Few Backers of Move Hold Conference in Lincoln. FORM COMMITTEE FOR WORK

Skiles Will Run for Regent on Anti-Removal Platform—Dr. Findley to Run on Republican Ticket.

(From a Staff Correspondent.) LINCOLN, March 3.—(Special Telegram.)—Through over 200 urgent invitations had been sent out to members of the alumni of Nebraska to attend a meeting at the Lindell hotel to organize and protest against removal of the state university to the state farm, only about twenty-five men, most of them from Lincoln and half a dozen women were present when E. M. Pollard, chief engineer of the movement, talked to the meeting of what should be done to keep the university downtown.

Mr. Pollard said that a group of educators had been brought to Lincoln "cooled and primed" to help removal of the university and that he would make the fight on an anti-removal of the university campaign. It was also given out that Dr. Findley of Omaha would file for the republican nomination for regent, papers for the purpose having been forwarded to him today.

Journal Wins First Round. Judge Stewart of the Lancaster county district court granted the application of the State Journal company for a perpetual injunction restraining Chief Clerk Harry Lindsey of the supreme court from delivering to the Stephens Printing company of Columbia, Mo., copy for printing supreme court reports. The state auditor is enjoined from drawing warrants and the state treasurer from paying the same to the company.

It was announced this afternoon that C. M. Skiles of David City would file shortly for the democratic nomination for state regent and that he would make the fight on an anti-removal of the university campaign. It was also given out that Dr. Findley of Omaha would file for the republican nomination for regent, papers for the purpose having been forwarded to him today.

Journal Wins First Round. Judge Stewart of the Lancaster county district court granted the application of the State Journal company for a perpetual injunction restraining Chief Clerk Harry Lindsey of the supreme court from delivering to the Stephens Printing company of Columbia, Mo., copy for printing supreme court reports. The state auditor is enjoined from drawing warrants and the state treasurer from paying the same to the company.

The Journal made the claim that the state law requires a foreign corporation desiring to do business in this state to make certain filings with the secretary of state, which, it was claimed, the Missouri corporation had not done. The suit involves about \$15,000.

Resolutions adopted were: 1. We believe it to be the best interest for the society to elect an entirely new set of head camp officers.

We demand the rate law, adopted in Chicago be repealed, and a new law be enacted, to raise pro-rata assessments, not to exceed 50 per cent of the present rate, and that we collect twelve assessments each year, and at each monthly meeting the board of directors of the head camp turn all surplus into reserve fund, and that reserve fund be limited at a later date.

Hastings Schools Are Center of Hot Warfare HASTINGS, Neb., March 3.—(Special Telegram.)—The withdrawal of C. M. Barr as a candidate for re-election as superintendent of the Hastings schools today followed the action of the Board of Education last night in deferring the election until the April meeting.

While Superintendent Barr was at the national education meeting at Richmond last week four members opposed to him began a movement to elect W. G. Brooks of Plattsmouth, brother of Rev. A. A. Brooks of Hastings, as his successor. Publication of the plans started a fight and last night Mr. Brooks' candidacy was withdrawn.

The anti-Barr men then mustered a majority to defer the election a month to feel the public pulse. This was followed by similar action in regard to the high school principal, J. Clark Mitchell.

Sixty of the public teachers petitioned the board to re-elect Barr. In his notes today Barr declares "the public school system is our one truly American system and the last which should be Mexicanized."

Mr. Barr has served two years and a half as superintendent. The deferment of the election means that the superintendent will become an issue in the district campaign.
