**S**UFFRAGE versus Anti-Suffrage is the topic of conversation at most of the social entertainments, and quite a number of society women are "reading up" on the question so as to discuss these subjects intelligently and with conviction.

Society seems to be divided on this subject, and those who have taken sides are willing to listen to arguments from the other side. The anti-suffrage meeting Tuesday evening, under the auspices of Mrs. Dodge and Miss Bronson of New York, was well attended, and many interested in suffrage, as well as anti-suffrage, were present to hear the speakers.

Among those attending the meeting were Mr. and Mrs. Arthur C. Smith, Mr. and Mrs. John L. Webster, General and Mrs. J. C. Cowin, Mrs. F. H. Cole, Miss Janet Wallace, Mr. William Wallace, Mr. and Mrs. H. W. Yates, Mrs. Rebe Morgan, Mrs. George Voss, Mr. and Mrs. E. A. Benson, Mr. and Mrs. A. D. Brandeis, Mrs. Herman Cohn, Mr. and Mrs. Beecher Howell, Mr. and Mrs. Charles T. Kountze, Mr. and Mrs. John Latenser, Mr. and Mrs. F. D. Weed, Mr. and Mrs. George Brandeis and many other well known people.

Mrs. Arthur M. Dodge of New York, president of the Anti-Suffrage association, is a cousin of the Misses Ada and Alice Alexander and Mrs. E. A. Benson.

### Japanese Elopers Are Arrested and Taken to Parents

Hugh Wada, aged 15 years, and Miel Motwok, his 17-year old sweetheart, eloped Tuesday from their home at North Platte, but before they could reach a minister in Omaha they were arrested by Officer Halderman, who nabbed them as they alighted from an incoming train at the Union station. Both are Japanese. Miss Motwok, who is particularly attractive, stated that she had known Hugh for eight years, which was ever since he had come to this country, and that her parents had objected to the marriage because of their youth.

### MRS. PAUL'S NAUGHTY TOAST

Telephone Operator, in Paul-Brandeis Case, Denies Intoxication.

### ON SOFA BUT TWO MINUTES

Denies Testimony of Mrs. Paul that She Was Rendered Unconscious at Council Bluffs Resort by Drugged Beer.

Miss Katherine Devitt, a telephone operator, intimate friend of Mrs. Nellie Paul, who is suing Arthur Brandeis for \$250,000 in Judge Day's district court, was questioned at length when she was called to the stand by the plaintiff for rebuttal testimony at the morning session of court. She became indignant when Attorney Connel for Mr. Brandeis asked her if she had been intoxicated during a visit to a resort in Council Bluffs and said she laid down on a sofa for not more than two minutes.

Mrs. Paul previously had testified that Miss Devitt had been rendered practically unconscious by drugged beer, and that the girl and her escort, were carried out. Miss Devitt denied this.

Toasts given by Mrs. Paul and Miss Devitt at this place were repeated to the jury for the fifth time by Attorney Connel. Miss Devitt failed to remember having given a toast there, but acknowledged that the verse referred to was "Her Toast." She said she did not think Mrs. Paul had given a particularly naughty toast that evening, but admitted that she frequently had heard Mrs. Paul repeat the unmentionable sentiment.

The conversation concerning which Miss Devitt was questioned was taken by a shorthand reporter at the resort.

A charge that Gordon Wedgworth, a boy whose deposition Attorney Brady desired to read, had been spirited away by the plaintiff, was made by Attorney Connel. Mr. Brady protested that the boy was now outside the jurisdiction of the court, but it developed that he had gone to Council Bluffs, and the court decided that Mr. Brady should try to find him. Wedgworth was on the witness stand for a few minutes Tuesday.

### Physician Gives Recipe for Gray Hair

A Well-Known Physician and Author Gives Simple Home Recipe That Will Darken Gray Hair.

Dr. Stanton Burroughs, the well-known physician and author, recently made the following statement: "Gray hair can be easily darkened by the following simple recipe which you can mix at home: To 1 oz. of water, add a small amount of Barbo Compound, 1 oz. bay rum and 1/2 oz. glycerine. Apply it to the hair every other day until the desired shade is obtained. It not only is an excellent hair darkener but at the same time removes dandruff and other ills of the scalp. I use it myself and have no hesitancy in recommending it to my patients. These ingredients can be bought at any drug store at very little cost."—Advertisement.

**Like a Spirited Horse—This Lozier Light Six**

ARTHUR BRISBANE SAYS that the invention of the motor car was the result of, and in response to, man's world-old desire to transport his body as fast as his brain travels.

WHEN COMMODORE VANDERBILT held the ribbons over his high-stepping pair on the speedway, his body was traveling at twenty miles an hour, perhaps—but his mind was building railroads across the continent. He couldn't have thought as fast behind a pair of truck-horses.

THAT'S WHY MEN WHO DO THINGS demand cars that are capable of doing things—that can and will respond at a touch as the thoroughbred, with every nerve tuned to concert pitch, responds to your thought—to the imperceptible tremor of the rein that transmits, not a command, but a desire.

FOR THAT KIND OF MEN—men of alert minds—men who do things—men who have no patience with, nor will tolerate, mediocrity—for these is the Lozier Light Six designed.

NOT EXCESSIVE SPEED in season and out—such as the hair-brained speed-maniac delights in—the kind of fellow whose keenest sensation is derived from the noise of the exhaust and the wind on his face—not that!

BUT THE INHERENT QUALITY that, representing the same quality as speed, really represents much more. The quality that is inherent in the spirited thoroughbred—undefinable, but which might well be termed responsiveness to a mood—the mood of the driver.

LIGHT ON ITS "FEET"; quick to start—quick to stop. Accelerate to top speed in a few seconds—a few yards. Throttle down to a well-nigh invisible quiver so you wonder if the motor has stalled and—in a jiffy, away again, while another car would be groaning under the strain of starting.

THERE IS PLENTY OF POWER for the weight. Yet the motor is not so large as to rack the chassis and other mechanisms to pieces. The shafts and the gears through which the power is transmitted are heavy enough to carry the maximum power the motor will develop—and that is sufficient to give the car that snap and ginger and speed that are peculiar to this car—and which are the qualities you want in your car.

LONG STROKE, HIGH-SPEED POWER—the kind that makes a car supple, flexible, smooth—the kind of power that is sensitive to the touch on the accelerator pedal.

YOU'LL FIND THE LIGHT LOZIER SIX is a thoroughbred in every muscle and line.

IF YOU ARE ONE OF THOSE whose body is ambitious to keep pace with your mind. If you revel, not in speed, but in what speed stands for; if you enjoy thinking as you move, and abhor the discordant interruptions that so frequently occur when riding in a car that is incapable of responding as your finger responds to your brain—then you'll find this Lozier Light Six has been made to your heart's desire just as you would have made it had you designed it yourself.
