

Easy Way to Dust

Begin *today*, Madame, dusting the easy and *sanitary* way: Put a few drops of *3inOne* on a piece of cheese cloth. Then wipe your piano, mantel, parlor table, any varnished or veneered surface. *Every atom of dust will collect on the cloth.* Not a speck will fly around *and settle elsewhere* like it does when you use an unsanitary duster or a common dry "dusting cloth." The idea is to *collect* all the dust. That's what *3inOne* always does.

How to Polish Furniture

Put a few drops of *3inOne* on a soft cloth wrung out in cold water. Then wipe carefully any piece of varnished or veneered furniture. All grime, soil and finger marks disappear. Polish with clean, dry cheese cloth, rubbing *with* the grain of the wood. (Never rub in circles). The original lustre and beauty of the wood comes back before your eyes! *3inOne* is absolutely free from grease, acid and varnish odors. Leaves no residue to rub off on your clothes.

3inOne and a few drops of water will make your mirrors shine like new. And it keeps bright and prevents tarnish on all your bath room fixtures. In a hundred ways *3inOne* will help you keep house—"easy." Read the *3inOne* Dictionary that comes around every bottle.

FREE Try *3inOne* at our expense. Write today for a generous free sample and the *3inOne* Dictionary.

Sold at all stores in 3 size bottles: 10c (1 oz.); 25c (3 oz.); 50c (1/2 pint). Also in New Handy Oil Can (3 1/2 oz.) for 25c.

THERMOS

The Ideal Gift for All

An answer to that perplexing question "What shall I give for Christmas?" is found in Thermos, the wonderful bottle which keeps hot without fire or cold without ice. Thermos articles are beautiful, inexpensive and almost all-weather. As gifts they are light, portable, as Thermos gives comfort and pleasure to be had in no other way.

ENJOYED IN THE HOME
Every member of the family enjoys Thermos when it is used to keep hot water and other beverages scalding hot in the home.

COMFORTS THE AGED AND INFIRM
Men and women weakened by age or disease derive much comfort from Thermos, as in it, hot or cold stimulants or refreshment can be kept ever at hand.

A NECESSITY IN THE SICK ROOM
In sickness, Thermos is indispensable. Cold or hot liquids essential to the patient's comfort and welfare are kept cold or hot in Thermos, ready for instant use, thus doing away with special preparation whenever they are needed. This plan saves much work for the one in charge.

KEEPS BABIES' MILK COLD AND PURE
Thermos saves babies' lives. It is impossible for germs to develop in milk poured into a Thermos Bottle. Mothers are saved many distresses in the preparation of baby's food, day or night, by having one Thermos Bottle filled with cold milk and another with hot water and at feeding time mixing the cold milk to proper mixture by adding hot water, thus bringing both milk and water to proper feeding temperature.

THERMOS CARAFE
The Thermos Carafe is the most popular member of the Thermos family for use in homes, clubs, hotels, etc. It is beautifully finished, creating in appearance the finest silverware and makes a handsome ornament for sideboard, table or dresser. Mothers enjoy Thermos Carafes for serving hot or cold beverages at luncheon, tea, reception and other social functions. Thermos keeps liquids hot or cold for days or steaming hot for 24 hours.
