

By MELLIFICIA. Wednesday, March 4, 1914.

W e have all heard of people turning green with envy, but I doubt if anyone has ever seen anyone in this unusual state.

According to reports, a number of humorous incidents happened at the recent flood in Los Angeles, and they lose little in retelling, in all probability.

A prominent young woman from Omaha, who, with her parents, is now residing in Los Angeles, had a weird experience during the flood. She was walking along the sidewalk and had to cross the street in order to reach her home. She stepped off the sidewalk into the street, thinking the water was not deep or the torrent very strong, but she was mistaken, and was literally swept off her feet and carried to a pool of water about four feet deep. Several young men rescued her, but they could scarcely tell her nationality. She was wearing her new spring suit of emerald green taffeta, but, alas, the silk evidently was not warranted not to run or fade, and they say she truly was green, and doubtless she envied those who were not.

Luncheon for Visitor.

Miss Jennie Peters was hostess at a beautifully appointed bridge luncheon today at her home in Dundee in honor of her guest, Mrs. W. H. Cavett of Memphis, Tenn. Spring flowers were used in decoration and those present were Mesdames W. H. Cavett, Sumner Breeso, Misses Helen Murphy, Josephine Murphy, Irene Coad, Alice Carter, Louise Dinning, Ruth Latenser, Marion Marrae of Council Bluffs, Jennie Peters.

Guests Entertained.

Mrs. B. C. Miser entertained at luncheon today at her home in honor of Miss Fannie Tompkins and Miss Helen Arby of Bloomington, Ill., and for Miss Genevieve Ashby of Arlington, Neb. Spring flowers were used in decoration and covers were placed for eight guests.

At the Brandeis.

One of the large theater parties to attend the performance of Montgomery and Slone in "Lady of the Slippers" Saturday afternoon, will be given by Mrs. Frank Walters in honor of her daughter, Harriette. Those attending will be schoolmates of Miss Harriette Walters at Brownell Hall.

Beth Hamedrosh Party.

Mr. J. S. Colvin and Miss Gertrude Cooper were the prize winners in the contest held at the dance given by the Ladies' auxiliary of the Beth Hamedrosh synagogue Monday evening, at the Metropolitan club. The officers of the society are president, Mrs. R. Robinson; vice president, Mrs. F. London; secretary, Mrs. H. J. Goodstein; and treasurer, Mrs. B. A. Simon.

Club Luncheon.

The Carter Lake Swimming club entertained at luncheon Monday in the Blue room of the Brandeis Temperance room. The decorations were in pink roses. Following the luncheon, the guests adjourned to the Metropolitan club for an afternoon of bowling. Mrs. W. J. Cattin winning high score. The guests of the club were Mesdames S. L. Wright, C. Swanson and F. Underwood. Those present were:

- Mesdames: E. F. Bradley, W. H. Dorrance, E. L. Lawler, F. F. Devor, J. Adams, F. C. Best, C. E. Myers, J. A. Cuffin, C. E. Molony, W. A. Freeland, H. Underwood, L. A. Lermody, F. Lowering.

College Dinner.

The annual college dinner will be held at the University club March 12. The guests will not be restricted to University club members and each college will try to have the largest representation. Last year the University of Nebraska and the University of Michigan had the two largest tables, between fifty and sixty being present at each. There will be orchestral music, but no speaking. Mr. Arno Thomas, assisted by a committee of twenty-five college men, is in charge of the affair.

Mu Sigma Club Meets.

The Mu Sigma club met today at the home of Mrs. J. H. House. Mrs. G. C. Thompson was leader of the program on Tennyson's poem of "God and Immortality." Mrs. Pearl Wetlands reviewed "In Memoriam." Mrs. W. J. Hotz, "The Ancient Sage," and Mrs. Thompson, a sketch of Tennyson's life.

Complexion Secret of London Society Women

Certain smart women of London have discovered a way to use buttermilk as a pleasant and most effective complexion restorer. With the usual objectionable features eliminated, almost every woman knows the great beautifying power of buttermilk, but the convenience and expense of using fresh buttermilk daily in sufficient quantity has greatly restricted its use. A product known as powdered buttermilk emulsion, however, having the consistency of clotted cream, can be used with great convenience and will keep indefinitely. Freckles, blackheads, chaps, blotches and all minor blemishes are quickly affected.

The beautifying effect of the buttermilk in this form seems greatly intensified and imparts to the skin that delicate, striated, whiteness and texture. Powdered buttermilk emulsion is obtainable at almost drug stores and is well worth any amount of trouble to obtain. A small jar does the work of about six pints of buttermilk used in the ordinary way. It is sold in this city and recommended by Sherman & McConnell Drug Co., 16th and Dodge streets; Owl Drug Co., 16th and Harney streets; Harvard Pharmacy, 5th and Farnam streets; Loyal Pharmacy, 26-9 N. 16th street.

The LITTLE POLLY BROOM is made of the most select broom corn and gets the dirt with the first sweep. You'll like to sweep with the Little Polly because it is light, flexible, and saves your energy for other work. Bends freely and holds its shape. It is the Guaranteed Broom. The next time you order a broom be sure it is the Little Polly. Harrah & Stewart Mfg. Co. Des Moines, Iowa.

TO ARGUE AGAINST RETRIAL Connell Calls for Hearing of Motion in Paul-Brandeis Case.

BRADY MAKES SOME CHARGES Says Spectators, Newspapers and the Jury Were Guilty of Misconduct During the Recent Trial of the Case.

Attorney W. J. Connell, who represented Arthur Brandeis in the trial of Mrs. Nellie Paul's suit against him, has announced that he will call up for hearing Saturday the motion filed by Attorney Brady for Mrs. Paul asking Judge Day to grant a new trial. Charges that erroneous instructions were given by the court and that the judge should not have allowed the jury to attempt to reach an agreement are made by Attorney Brady. He also asserts that the spectators, the newspapers and the jury were guilty of misconduct during the trial and that false and purchased evidence was used by the defense. "We will give Mr. Brady an opportunity to prove his charges immediately," said Mr. Connell, "which we think will be the last heard of the case."

English May Delay Decision in the Moss Boy Case a Month

Decision whether 7-year-old Ralph Moss, whose leg was cut off by a Missouri Pacific freight train, shall have the right to sue the railroad for damages, or whether a settlement made with his father for \$1,000, of which the larger part already has been expended for expenses, shall stand may be delayed by District Judge English until next month on account of newspaper publicity which has been given to Ralph's plight. "I have given the case no consideration, and I may not decide it until next month, when the talk about it has subsided," said Judge English.

Farmers of Cuming County Are Plowing

Word comes to Northwestern headquarters that farmers up in Cuming county have commenced work in the fields and that in a number of instances farmers are plowing. It is said that Cuming county farmers are trying to make a record to show that Nebraska is an all-the-year-around agricultural section. So far it is said they have plowed every month in the year. During January in numerous fields along the Elkhorn river men were at work several days plowing, and still more were at work during February. The plowing was for oats and corn.

DR. C. I. BABCOCK WILL GIVE SERIES OF LECTURES HERE

Dr. C. I. Babcock of the Bureau of University Study and Travel of Berlin, Paris and Boston will give a series of lectures in this city, Thursday evening, at the Young Women's Christian association auditorium, his subject will be "Germany and the Germans," with special reference to modern German art. This lecture will be given under the auspices of the Omaha Society of Fine Arts. Friday morning Dr. Babcock will speak informally on the "De Medicis" to the French history class at the public library and in the afternoon will give the "Great Altar of Pergamon," the same lecture that he delivered recently at the Chicago Art Institute, where he lectures every year. The lectures will be held at 10 o'clock at the public library. Dr. Babcock holds the degree of doctor of philosophy and resided in Berlin eight years, lecturing in the art galleries of the German capital.

Y. M. C. A. MEN TO DISCUSS INDUSTRIAL PROBLEMS

A national commission on industrial problems, in connection with the conference of employed officers of Young Men's Christian associations, will meet in Omaha Friday to hold one of its meetings. Its purpose is to consider the existing industrial situation, and its relation to the associations of the country. At the annual meeting of the employed officers' conference at Lake Geneva, Wisconsin, in June, the commission is expected to make an important report as to its findings and recommendations. Members of the body are General Secretaries Phimon Davis of St. Louis, W. H. Bunker of St. Joseph and E. F. Denton of Omaha. A number of meetings have already been held in other mid-west cities this winter.

KUGEL ASKED TO APPOINT PLUMBERS AS INSPECTORS

Boas and journeymen plumbers, in a committee of six, called on Commissioner A. C. Kugel, head of the city health department, and formally asked him to appoint plumbers for sanitary inspectors, especially during the winter months. Commissioner Kugel told the plumbers that the request would be granted if any of the sanitary inspectors now employed resigned or was discharged, but that he would not discharge them in order to comply with the request. Sanitary inspectors receive \$75 a month. The plumbers would have to be paid a minimum of \$100 a month.

WHITE SHOE LACES FOCUS OF CONSIDERABLE NOTICE

"Wear white laces in your shoes and attract attention to your pretty feet and ankles." This advice, although not new to exist in any fashion book or beauty column, is thoroughly reliable, according to the experience of one young woman who flashed white strings in her walking boots on Farnam street. Every man within sight passed up her draped coat, ruffled dress, silk skirt, baby headgear and even her pretty face. Her feet and ankles were "it," nothing else was noticed as long as she was in sight.

REAL ESTATE MEN DISCUSS STREET CAR FARE ISSUE

At the meeting of the Real Estate exchange quite a heated discussion ensued over the "seven-for-a-quarter street car fare proposition." W. T. Graham broached the subject and was supported by C. F. Harwood, while Henry Payne took the negative side of the case. After about an hour's contention the proposition was tabled.

Various Cities Give Reasons for Owning Public Auditoriums

Those directly connected with the management of municipally owned auditoriums in the large cities that have such institutions, are all of the opinion that cities need an auditorium, according to information gathered by the citizens' Auditorium committee of Omaha, which has written for opinions from many cities.

"An auditorium should be considered a part of the necessary equipment of a city and should be maintained by the entire city. It should be a public building under proper control." Such is the opinion of E. H. Clifford, civic secretary of the St. Joseph Commercial club, St. Joseph, a town half the size of Omaha, and which maintains an auditorium valued at \$300,000. "The Denver Auditorium, a city owned property, though maintained at an annual loss of \$5,000, is considered the best investment the city has made in recent years. The Denver Auditorium cost \$700,000. It has been of so much benefit to the city, according to Denver business men, that the city is glad to maintain it at a loss. "A city owned auditorium is much to be preferred over a privately owned one," according to J. H. Beck of St. Paul, "because privately owned ones seldom pay under private ownership, the rates charged are so high that they prevent the building being used as often as it should for the benefit of the general public."

L. W. Thoun of Kansas City, manager of the Auditorium, gives his opinion that an auditorium for a city should be considered in the sense as a museum or public library, a desirable asset, which costs money to own and operate.

Noble May Run for Regent of the State Uni as a Democrat

G. W. Noble, general agent of the New England Mutual Life Insurance company, is a probable candidate for the democratic nomination for regent of the state university. He admitted as much yesterday, but refused to say whether he was for or against the removal of the university to the farm campus. Petition blanks to circulate in the interests of Mr. Noble's proposed candidacy were secured from Lincoln by Dr. Palmer Findley Tuesday, but they have not yet been started. If the insurance man consents to have the petition circulated, he will depend partly upon his past record as an educator for support. He was superintendent of instruction in Cass county for four years, and before that taught in the schools of that locality for five years.

C. M. Skiles of Fremont, an anti-removalist, has also announced his intention to run for the nomination for regent on the democratic ticket, and will carry the removal question into his campaign. Charles R. Anderson of Crete and George Coupland of Elgin are the regents whose terms expire this year.

"Cash or no book" is the terse reply the Carnegie institute of Washington, D. C., has made in effect to the query of the Omaha public library as to why a certain book has not been sent in compliance with an order placed some time ago by the local institution. The library then realized that it would have to send the 50 cents which the book cost before the volume would be mailed. It had been overlooked that the Carnegie institute does a strictly cash business, and even refuses to open accounts with public institutions. The book in question is on the subject of scientific experiments with guinea pigs, which animals are now in great demand for research and laboratory uses.

NORTH SIDE W. C. T. U. HOLDS ITS FIRST REGULAR MEETING

The North Side Women's Christian Temperance union, which was organized two weeks ago by the state organizer, Mrs. George Covell, held its first regular meeting Tuesday afternoon at the home of the president, Mrs. E. C. Jennings. Fifteen members were present. Following the business session, Mrs. W. T. Graham, state superintendent of scientific temperance, spoke on "Anti-Narcotics," and Mrs. Jennings and Mrs. J. J. Specht rendered musical numbers. The officers for the new society are Mrs. S. C. Jennings, president; Mrs. W. C. Hughes, vice president; Mrs. J. J. Specht, recording secretary; Mrs. Albert H. Rathbun, corresponding secretary; Mrs. N. C. Latham, treasurer.

FUND FOR "GO-TO-CHURCH" MOVEMENT IS ASSURED

A fund of \$350 is assured for advertising and carrying on the "Go-to-Church" movement, according to reports of a meeting of the committee held at the Young Men's Christian association. Part of the money has already been contributed and the balance is positively forthcoming. Publicity Director E. F. Denton of the campaign stated.

How To Grow Long Beautiful Hair

By a Hair Specialist. It is not hard to stop the hair from falling out and promote its growth if the right means are used. There is no hope for the scalp where the hair roots are dead and the scalp is shiny. However, to those who have not reached this condition, immediate steps should be taken to stop it before it is too late. Here is a simple recipe which you can make at home, that will stop the hair from falling out, promote its growth and eradicate scalp eruptions and scalp humors. I know of cases where the hair has grown from four to five inches in a few months after using this simple recipe: To a half pint of water add 1 oz. bay rum, a small box of Barbo Compound and 1/4 oz. of glycerine, and apply to the hair, rubbing with the finger tips, two or three times a week. These ingredients can be obtained at any drug store at very little cost and mixed at home. This recipe not only promotes the growth of the hair, but darkens streaked, faded gray hair and makes it soft and glossy.—Advertisement.

CUSTOMS SHOW A DECREASE Although Amount of Goods Received is More Revenue is Less.

NEW TARIFF IS THE CAUSE More Lumber Comes from Canada and More Trees, Shrubbery and Nursery Stock Comes from France and Germany.

An excellent tone of business conditions in Omaha is shown by the marked increase in imports cleared through the port of Omaha during the month of February, which amounted to \$5,000 last month, as compared with a total of only \$2,000 for the corresponding month of 1913.

Business in every line of importation here has been stimulated by the new tariff, according to the quantity and number of consignments received from foreign countries. The customs revenue for the month, however, operating under the new democratic tariff, show a decrease of 40 per cent, in spite of the increase in the total value of the imports received through the customs office here. The customs collected for February this year amounted to only \$4,000, while the tariff operating last year yielded a total of \$11,000 during the same month, yet on a smaller total volume and valuation of imports.

Since the new tariff has become operative there has been a marked increase in lumber importations to Omaha from Canada, and also a vast increase in the quantity of shrubbery and nursery stock imported from France and portions of Germany.

Coal is Expensive Item in Keeping Up the City Hall

According to the report of Superintendent Emil Walstrom of the city hall \$29,310.41 was expended in maintenance of the city hall last year, of which \$4,972.21 was for "electric light and power and coal and sale tickets." Telephone service at the municipal castle, according to Walstrom's report, cost \$1,020.90. Salaries amounted to \$12,115.75. Recently the city commission passed a

A CORDIAL INVITATION Is extended to all Ladies of Omaha and Vicinity to Visit Our Grand Semi-Annual Display of Lace Trimmings, Embroideries and Silks On Fourth Floor Monday, March 9, to Friday, March 13, Inclusive The most complete line in the country—Immense assortments shown exclusively by us. All attractively priced. Remember there is no finer line of these goods shown in any city in the land. No expense or trouble has been spared to make this the best of all our wonderful displays. Fourth floor—Either elevator. Hours, 9 a. m. to 5 p. m. Meet your modists here. Bring your friends. HAYDEN BROS.

resolution authorizing \$16,000 repairs to the boiler plant at the city hall. City Commissioner C. H. Withnell said more than \$30,000 would be required to put it in first-class shape. Judging from a rather indefinite item in Walstrom's report the cost of coal at the city hall for the year 1913 was \$2,147.27. C. FRENCH ELECTED CLEARING HOUSE HEAD J. C. French, cashier of the Stock Yards National bank in South Omaha, was elected president of the Omaha Clearing House association at the annual meeting of that organization. Luther Drake, president of the Merchants National bank, was elected vice president of the association. W. H. Bucholz was elected a member of the committee on management. William B. Hughes was re-elected manager. A Terpid Liver gives a sallow complexion. Take Dr. King's New Life Pills and rid the system of impurities. Look healthy. 25c. All druggists.—Advertisement. C. E. Arnold, 615 North Seventeenth street, arrested Tuesday night for keeping a disorderly house, forfeited a cash bond of \$25 by his failure to appear in police court. Two women inmates also forfeited bonds of \$10 each. C. FRENCH ELECTED CLEARING HOUSE HEAD J. C.
