today in more danger than at any time since they struck last week. The Schem, on a bar two and a half miles from shore, was in worse condition than the Riversdale, which lies well up on the beach in a less treacherous position. The crew of the Schem is still aboard the vessel. The Riversdale's cargo of lumber is being thrown overboard and saved on the beach. Its crew is ashore.

Blockade in Western Pennsylvania.

PITTSBURGH, Pa., Feb. 24.—With temperatures from 1 to 5 degrees below zero, this entire section today experienced one of the few bright days since the advent of winter. Hundreds of men were employed digging the city out of the seven inches of snow that fell yesterday. Trains were delayed somewhat and reports from rural districts were that only a thaw will open many miles of highways where the snow is badly drifted.

Zero in Missouri.

KANSAS CITY, Mo., Feb. 24.—A clear, cold day dawned in Missouri and Kansas. The temperature, after dropping close to zero, began a steady rise. With the gradual restoration of telephone facilities and wire communication with points completely isolated yesterday, came more detailed reports of the suffering and inconvenience that accompanied one of the worst storms known in the Missouri-Kansas region in a half dozen years.

Youth Admits He Attempted to Murder Farmer Near Kearney

KEARNEY, Neb., Feb. 24.—(Special Telegram.)—Ernest Wilcox, the 15-year-old boy, who was arrested at Council Bluffs charged with the attempted murder of Henry Richards, a farmer, living near this city, has made a complete confession to County Sheriff Andrews.

The boy states he fired the first shot to rouse Richards, who was sitting behind a cream separator and could not be seen from the window. When Richards jumped from the chair the boy emptied the second barrel of the gun, aiming at his head. He says he knows no reason why he shot his employer except that he was not good common sense.

His trial will come up before Judge Hostetter in the district court next week.

Before his confession the youth tried to lay the blame upon a person whom he named "Howard." This man, he said, had met him at the Richards home and threatened to kill his employer. Fearing that he would be charged with the crime the boy said that he left the farm and ran away.

STATE BANK OF SUPERIOR ORGANIZED FOR BUSINESS

SUPERIOR, Neb., Feb. 24.—(Special Telegram.)—The State Bank of Superior was organized today, taking over the assets of the Superior National bank, with a capital of \$50,000 and the following officers: President, L. J. Dunn of Lincoln; vice president, W. T. Auld of Omaha; cashier, C. W. Harvey, formerly of Lincoln; assistant cashier, G. M. Seaman, formerly of Denison, Ia.; assistant cashier, H. C. Hanna; directors, L. J. Dunn, W. T. Auld, C. W. Harvey, J. T. Dalby, H. G. Hanna, H. B. Grainger of Lincoln, G. M. Seaman.

All of the directors have been in the banking business for many years. Auld formerly lived at this city before he went into the banking line.

District court, now in session at Nelson, has some of the bank cases on.

Woodmen Circle Entertains.

PLATTSBOROUGH, Neb., Feb. 24.—(Special.)—Saturday evening Golden Rod Grove No. 90, Woodmen Circle, most delightfully entertained the officers of the supreme council and initiated a class of eight members. Plates were laid for 300. Captain and Mrs. M. E. Manspeaker presided as toastmaster of the delightful banquet. A large number have been initiated into the order during the past year, and the grove is now the largest society in this city.

Caught and Cured

Weak, sore lungs, quickly relieved by Dr. King's New Discovery. The first dose helps. Best remedy for coughs and colds and all lung troubles. 50c and \$1. All druggists.—Advertisement.

Drink Hot Tea for a Bad Cold

Get a small package of Hamburg Dressed Tea, or as the German folks call it, "Hamburjer Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

MANN LAW DECLARED VALID

Supreme Court of United States Upholds Statute.

CASE COMES UP FROM CHICAGO

Point Whether Act is Limited to Commercial Vessels Was Not Involved—Wilson's Given Three Years Each.

WASHINGTON, Feb. 24.—The constitutionality of the federal white slave law was again upheld today by the supreme court in the Wilson cases from Chicago. The point whether the law is limited to commercial vessels was not involved.

CHICAGO, Feb. 24.—Charles Wilson and his wife Zoe, whose maiden name was Willard, were found guilty December 16, 1911, in the United States district court here of transporting Flossie Blon and Frances Vance from Milwaukee to Chicago for immoral purposes. The Wilsons were sentenced to three years' penal servitude each. The case was fought on appeal up to the United States supreme court.

ASSESSORS WILL COMPILE COMPLETE DATA OF FARMS

(From a Staff Correspondent.)

LINCOLN, Feb. 24.—(Special.)—Blanks for the agricultural data to be collected by the assessors for the year 1914 are now being printed for the state board of agriculture. The blank form has been completely revised and it is expected there will be no difficulty in classifying the facts concerning all forms of farming activity in the state.

Muscle Food for the Hard Toiler

The man who labors hard physically needs nutritious food. He needs a concentrated food—a food that is also easily digested. And the price of the food must be cheap.

That doesn't mean that the hard toiler needs a lot of meat (as many wives think) for there are other foods equally if not more nutritious.

Take Faust Spaghetti, for example. A 10c package contains four times more nutrition than meat—it is rich in gluten—it is easily digested, and you can make a whole big family meal with a 10c package.

Try it often. Cook the spaghetti for 25 minutes or so with some red ripe tomatoes. Serve with powdered cheese and bread and butter. Makes bulgy good eating. Send for recipe book, 5c and 10c packages.

LINCOLN PHONE COMPANY SUSTAINS HEAVY WIND LOSS

(From a Staff Correspondent.)

LINCOLN, Feb. 24.—(Special Telegram.)—As the Lincoln Telephone company begins to recover from the storm it becomes evident that the damage to the property of the company will double the first estimate of \$50,000 and that \$100,000 will hardly cover the cost of putting the lines back to their former condition, according to Manager Hartz of the company tonight.

The loss covers over 1,000 poles broken and about 16,000 miles of wire which will have to be straitened. Jefferson, Johnson, Gage, Saline and Adams counties were the greatest sufferers.

News Notes of Osceola.

OSCEOLA, Neb., Feb. 24.—(Special.)—A fire on Saturday destroyed the farm residence of Glenn Willits, northwest of Osceola. The loss consisted of the building, as practically all of the furniture was gotten out. It is supposed that the

Lozier Firm Holds Convention of Its Fifty Service Men

Over fifty service men from the establishments of Lozier dealers throughout the country are returning to their home from the First Annual Service convention of the Lozier Motor company, held at Detroit. Started as an experiment, the convention proved of such value that arrangements have already been made for next year's meeting. This is believed to have been the first

time that any company has assembled its service men prior to bringing out a new car. The service men spent Tuesday at the factory, tearing down and building up models of the new Lozier four. Chief Engineer J. G. Perrin was in charge of the work and special attention was given the new construction features being brought out in this car. On Wednesday experts from the Gray & Davis Co. explained the electrical equipment and talks were also made by factory representatives of other accessory concerns. Question boxes were placed in the assembly room and answers were given to these at a general summing-up meeting on the last day of the convention.

HOW TO BE TOASTMASTER AT LEGISLATIVE BANQUET

(From a Staff Correspondent.)

LINCOLN, Feb. 24.—(Special.)—Henry C. Richmond, chief engineer of the legislative association, was in Lincoln yesterday and today looking up several matters in connection with the next meeting of the association. He said that Church Howe had consented to act as toastmaster at the next session of the association, which will be in the nature of a banquet, the date of which has been set for March 29 at the Lindell hotel in Lincoln.

Auto Show Visitors Welcome

Spring Display of New Things in ART NEEDLEWORK Wednesday

The selections of new things in fancy work are by far the most varied and extensive we have shown, and have, we believe, never been surpassed in beauty.

Women will be interested in the new art linens; centers, scarfs, doilies, pillows, etc., as well also in the numerous novelties not shown before.

We invite you to view these displays Wednesday.
