ABSTRACTERS END SESSION

Wyckoff Elected President of State Association at Lincoln.

LARGE CHECK FOR DEMOCRATS

Bull Moose Committee Already in Possession of Thirty-Six Hundred from National Committee, with More Coming.

(From a Staff Correspondent.) LINCOLN, Oct. 30.—(Special Telegram.)—The Nebraska State Abstracters' association closed its session here this afternoon and elected the following officers: President, W. W. Wyckoff, York; vice president, Vern Hedge, Lincoln; J. F. Kerr, Omaha; A. J. Shumway, Scott's Bluff; J. H. Capron, Ord; Theodore Mahm, Alma; secretary-treasurer, C. C. Sadler, Omaha.

The democrats will be well provided with cash to close the campaign in Lancaster county. Today Treasurer A. S. Tibbitts of the local Progressive Democratic league received a check for \$2,000 from the national committee. The bull moose committee has already received \$2,600, with good prospects that there will not be a lack of all that is necessary in the way of funds.

Gandy to Stay on Map. The railway commission has handed down a decision on the hearing held some two weeks ago wherein George V. Hill, acting for the people of Gandy, made complaint to the commission that the Union Pacific Railway company had built a line of road a mile and a half north of that town and had established another town called Stapleton three miles from Gandy and had refused to erect and maintain depot facilities at Gandy or any place near the town.

They set forth that Gandy had been established as a town for twenty years and was the county seat of the county, with a court house and that the bulk of the farming trade for the new town of Stapleton would have to pass through Gandy to reach the new town and for that reason the road should maintain facilities for taking on and off freight, express and passengers at Gandy.

The railway company said that there was no good location for a depot on the line of road nearer Gandy than the new town and that since the road had been built that the people of Gandy were moving their residences and business places to Stapleton and that it would be unreasonable to expect that the company would erect and maintain two depots within a mile and a half of each other.

Commissioner Whinnit, in writing the opinion, said that the commission would uphold the complaint of the people of Gandy and that the company must erect a small depot building in the most convenient place nearest to Gandy and maintain facilities necessary to the people of the town.

Losses Three Thousand Dollars. A Lincoln man sold some property yesterday and taking the proceeds, amounting to more than \$3,000, went to a Lincoln wet goods emporium and proceeded to whomp'er up for Wilson, offering to bet all he had on the New Jersey governor. He displayed his roll so openly that a little later it disappeared. Everybody in the saloon was loaded into the trolley wagon and taken to the police station, but a search of their respective persons failed to discover the money.

Rounds Found Guilty. William S. Rounds, the man who received from the City National bank of Lincoln \$200 on a check drawn on the Omaha National bank and who has been tried in the Lancaster county district court, was found guilty yesterday by the jury. Rounds was arrested during the state fair and charged with presenting a check at the City National bank for \$200 drawn on the account of Mary Suttman at the Omaha National bank. The check was sent to Omaha and paid by the Omaha National, Rounds getting the money a few days later. The check was payable to one Clark and was endorsed that way, Rounds' defense was an alibi, he producing two affidavits from men in Kansas City showing that he was in that city during the time he was charged with doing the work in Lincoln.

Bad Luck Pursues Him. Tough luck seems to follow some men and during the last year has been camping on the trail of T. J. Doody, a former guard at the penitentiary. It will be remembered that at the time of the outbreak at that institution last March Doody was badly wounded by one of the escaping prisoners. Later he was discharged from the institution and has been living in Lincoln. The other day while walking down the street he recognized a man who had escaped from the penitentiary while he was a guard and pulled him in. Now he has applied for the reward which is generally paid for the capture of escaped convicts and has been informed in this case no reward was offered.

Guard Company Inspected. The Nebraska City company of the National Guard was inspected Tuesday night by Adjutant General Phelps and Major Lewis Gage. The company showed up in fine shape, having forty-one of its forty-seven members present.

Lieutenant L. R. Hammond of Fremont has been discharged from the service of the state as an officer of the engineering corps at Fremont on account of absence from the state.

State Engineer D. D. Price has gone to Arapahoe to investigate a proposition of the Gearhart & Benson Milling company for the use of 100 cubic feet of water from the Republican river to be used for power purposes to run their mill.

NEBRASKA MAN VICTIM OF FEUD IN COLORADO

BROKEN BOW, Neb., Oct. 30.—(Special.)—D. W. Lanterman of this city has just returned from Washington county, Colorado, bringing with him an account of the recent killing of his son Stewart, a former Broken Bow boy. It appears that a feud had existed between Blaine Lanterman, a younger brother, and George W. Terry, a ranchman of that vicinity, and Stewart had espoused his brother's cause. According to testimony introduced at the coroner's inquest on the day of the tragedy Stewart and nine other men were at work on a bridge near the Lanterman homestead. As they were about to knock off work Terry appeared upon the scene and commenced shooting at Lanterman with a rifle. At the first shot Lanterman was wounded in the hip, the second shot missing him. Terry then dodged around the buggy that Lanterman was making for and again shot him. This time through the stomach. Lanterman staggered to the vehicle, picked up a .38-caliber revolver, both of them fired two shots at Terry, both of them slightly wounding him. Terry then shot Lanterman's left arm off. At this Lanterman started to retreat, but another shot struck him in the back, killing him instantly. Terry then walked up to the body and thrust the muzzle of his rifle forward, again firing, blowing the top of Lanterman's head off. Terry was arrested and placed in jail at Akron. The body of Lanterman was taken to Fort Morgan and interred.

DOANE TIGERS IN POOR SHAPE FOR HASTINGS GAME

CRETE, Neb., Oct. 28.—(Special Telegram.)—Doane came out of the game with Grand Island none the better for it, and although the Hastings aggregation is loped out as one of the easiest of the season, there will be no walkaway next Friday when the two teams meet. Captain Adams and Quarterback Krebs are both nursing badly bruised shoulders. Krebs probably being out of the game for a week or so. Goble, who has been having trouble with his shoulder and hip for some time, is more crippled than ever and Harris is taking his position at full and will probably play next Friday. Medlar also got a bad wrench in his back in scrimmage Tuesday so that the whole back field is rather out of condition. Wisbart, guard, received a bad kick in the Grand Island game that will keep him out on the hospital list for some time. Mickle, sub quarter, and Johnston at center, will play Friday, and in all probability practically the entire scrub team will be put in against Hastings, as it will be able to do as much as the varsity can in its crippled condition. The varsity will start the game, but they will not play over half of the game. The score will probably be low and the game fought out on fairly even terms, since Doane will not be able to even approximate the strength that it would have were its team in prime condition. Coach Johnson is worrying considerably over the prospect of the university game next week and fears that Doane will not be able to do much against the Lincoln eleven.

BIG ORCHARD ROBBED BY GANG OF PICKERS

NEBRASKA CITY, Oct. 30.—(Special.)—Paul Winton purchased the apples in a number of orchards and had a large force gathering, barreling and shipping them as fast as possible. He went to one of the orchards to begin work, on which he had paid a forfeit of \$50 and was to pay the remainder when the fruit was gathered. He found the orchard to be bare and the owner of the same wanted him to settle for the fruit, stating that a force of men had picked and hauled the apples away two days before. He did not know who the men were, but they came and represented they had been sent by Mr. Winton. The officers are looking for the guilty parties. This is not the first orchard that has been robbed in this manner in this and the adjoining county this fall. The crop was a large one and was quite valuable.

Notes from Rushville. RUSHVILLE, Neb., Oct. 30.—(Special.)—The house of S. D. Fitzer, who lives about three miles northeast of Rushville, was burned to the ground yesterday. He had been out to Oregon, and while there suffered a stroke of paralysis. This was followed by another, and he was brought home from Hot Springs, S. D., where he went for his health.
