## VOTE IN CALIFORNIA TO BE PROTESTED BY WILSON'S MANAGERS

Roosevelt Has Lead of Seven Hundred, with Seventy Small Precincts Not Reported.

### ONE T. R. ELECTOR SCRATCHED

Wallace, Who Heads Ticket, May Be Defeated by Voters.

### MANY CORRECTIONS IN COUNT

Final Disposition of Votes May Go to the Courts.

### DEMOCRATS CLAIMING FRAUDS

State Central Committee Offers Five Thousand Dollars for Evidence in Every Case Leading to Conviction.

SAN FRANCISCO, Nov. 8.—With seventy small precincts to hear from the vote of California on presidential as follows: Roosevelt, 251,559; Wilson, 250,618. Roosevelt plurality, 741. These totals were compiled today from corrected official returns from the county seats. The seventy-nine precincts remaining unreported are all in remote regions. It is probable that the vote of many of them will not be known before the official canvass.

Not all of the Roosevelt electors, however, may have won. The name of Lieutenant Governor Albert J. Wallace, which headed his electoral ticket, was scratched by many voters, presumably because of his course in commuting the death sentences of murderers while in acting governor.

In many instances it is said Wallace's name was actually pencilled off the ballot. Attorney General Webb has rendered an opinion that such ballots were thereby invalidated.

Acting upon this opinion, the democratic managers have announced that if the final returns leave Roosevelt still in the lead they will challenge the vote of Los Angeles county, where the progressives rolled up their heaviest plurality and where Wallace ran behind the other Roosevelt electors.

Surprises in Late Returns. Wilson and Roosevelt alternated in the lead early in the day, when the mountain precincts began, to struggle in bringing with them many surprises in the way of reversals from expected results. Toward evening Roosevelt began to draw away, his margin being augmented by several corrections of totals from county seats, based upon complete and official returns.

The final disposition of California's thirteen electoral votes may be decided by the courts. Democratic managers, in the announcement of their determination to challenge the Los Angeles county vote in the event of a Roosevelt victory on the informal count, declared their action based not only on the alleged counting of progressive ballots invalidated by pencil scratches, but on alleged errors and irregularities of republican judges of election in excluding valid democratic ballots.

Reward for Finding Fraud. James D. Phelan and Rudolph Spreckels authorized the democratic state central committee late today to offer a reward of \$5,000 to anyone supplying evidence leading to the conviction of any person leading to a charge of perpetrating election fraud. According to the terms of the offer, this reward will be paid for each individual conviction.

## INDIANA MAN CHARGED WITH MURDER OF FATHER

GREENFIELD, Ind., Nov. 8.—Charged with shooting and killing his father, Dr. A. A. Stuart, aged 68, at Fortville, near here, last night, Guy Stuart, his son, was placed in jail here today by Sheriff Jesse Cox. Reports that the son had confessed to the shooting were denied by the sheriff.

"You didn't see the shooting, did you, Guy?" Sheriff Cox said he asked the prisoner, who replied: "I wouldn't tell you if I did." Cox said that was the only reference made to the crime.

Dr. Stuart heard some one at the back door just after he had gone to bed. He began an investigation and saw a man running down the back yard. He called on the man to stop and his answer was a bullet. Dr. Stuart declared it was not his son, with whom he had had trouble, who did the shooting. Dr. Stuart was a widely known physician. The prisoner is 25 years old.

## Illinois Moosers May Get a Senator in a Deal With Democrats

CHICAGO, Nov. 8.—Sufficient democratic strength in the Illinois legislature to enable that party to elect two senators to succeed Cullum and Lorimer appeared as a possibility today with the increase of democratic votes from southern counties.

Though returns were so slow that neither party would risk a definite prediction, the democrats were hopeful that late results would give them seventy-seven representatives and twenty-seven senators, a total of 104—one more than a majority—on joint ballot.

Falling short of a majority the democrats may find themselves compelled to appeal to the progressives for consideration, which might give the progressives an opportunity to name a United States senator for the short term.

Medill McCormick, a progressive wheel horse, it was said today might get his party's backing despite the fact that Frank Funk, defeated candidate for governor, has announced his candidacy.

Governor Wilson's plurality in Illinois continued to mount today as returns from the precincts missing last night filtered in. Twenty-four scattered returns gave a net gain of 1,531 votes to the president-elect and increased his known lead over Theodore Roosevelt to 15,872. Only seventeen precincts remain in the uncounted column.

## Mine Operators Sue the Officials of the Miners' Union

CHARLESTON, W. Va., Nov. 8.—Seven suits asking damages in the aggregate of \$75,000 have been filed in the federal court for the southern district of West Virginia against non-resident officers of the United Mine Workers of America and in the circuit court of Kanawha county against local officers of the miners' union by coal companies, whose mines were closed by the strike in the Kanawha coal fields.

The plaintiffs charge unlawful interference with the operation of their mines, intimidation of miners and destruction of property.

The defendants include President John P. White of the United Mine Workers of America, Vice President Frank J. Hayes, Secretary Edward Perry, Charles Venetta and D. Davis of Illinois, A. R. Watkins and Marco Roman of Ohio, Charles Bartlett and D. A. Tranter of Missouri, Robert Gaffney and William Diamond of Michigan, Frank Ramage and George Hargrave of Indiana.

## Alleged Murderer Taken from Jail and Hanged by a Mob

STEELE, N. D., Nov. 8.—George Baker, in the Kinder county jail here, charged with the murder of his wife and father-in-law, Thomas Glass, was taken from his cell today and lynched by a mob. It is the first lynching in North Dakota within a decade.

One week ago Baker returned from California where he had been living and where his wife had preceded him by about two weeks to Dawson, N. D. Entering the home of Mr. Glass he opened fire, killing both his wife and father-in-law. The shooting is said to have been the result of family trouble.

## BULGARIANS READY TO STORM GATES OF CONSTANTINOPLE

Report from Vienna Says Informal Negotiations for Surrender of City Are in Progress.

### BREAK IN THE LAST LINE

Several Forts in Line of Tchatalji Are Carried.

### UNITED STATES SENDS WARSHIPS

Tennessee and Montana Go to Protect Citizens of This Country.

### RUSSIA IS ON WAR FOOTING

Czar Decides to Hold All Time-Expired Soldiers in Army Until Next Spring—Greeks Will Take Saloniki.

VIENNA, Nov. 8.—Informal negotiations for the surrender of Constantinople have been already entered upon, according to the correspondent of the Reichspost, with the Bulgarian army. He adds that the Bulgarians hope the fall of the Turkish line of forts at Tchatalji will be simultaneous with the capture of the fortress of Adrianople.

The correspondent adds that the Turkish troops have been repulsed from the principal points of the Tchatalji line, the fall of which is expected immediately.

The Turkish advance posts on the right wing opposite the fort of Deliyunus have been captured already by Bulgarian troops belonging to the third column and their posts form excellent bases for pushing home attacks on the other lines.

According to prisoners, the correspondent adds, Typhus has broken out in Adrianople and is causing great devastation among the defending forces. There are already several thousand cases of sickness and horrible tales are heard of the trouble arising from the lack of doctors in the besieged city.

In spite of numerous losses there are still 40,000 to 50,000 men engaged in the defense of the city, and although there are several Turkish healers in the city there is not a single doctor who has received a European education.

Although the Turkish are physically strong and habituated to privation, hunger and illness are doing more damage than is the enemy.

The commander of the Bulgarian investing force is fixing his attention on the complete encircling of the city and he does not contemplate making a forced conquest of the fortress.

United States Sends Warships. WASHINGTON, Nov. 8.—Two big armored cruisers, the Tennessee and the Montana, have been given rush orders to proceed to Turkish waters to look after the interests of American citizens.

The first disposition of the State department has been to refrain from sending any American warships to the Bosphorus, for the double reason that their appearance might be taken as an evidence of American participation in the great political questions involved in the present Balkan war and its settlement; also that so rapid has been the progress of the war that probably the ships could not reach Constantinople in time to be of any service.

Since the president's return from Cincinnati, however, and after a conference with the State department officials, the fact was demonstrated that American naval vessels could be employed as places of refuge for American citizens in Turkey in case of general anarchy or the existence of conditions of disorder, beyond the control of the military commanders on both sides. There is ample precedent for doing this without laying the government open to the charge that any political purpose is to be served or that there is an intention to intervene between the belligerents, even to the extent of participation in an international naval demonstration before Constantinople.

The Tennessee and Montana are sister ships of 1,500 tons displacement and are among the speediest large vessels in the navy, being rated at 23 1/2 knots.

The new revenue cutter Unalga, Captain Crisp, a fine vessel of 1,100 tons, with a crew of seventy men and a battery of three-inch guns, is today at Port Said, at the western entrance of the Suez canal, and may be recalled from its voyage through the Red sea to California to serve as a refuge for any distressed Americans in Turkish waters. It is said that it can reach Constantinople, if directed to do so, in the course of two or three days.

## Concern Badly Out of Tune.

PARIS, Nov. 8.—The two groups of European powers known as the triple alliance and the triple entente, which together compose the so-called concert of Europe, found themselves today badly out of tune over the rupture between Serbia and Austria on the question of Serbian access to the Adriatic sea.

## Industrial Worker Will Be Deported

SAN DIEGO, Cal., Nov. 8.—Robert Gosden, industrial worker of the World agitator, who has been in the local jail awaiting deportation since last February, has been taken north in charge of immigration inspectors, to be turned over to the Canadian authorities. Gosden, who claimed he was a Canadian subject, was tried here and found guilty of an assault on a patrolman, being released on probation. Immigration officers then arrested him as an undesirable alien and ordered his deportation.

## Roosevelt Adopts Policy of Silence

NEW YORK, Nov. 8.—Colonel Roosevelt motored to New York from Oyster Bay today and visited his editorial office for the first time since he was shot. He said that he had adopted a policy of silence and had no further comment to make on the election. He was feeling fine, he said, and had almost forgotten there was a bullet in his chest.

## Bandits Take Large Sum from Mail Car

BIRMINGHAM, Ala., Nov. 8.—Loot of \$40,000 is said to have fallen to bandits who robbed a south-bound express train on the Louisville & Nashville railroad at Blount Springs early today. They entered the mail car, awed the clerks by a flourish of revolvers, took possession of several registered mail pouches, then signaled for the engineer to stop the train and escaped in the country a few miles north of Birmingham. Posses are on their trail.

MONTGOMERY, Ala., Nov. 8.—Clerks working in the mail car of a Louisville & Nashville train which was rifled by two bandits north of Birmingham reported to Postoffice Inspector Breunton that they did not believe much money was taken. One of the clerks, James M. Chamberlain, said the robbers appeared disinterested after their search of the mail bags and compelled Chamberlain and another clerk to give up their pocket cash and watches. None of the train's passengers was molested.

## Foundation is Laid.

"Our party is not going to die, nor let run to seed. The foundation for a great party is laid, and from now on we are going to spread the gospel of reform from ocean to ocean and from the British line on the north to the gulf on the south. We have the principles to work for and to work out and four years hence we will sweep the country."

"The republican party is a dead one. It has ceased to exist and henceforth there will be but two parties in this country—the progressive and the democratic, the latter working along lines separate and distinct from those of the past and slightly progressive."

Slaughtered by Friends. "Taft should have carried more states, but the trouble was that he was slaughtered by his friends in the fear that Colonel Roosevelt would be elected."

## Governor Johnson Elated

Declares Great Victory Has Been Won by Progressive Party. SAYS REPUBLICANISM IS DEAD

Declares Fight Was Not Directed Against Taft, but Against the Principles of the Party. He Stands For.

"The progressive party has won the greatest victory in the history of political organizations of the United States," said Governor Johnson of California, the defeated candidate for vice president on the bull moose ticket. The governor was a passenger on the Northwestern-Union Pacific on his way home from the east.

"While we did not elect a progressive to the office of president, we have put upon its feet a party that is to endure for all time. When you stop to consider that two months prior to the election, the progressive party had no identity as a party and that on election day our candidates for president and vice president were second in the number of votes secured in electoral college, and also second in the list in the number of popular votes cast, we have made a most remarkable record."

"Our party is not going to die, nor let run to seed. The foundation for a great party is laid, and from now on we are going to spread the gospel of reform from ocean to ocean and from the British line on the north to the gulf on the south. We have the principles to work for and to work out and four years hence we will sweep the country."

## Wilson Continues to Gain

Uncertainty as to Illinois and California Eliminated.

## None Has the Popular Vote

MINNESOTA GOES FOR THE COLONEL—MAKES GAIN OF TWENTY-ELECTORS, BUT LOSES TWENTY-NINE IN ILLINOIS.

NEW YORK, Nov. 8.—Uncertainty as to the electoral choice of California and Illinois as developed by belated returns from both states, was the chief point of interest today, although the counting of ballots in several doubtful states still was under way.

That Illinois is safely in the Wilson column was indicated early in the evening, but California, which had been claimed by the democrats shortly after the closing of the polls, wavered for a short time toward the progressive ranks.

The Wilson plurality, however, early in the evening again started upward as results came in from remote precincts which are usually democratic and the Wilson lead seemed safe.

After apparently holding Illinois for nearly forty hours from the time the polls closed, Colonel Roosevelt lost his twenty-nine electoral votes late in the day, when the assembling of statewide returns showed a definite victory for Governor Wilson.

Wilson Loses Popular Vote. On the strength of incomplete returns as to the popular vote for Wilson, Roosevelt and Taft, the estimate was made tonight that Governor Wilson would not have a majority of all votes cast.

In many states the popular vote has been only roughly estimated thus far, but the reports indicate that the combined vote of Roosevelt and Taft will be approximately 1,000,000 more than the vote for Governor Wilson.

The figures will be materially changed by the final count, but it is expected the proportion for each candidate will not vary greatly.

The preliminary count gives Wilson approximately 46 per cent of the vote; Roosevelt, 29 per cent, and Taft, 25 per cent. The total vote thus far reported is less than in 1908, while official returns are expected to bring it above these figures. In 1908, out of a combined vote of 14,530,858 cast for Taft and Bryan, President Taft received over 64 per cent.

Reports from Minnesota today confirmed the claim of Roosevelt to the twelve electoral votes of that state. The Wilson victory claimed on the earlier returns had become doubtful last night as the count progressed. Latest returns today with many precincts still to be heard from, gave Roosevelt an apparently safe plurality.

The victory for Wilson in New Hampshire did not carry with it control of the state legislature, where the republicans again have a majority on joint ballot and will dictate the selection of a United States senator.

Roby Held Not Guilty. ABERDEEN, S. D., Nov. 8.—In the case of the state against W. B. Roby, charged with embezzlement of \$47,000 from the South Dakota Farmers' Elevator company, while acting as manager, the jury returned a verdict of not guilty today. The defense was that Roby lost money in speculation for the company.

## Teachers Wind Up State Convention

Setting New Mark

This Year's Attendance is Largest in the History of the Nebraska Association.

REGISTRATION REACHES 5,800

Meeting Closes Last Evening with a Big Meeting in Auditorium.

VISITORS ARE WELL PLEASED

Unanimous in Expressing Appreciation of Hospitality of Omaha.

SCORES OF MEETINGS ARE HELD

Fine Weather Prevails Throughout the Convention Days and Every Body Has Been Pleasantly Entertained.

The biggest convention Omaha ever entertained—the teachers of this and neighboring states—closed with a program in the Auditorium last night. The registration reached 5,800 and it is estimated that at least 1,000 others are visiting here with the teachers. The registration is 1,700 in excess of the attendance at any other convention held by the state teachers.

Teachers are unanimous in expressions of appreciation for the entertainment they have received. Hotels have all been crowded and 1,300 have been furnished rooms in residence districts.

Scores of meetings have been held daily, prominent educators from all parts of the nation have spoken and amusements have been generously provided.

Fine weather has prevailed throughout the convention and the program was so carefully worked out that there have been no conflicts, no hitch in the proceedings, and no vacant chairs at any sectional or general session.

Miss McHugh Talks. Miss KAN A. McHugh, principal of the Omaha High school, in an address Thursday afternoon before the high school division of the Nebraska State Teachers' association, advocated the development and disciplining of character and the making of men in the high schools rather than the creation of commercial machines.

This was Miss McHugh's first public address since she became principal of the Omaha High school. She spoke from the experience of long service, during which she has studied the development of character in boys and girls and had concluded that the highest aim of the profession should be to so discipline and instruct the pupils that they would leave school with a strong, distinct and upright character—not fitted, merely, to earn a living.

She said it would naturally follow that the student who had received a proper training tending toward the building of a righteous manhood and a virtuous womanhood will be capable of standing at least shoulder-level with the crowd and winning a way.

C. B. Cornell of Lincoln discussed economy in the purchase of school supplies and Dean Charles H. Judd addressed the section on the subject, "Teaching High School Students How to Study."

Notes of the Convention. Lulu Wolford of Pawnee City, who is attending the convention, says she is having the time of her life here and says there are more real teachers in the state of Nebraska than in any other state in the union.

W. Walpole Bell of England, who is stopping at the Rome hotel, says he never saw so many good-looking schoolma'ams in his life. He is thinking of sending his children to this country for an education.

Over 200 students from Beatrice joined their teachers in Omaha and took in the game between Omaha and Beatrice High schools for the state championship at Rourke park.

Miss Emma Hughes of the Wayne High school is strongly in favor of Omaha for a permanent meeting place for the Nebraska State Teachers' association.

Miss Ruth Waterborn of Fremont, who is one of the prominent figures at the meeting, can't see anything in Omaha that is not the best ever.

Miss Alice Crozier of the Union High school is going to stay in Omaha over Sunday. She just "hates to leave Omaha."

N. T. Stackdale of Chadron favors Omaha for the 1913 meeting.

Mrs. Elizabeth A. Smith, nee O'Linn, of Chadron, elected first vice president of the State Library association at Lincoln last week, is in attendance at the teachers' association this week. Also visiting friends and shopping. Mrs. Smith being an ex-teacher and being the delegate from the Nebraska Woman's club to the National Educational convention last July, she keeps in touch with all educational matters. She says she finds more real work and less politics in the Nebraska than the national association.
