## When the Old Court House Is Torn Down

the Court House Block will be the most attractive in the city. The county and city buildings will be the center of the commercial activity of the city. On this account, in choosing an office location, it will be well for you to select

## THE BEE BUILDING

We make no extra charges for service. The price of office includes light and water.

**Suite 230-232**—Fronts on 17th street and opens out on the wide corridor surrounding the magnificent court to the building. This space is especially well suited for an office where a large work room and privacy are required. Room 230 is 9x19 and Room 232 is 12 1/2 x 22 and in addition has a large fire-proof vault where stationery, etc. can be stored. This 107 square feet of floor space rents for, per mo., **\$50.00**

**Room 224**—Is partitioned into three rooms affording two private offices and a reception room. This space would be well suited for a physician and dentist, or any two tenants who could use the reception room in common. There is a total of 590 square feet of floor space, the private offices being about 9 by 14 feet each. Partitions would be changed to suit permanent tenant. Price, per month, **\$45.00**

**Room 406**—This large room in the southwest corner of 4th floor, facing Farnam street, will not be vacant long as we intend putting the partitions in to suit tenant. This office is 19 1/2 x 26 1/2 feet in size and has good sized vault in one corner. There are five big windows so there is an abundance of light and the location could not be excelled for comfort during the cold winter days coming. Price, per month, **\$50.00**

We have a selection of small offices, ranging from \$15.00 a month up, from which to choose. Ask us to show you the rooms and give you further particulars.

**J. HELPHAND CLOTHING CO.** 314 NORTH 16TH ST., 16TH NEAR CHICAGO ST.

## LARGEST BASE BURNER THE HOWE VENTILATOR

The immense size is not the principal feature of the Howe Ventilator. The principal feature is that it has a double heating, ventilating and circulating system in one stove and is the only baseburner in the world that has. It is made different from other baseburners and is in a class by itself. It expands the heat more than double and will make \$10 hard coal cost \$5, or it will heat twice the room with the same coal that any other Base Burner will. It is the only Base Burner in the world that has a double base, radiating twice the heat to the floor that any other will. It is the only Base Burner made that has hot air flues on the sides opposite the ash pan where others don't. It is the only Base Burner made that has a five flue double heating system when no other made has more than two. The Howe Ventilator, due to its enormous size and circulating system will heat an eight room house up and down stairs and keep it warm day and night. Your house will be as warm in the morning when you get up as it was in the evening when you retired. It is made in six parts so that one man can handle it. We sell it on small monthly payments or a cut price for cash.

## STOETZEL STOVE COMPANY

714 South 16th Street

## Change in Time Card
