

BRIEF CITY NEWS

Fidelity Storage & Van Co. D. 1816. Have Most First-Now Beacon Press. Life Ins. Yes. Penn Mutual. Gould. Electric Supplies—Burgess-Granden Co \$10,000 Prize Novel—"Diane of the Green Van." Kiezer's book store, Y. M. C. A. Bldg.

Goes After Christmas Toys—Although it is still some days until Christmas, Max Lowenmeyer, manager of the toy department at Hayden Bros., has gone to New York to see about securing his stock for the coming Yuletide.

To Buy New Pumps—Bids for pumps of a capacity of 10,000,000 gallons will be read at the meeting of the Water board Wednesday afternoon. Two such pumps will be purchased. The bids have been received, opened and are now being tabulated.

Federation Meets Thursday Evening—A regular meeting of the Federation of Improvement Clubs will be held Thursday evening at the city hall. The topics of discussion are to be "Civic Plans Before Bonds" and "Auditorium and School Bonds."

Morrow to Talk Charter—H. W. Morrow, secretary of the Economic League, will speak on the proposed new charter Thursday evening at a meeting of the Political Equality League. The meeting will be held in the council chamber of the city hall.

Kindred in Omaha—Carson Hildreth of Lincoln, chairman of the State Agricultural Extension commission, is in Omaha for the week, registered at the Henshaw. He is attending to business connected with the commission, which includes a number of Omaha men as members.

Johnston's Trip—W. W. Johnston, assistant general freight agent of the Burlington, accompanied by Mrs. Johnston, has gone on a two months' trip to the Pacific coast. Mr. Johnston will combine business with pleasure and will visit all of the principal agencies of the Burlington in the west. He will return by way of Seattle and Billings.

Invitation Made by Board of Education

At a meeting of the Board of Education last night a resolution was passed directing the secretary to extend an invitation to Dr. Katherine Bement Davis of New York to attend the annual meeting of the Nebraska Association of Charities and Corrections, which meets in Omaha, April 26-28. Dr. Davis was formerly head of the state reformatory for women at Bedford Hills, N. Y.

Bids will be invited on electrical clock wiring for the program clock of the Central High school.

The board decided to purchase the piano belonging to Miss Lizzie Banker, formerly principal of the Pacific school. The piano has been used for several years without expense to the school district, excepting \$75 repairs. The purchase price will be \$125.

Clark Noble, page to the board, will hereafter receive \$2 for each meeting night. Dr. E. Holovetchnin having introduced a resolution providing for the increase. Dr. J. J. Foster voted against it. Noble has been receiving \$2 a month.

Ak-Sar-Ben's Day Parades in Morning

Ak-Sar-Ben's daylight parades this year may be staged in the morning instead of the afternoon, as heretofore, if the present plans of the board of governors go through. At a meeting held last night at the Hotel Rodeo this proposition came up for discussion. It is declared that the parades bring many downtown who would like to patronize the King's highway on the same day, but have too little time after the parades. With the daylight parades in the morning, the afternoon would see the Highway crowded from dinner time to midnight.

Secretary Weaver has been given authority to close a contract with the largest carnival company in America to come here this year for the home-coming week, provided the deal can be made. All the shows are high class, and in exchange for his money the patron is given entertainment of high value.

Dr. Hoffman Suffers Dislocated Shoulder

Dr. O. S. Hoffman suffered a dislocation of his left shoulder as a result of a fall Monday afternoon. He had been making a call at the residence of George A. Hoagland in Dunce, and slipped and fell down a terrace as he was leaving. In spite of the pain, Dr. Hoffman made two more professional calls before returning to his office, where he underwent the reduction of the dislocation without anesthesia. He was resting easily at his home last night.

YOUNG HIGHWAYMEN STAGE TWO HOLDUPS

Two youthful highwaymen held up Albert Gordon, pool hall keeper, as he was walking near Twenty-second and California streets last night and got 80 cents. A few minutes later the same pair snatched the purse of Mrs. Abe Larowitch, 609 North Twenty-first street. The pocketbook contained \$2.50.

LIVES AT ONE HOTEL WHILE HE BEATS BILL AT ANOTHER

H. L. Thomson, address the New Grand hotel, was arrested Monday night by Special Officer Harvey J. Wolf of the A. E. T. who caught the man loitering in the corridor on the fourth floor of the Woodmen of the World building. Thomson was in the act of using cocaine and could give no good reason for his being in the building. He was brought to police headquarters, where he is being held for investigation.

It was later learned that the man had skipped a board bill at the Schiltz hotel, the proprietors of which intend filing a complaint against him.

FACTORIES AT SOUTH OMAHA

Plans for Extensive Improvements Presented City Council.

GYPSIES ORDERED FROM TOWN

Factories Where Cholera Serum Was Made Are All at Standstill Because Government Did Not Renew Licenses.

Plans and specifications for fifteen grading and paving districts were presented to the South Omaha city council last night, presaging the activities in the public improvements not equalled in this city heretofore. The work will entail an approximate expense of \$50,000. The city clerk was instructed to advertise for bids on the work. Bids on sidewalks were as follows: W. H. Rawley, art stone, 12.50 cents; brick, 12.00 cents; Globe Construction company, James Benak, president, art stone, 12 cents brick, 11 cents; John Parks, art stone, 12.50 cents; brick, 12.00 cents.

On complaint of citizens the chief of police was ordered to compel all gypsies to leave town. The gypsies have maintained their annual winter camps in South Omaha for years. Nearly all the year round they have operated in the city as fortune tellers. It is understood that complaint against them has been lodged with the authorities.

A committee composed of Councilmen Alton, Cavanaugh and Riches was appointed to visit the Union Pacific Railroad company and confer with the officials on demands recently made by a number of business men of this city.

Mert Carey, a switchman, was scalded about the head Sunday evening in the Burlington yards near Thirty-third and L streets when a hose conveying hot water got away from him. The hose was carrying a 100-pound pressure of steam and hot water when the accident occurred. Carey's head was scalded from chin to crown and physicians are marveling that he was able to escape with his life. He may lose his eyesight, it is feared.

Basket Ball Game.

The South Omaha High school basketball team will meet the local Presbyterian church basketball team on the high school gymnasium floor at Twenty-fourth and J streets this evening at 8 o'clock. The teams are about evenly matched and a lively game is expected.

Suffrage Campaign.

Suffragists have started a campaign of education among the packing house men in South Omaha and Mrs. Mary Munson of Kansas will be here in a day or two to conduct the campaign in conjunction with the local suffragists and their friends. John L. Kennedy of Omaha, one of the leaders of the suffragist movement, has appointed Henry C. Murphy of South Omaha to arrange for the reception of Mrs. Munson. Mr. Murphy stated that he would make arrangements for the meetings at the packing houses in accordance with the wishes of Mrs. J. B. Copper, the president of the Equal Franchise League of South Omaha. The plans according to Mr. Murphy, is to have Mrs. Munson address the packing house men during the noon hour. Mrs. Munson is said to be a strong advocate of votes for women.

No Serum Being Made.

Serum factories in South Omaha are said to be at a standstill because the government has not renewed any licenses for the manufacture and sale of the article since January 1. In consequence of the oversight the manufacturers of serum have run out of a supply and the farmers who use the article are said to be worrying over the matter.

Since the use of serum in stamping out hog cholera has become so general the local manufacturers of the article have been doing a rushing business. It is claimed that the local hog market has increased in activity since the stuff has been put in general circulation. Just why the government has not renewed the licenses can not be stated now.

Magic City Gospel.

St. Martin's Woman's auxiliary will meet in the parish house, 2314 J street, Wednesday afternoon at 2:30 o'clock.

Miss Margaret Loye entertained the members of the Entre Nous club at her home, Thirty-eighth and S streets, last Thursday evening. The prize at cards was won by Mrs. A. Orner, president of the club. Those present were: Mrs. A. Orner, Misses Marie Kelly, Lotte Martin, Marie Schmidt, Anna McGuire, Julia Broshman, Margaret Farrell, Hannah Broshman, Mary Lesmond, Anna Martin, Rose Ayles, Anna Chisley, Anna Cassidy, Eliza Leonard, Nell Corcoran and Margaret Loye.

THE LANPHER THAT... BUCKLEN'S ARNICA SALVE. For a cut, bruise, sore and skin trouble, a box should be in every household. All Druggists 25c.—Advertisement.

LOBECK NOT AFTER BAUBLE NO STADIUM, BUT BOULEVARD

Congressman Declares He Has Work to do in Washington.

WILL FILE FOR SAME PLACE

School Teachers From Nebraska Drop in at Capitol on Way Home From Virginia—Waterhouse Garrison's Double.

(From a Staff Correspondent.) WASHINGTON, March 2.—(Special Telegram.)—"I am not a candidate for governor, nor have I ever dreamed of being a candidate for governor," said Congressman Lobeck today after he read The Bee in which his name was mentioned as a possible candidate for that position. "I am a candidate for congress and in due time will file for that position. Of course, I know there are certain disqualified persons in the Second district who have been candidates for positions and who in the very nature of things could not be satisfied, but I have endeavored to follow along the well laid down rules of the democracy of that district and have endeavored whenever possible to iron out differences. I have worked in congress and more than I could possibly do if I were a candidate for governor.

"I believe my work is in Washington, therefore, all these glittering jewels of nominations that are dangled before me in the way of the governorship I put aside. I am a candidate for congress. That is all I desire to say at this time."

Former Friends Knock.

It is declared here in democratic circles that the report that Mayor Dahlman is to be a candidate against Lobeck for the congressional nomination did not originate in Douglas county, but had its inception in Blair and that vicinity. Certain of the faithful who were candidates for the postoffices in one or two towns in the Second congressional district having been turned down by Lobeck for other candidates equally if not more strongly endorsed than those who are now aggrieved over their failure to secure the coveted nomination, have their ankers out for Mr. Lobeck, hence the petitions originating in Washington and Sarpy counties.

Federal Grain Inspection.

The Nebraska delegation has received resolutions adopted by the Board of Directors of the Omaha Grain exchange protesting against the McCumber bill in the senate, providing for federal inspection of grain and urging a measure providing for federal supervision and inspection of terminal markets, but opposing any measure that would take from the established state or grain exchange inspection department the actual inspection of grain sold in such terminal markets. One member today said that in his judgment "if congress should pass an act providing for the government inspection of grain when it is sold for speculation in interstate commerce, it would supersede all other inspection."

Schoolmarm's Trip.

A number of very attractive Nebraska school marm's were in the city today on their way home from the meeting at Richmond last week and were entertained at the capitol by Congressmen Sloan and Maguire. The visitors were Miss Ruth Pyrite, principal of a Lincoln school; Miss Mary Foster, superintendent, Cass county schools; Miss Nemaha Clark, superintendent, Nemaha county schools; Miss Gertrude Conn, superintendent, Webster county schools, and Miss Alice Florer, superintendent, York county schools.

Lobeck to Have Hearing.

Congressman Lobeck was told today by the chairman of the senate committee on Indian affairs that he would be given a hearing at an early date on the amendment to the Indian appropriation bill which would be presented to the committee and by which amendment it is hoped to reinstate Omaha in the bill as an Indian warehouse supply station.

Waterhouse's Net Garrison.

Superintendent A. H. Waterhouse of the public schools of Fremont was considerably abashed today in the house committee on interstate and foreign commerce when he entered the room and modestly took a back seat among the spectators present at a hearing. Just as he sat down he was the astonished observed of all observers as the chairman of the committee, Representative Adamson of Georgia, stopped the proceedings and, beckoning to Mr. Waterhouse, said: "Come around, Mr. Secretary, and take a seat with the committee."

The supposed cabinet officer sat tight, however, and later one of the witnesses, H. E. Lee of Chicago, warmed up in his argument and said: "We recently had a hearing before the secretary of war, who is here now," indicating the now thoroughly uncomfortable Mr. Waterhouse.

He remained uncomfortable until it was explained that he was Superintendent Waterhouse of Fremont, Neb., and not Secretary of War Garrison, whose remarkable double he is.

Department Orders.

Postmasters appointed: South Dakota—Hartley, Stanley county; Clinton M. Bennett, vice W. O. Schroll, resigned; Chappelle, Hyde county; Mrs. Mary Burton, vice E. H. Parker, resigned.

Postoffice established: Lytle, Fremont county. Working with E. F. Cunningham as postmaster.

That is Demand of Bemis Park Improvers at Reservoir.

Vigorously Opposed to Pitching Athletic Field at Their Very Doors—Ask Connecting Link for Boulevard.

WILL MEET THE WATER BOARD

The Bemis Park Improvement club adopted a resolution last night unanimously opposing a Water board project for establishing an athletic stadium on the east side of the Walnut Hill reservoir site extending from Nicholas to Hamilton street along Thirty-eighth.

The club held its meeting at Franklin school. It has been organized only a week or two, but already has about 150 members, with several hundred more coming in. It encompasses a thickly populated section including many large property owners within the boundaries: Forty-third street on the west, Thirtieth on the east, California on the south and Parker on the north.

The members were vigorously outspoken against the stadium plan, a pretty drawing of which adorns the wall of R. Beecher Howell's office. They are not averse to such a playground as would provide for tennis or the like, that is, if there was space after building the boulevard, but are determined not to jeopardize the value of their property by creating a base ball and foot ball field that would become the center for all elements from all parts of the city at all times.

Want Connecting Link.

The club also put itself on record as demanding a connecting link across the reservoir property from Thirty-ninth and Nicholas to Thirty-eighth and Hamilton streets for the boulevard. One member, who had talked with Water board members, said he knew they would not grant this, but that did not satisfy those who

held in mind the fact that "the property belongs, after all, to taxpayers, and the Water board members are our public servants."

So it was decided to have a committee of five meet with the Water board at the city hall tomorrow at 4 p. m. to throw out, if possible, these two matters.

Park Commissioner Hummel appeared by request before the club and related his futile efforts to obtain this boulevard connection from Mr. Howell and his board. Hummel said he had been before the Water board five or six times; that he obtained leave once and went so far as to put his contractors to work on the job when, to their ordered off and went at Howell's command.

The Bemis Park club expects to have 1,000 members on its rolls soon and to be able to get a fair hearing of the rights of taxpayers from all public servants. The club is solidly united on both these principal demands.

John W. Farris is president and Clifford Sadler, secretary of the club. It will hold its next meeting Friday, March 13, at 8 p. m. at Franklin school.

COLONEL TAYLOR MARRIED TO MISS JEANETTE LEWIS

Colonel Wallace C. Taylor of the United States Philippine constabulary was married on Wednesday of last week to Miss Jeanette Lewis at the home of Mr. and Mrs. W. L. Fisher in Los Angeles.

Colonel Taylor is an Omaha boy, the son of Mr. and Mrs. Cadet Taylor. Owing to the fact that Colonel Taylor has such a short leave of absence it will be impossible for the newlyweds to make a visit in Omaha and Mr. and Mrs. Cadet Taylor will leave Wednesday night for Los Angeles, where they will spend the month the guests of their son, H. B. Taylor, who lives near Los Angeles, and in visiting with Colonel Taylor and his bride, who will sail for the Philippines about March 23.

It will be found in no other store in Omaha.', 'The Suits, the Coats, the Dresses, Fashion Has Chosen for Spring Are Now at Brandeis', 'Suit styles for spring are in the great majority of cases extremely novel in their designs and delightfully feminine in effect. The little short coats, many of bolero or Etou design, were never smarter in their lines. Suits for spring give every indication of having been designed by artists. They have the appearance of having been made by skilled dressmakers rather than tailors, who have heretofore turned out the more severe mannish styles. They are of poplins, serges, gabardines, moire and fancy novelty cloths, and in the best spring shades. Priced from \$12.50 up to \$75.00.', 'Exceedingly Smart Suits, \$25', 'This popular price now secures more of refined style and high quality than ever before, due to the fact that we have specialized in this line. Dressy or semi-tailored models, with peg top or tunic skirts and short jabots. Silk and wool poplins, serges, moire and novelty cloths. A big variety now at \$25.00.', 'A Separate Skirt for \$6.98', 'Women who plan their attire with a thought to both fashionable appearance and practical utility are wearing skirts more than ever before. At \$6.98 we show exceptionally smart models of poplins, serges and fancy novelty cloths, in the newest peg top and tunic effects. Ask to see them.', 'So Many of the Younger Women Wear the Balmacaan Coat', 'They are the innovation for spring and are particularly liked among young women who take to the dashing novelties. They are loose-fitting, wide, flaring affairs, like men have been wearing, and are of tweed mixtures, plaids, checks and novelty stripes, and are priced at \$12.50.', 'New Kimonos at \$1.98', 'They are of new crepes and are shown in various plain or fancy ribbon trimmed styles, and are especially priced for Wednesday at \$1.98.', 'Pretty Waists for \$1.50', 'Women's fine lawn, lingerie, crepe and voile waists in plain or daintily trimmed styles with lace and embroidery. Extra values at \$1.50.', 'Fancy Waists at \$5.00', 'Spring waists of fine crepe de chine, messaline, taffeta, chiffon and lace, in all the wanted spring shades. A special showing Wednesday at \$5.00.'
