STIEHM IS NOT DECEIVED

Nebraska Coach Returns from Kansas-Washburn Game. LOOKS TO BE JAYHAWKS BRACE Does Not Believe for Moment that Coach Moose Has Such Poor Team as Season's Score Would Indicate.

LINCOLN, Nov. 12.—(Special.)—Stiehm began his preparations for the Jayhawkers this evening with a secret signal practice. The Nebraska mentor put the lid down tight on all spectators and the Cornhuskers performed until dusk.

Kansas did not uncover a single play which would have been to the advantage of the Cornhuskers against Kansas next Saturday. Stiehm looks for a hard fight and says that the single touchdown.

LAWRENCE, Kan., Nov. 12.—Facing their defeat of the last two weeks by Washburn and the Oklahoma university to inadequate punting, the Kansas university football team set about today to develop a man who may be depended upon to boot the ball at least forty yards before the game with the University of Nebraska next Saturday.

Coaches announced that the team would be put through the toughest grilling of the season before they journey to Lincoln, and the team's supporters expressed confidence that another punter, Smith at Delaney, a youth whose kicking gained fame for himself and Kansas throughout the middle west last year, again could be produced this season.

MANY FROM OMAHA TO SEE NEBRASKA-KANSAS GAME

The sale of tickets for the Nebraska-Kansas game at Lincoln next Saturday has been large. Orders at Lincoln exceeded those for any other game between these two elevens. In Omaha, reservations are being made at the Unit-Doekal drug store, seventeenth and Farnam streets.

By a special arrangement the block of Omaha seats will be held over until after Wednesday evening. All who wish seats must get them at Unit & Doekal's before Thursday, since the block will be returned to Manager Guy Reed at Lincoln.

Bowling Notes.

What has become of that E cente the City association had in its treasury? A 600 score or better four times in a row is the result of Eddie Christensen doing his ball. Lead ten, bowlers.

The Hinchey Laundry team has lost twelve straight games. The laundry is all right, but the boys are in a lull.

Wann Hansen is now throwing a hook ball. He throws a Chicago hook on the first ball, and the St. Paul backup on the second ball.

That forgotten voice of Drummy's is missed this season. He says that he has one all sports out. "When is it coming out, Drummy?"

Just wait until the Popel-Gillers and Clara Belles meet. That is when all friendship ceases, a big event will come off Tuesday night, November 18.

Schneider had a chance to get his name on the pages of history in his first game Monday night, but his pins went out. He had 30 pitched, but he got a split in the fourth frame.

The Boyce's Crackerjacks have lost twelve straight games. They will have to remove some of that molasses from their fingers so that the balls won't stick to their hands.

"Dad" Clark would like to know why the Hinchey Laundry team, the tail-enders of the Magic City league, have to give the boys a "big" game.

The position of the Peterson's Kandy Kids is becoming quite shaky. By losing three straight last week, and the winding streak broken by Jetter's Gold Tops, the run-bon boys gaily have a lead of one game.

Omaha stands a much better chance of making the Midwest tournament a success in 1913 than they did in 1912. This time next year Omaha will have fifteen leagues with a membership of 150 teams. Before the 1912 tournament we only had 12 leagues. There is talk of bringing the tournament here next year.

In a special match Sunday afternoon Hamlet defeated Conrad thirty-three pins. Conrad had a lead of 120 pins on the first six games, but Hamlet came up strong and the last four and picked up the 120 pins thirty-three-pin margin. They will play another ten-pin game match next Sunday afternoon.

Here's a chance for the Metz. Pete Peterson challenges them for a game with his Kandy Kids. Total pins to point and the Metz has played on Gary's alley or any alley other than the association alleys. There is a popular feeling amongst many bowlers that the Metz can't bow off their pet alleys. It is now up to them to disprove this theory.

Ames is Rounding To for Iowa Game

AMES, Ia., Nov. 12.—(Special.)—Ames is rapidly preparing for the Iowa game Saturday. For the first time in several weeks the regular lineup will enter practically intact. Crawford, left guard, who is suffering from a dislocated wrist, will be the only regular unfit to play. Weyranch, the star right halfback, will be absent for several days on stock judging tryouts, but will be ready to play Saturday. Cowan, who was given a trial at right end against Cornell, made good and will probably replace Nagle for the balance of the season. Cowan is not so fast, but is taller, better at breaking up interference and superior at tackling; moreover he has shown great form as a long distance punter.

Ames is afraid of the Iowa backs. Parsons, Dick and Curry, all of whom have shown great ability this year. Hanson is also feared on fake punts. However, their great line of last year will be mostly missing.

Enthusiasm is already working great heights at Ames. A monstrous "Great Iowa" electric sign has been erected on top of the engineering hall and is visible for several miles. A great homecoming for alumni will be held on Friday before the game.

DRY LAND FARMS BRING BIG RETURNS TO OWNERS

SIDNEY, Neb., Nov. 12.—(Special Telegram.)—Reports from the dry land farms, north of Sidney, are proving a bonanza for the farmers. Jacob Eckert just finished digging fifty acres of potatoes, which went 16 bushels to the acre, netting him about \$45 an acre. The potato crop on the dry lands will average 120 bushels to the acre and land in Mr. Eckert's vicinity is selling at only \$30 an acre. The flax and wheat crops have paid the price of the land in one year.

Class A Magnates Will Make Fight on Salary Limit

MILWAUKEE, Wis., Nov. 12.—Magnates of the class AA and class A leagues will fight an attempt by the National Association of Minor Leagues to set a salary limit which would impair the quality of the game they are showing patrons. This they announced today when President M. H. Sexton of the organization called the annual meeting to order.

The apparent diversion of opinion among the attending delegates over the salary question presaged a wrangle. None of the officers of the association was confident that the salary limit question would be settled without a fight and talk of a sliding scale of salary limits proportioned to the waiver and release prices of the various leagues, grew.

Today's meeting lasted only while the president called to read the report of Secretary J. H. Farrell, the minutes of the last meeting in abbreviated form and appointed several committees. It then adjourned until tonight or tomorrow. President Sexton predicted that before adjournment a salary limit would be set for each class. He declared in speaking of the class AA and A organizations that there was no intention of handicapping them by imposing a small limit and said that only a limit agreeable to all would be adopted.

A special effort will be made to satisfy the two larger organizations, as it is realized that if a sudden reduction is made there would be trouble, because the two leagues are using mostly high-priced staffs from the majors.

REPORT OF SECRETARY FARRELL

AUBURN, N. Y., Nov. 12.—The report of Secretary John H. Farrell for the last year, to be presented at the annual meeting of the National Association of Professional Base Ball Leagues in Milwaukee shows that the present association comprises forty-seven leagues, embracing 22 towns and cities of the United States and Canada.

The report says 9,367 players' contracts were promulgated; 1,729 "terms accepted" were examined and promulgated; 1,168 players were reported released by purchase between National association clubs; 131 optional agreements were approved; 105 optional agreements were executed; 1,435 players were reported released; 248 players were reported for suspension; 235 players were reinstated; one player was

American Pitching Averages

CHICAGO, Ill., Nov. 12.—Although Joe Wood, the hero of the world's series, tops the list of pitchers in the 1912 American league averages, issued tonight, Walter Johnson, of the Washington club, probably is the leading pitcher of the season.

In games won and lost, Wood excels Johnson, but the Washington pitcher worked in seven more games than did Wood. Johnson struck out 303 men in 336 innings—the season's record—and held 1,313 op-

posing batsmen to eighty-nine runs. Wood pitched 344 innings in forty-three games during which 194 runs were scored off him. He struck out 358 batters. The Boston pitcher won thirty-four out of thirty-nine games, while Johnson won thirty-two out of forty-four, besides playing two ties.

Edward Walsh, of the Chicago club, was the workhorse of the season. He pitched in sixty-two games, twelve more than any pitcher in the league. The averages follow:

Table with columns: Name, Club, Games, Wins, Losses, Earned Runs, Hits by Bats, Runs on Bats, Strike Out, Wild Pitch, Walks, Left, Taken Out, Percentage. Lists players like Wood, Johnson, Walsh, etc.

Miller is Out of Creighton Lineup

Creighton hopes of a decisive victory over Tarkio college when the two meet on Creighton field next Saturday suffered a severe shakeup Monday, when it was learned that Quarterback Miller, the mainstay of the team, would be out of the game.

In making an end run last Saturday against Omaha university Miller had his ankle wrenched, but continued in the game. Each play increased the pain from the injured member, and finally in the last quarter B. Levey took Miller's place. Miller had to be carried up the hill, and went home on crutches, which he is still using.

The injury has been diagnosed as a severe wrench, and Dr. Urdiel, team physician, says he will be unable to get into the Thanksgiving game with South Dakota.

HOPPE WINS FIRST GAME IN CHAMPIONSHIP MATCH

NEW YORK, Nov. 12.—Willie Hoppe of this city tonight defeated Harry P. Cline, formerly of Philadelphia but now of New York, by a score of 500 to 290 in the first game of the tournament for the world's professional championship 15.2 ball line billiard title.

Hoppe failed to score in his first three innings, but in the fifth ran 84 by splendid all-around billiards. In the eleventh he added 111 to his score, falling to get the balls out of balk on his 112th shot. He fell away on his playing toward the end of the game, running off the required 500 points in his forty-fourth inning.

Cline was nervous and did not show to advantage at any stage. The score: Hoppe, 500; average, 11.54-4; high run, 111, 84, 49. Cline, 290; average, 6.54-3; high runs, 25, 24, 20.

WELCH REGAINS TITLE OF GREAT BRITAIN'S CHAMPION

LONDON, Nov. 12.—Fred Welch, the English lightweight, regained his title of lightweight champion of Great Britain in a twenty-round fight tonight with Matt Wells, British title holder. The fight went the full distance, Welch winning on points.

A great crowd gathered in the national sporting club and witnessed a clever bout, in which honors were fairly even throughout. Welch was a slight favorite in the betting. There was some holding, and the referee several times cautioned the men to box cleanly.

Testimony Hits Both Sides in Ettor Trial

SALEM, Mass., Nov. 12.—Two surprises one for the defense and one for the Commonwealth, came in the Ettor-Giovannitti-Carusu murder trial today when Thomas H. Kanada, former employe of the Lawrence textile mills, brought from Cleveland by the prosecution, testified that he saw the defendant, Joseph Caruso, stab Policeman Oscar Benoit in the back during the riot, in which Anna Lopez was killed, and also that he saw Policeman Marshall of Lawrence at that time with a revolver in his hand.

Kanada, a young man, who said he had kept his knowledge of the stabbing secret so long because he did not want to testify unless compelled to, caused a stir in the court room. Rosa Caruso, wife of the defendant, bursting into tears, immediately left the court room.

Culls from the Wires

All hope of floating the stranded liner Royal George has been dashed by its owners, the Canadian Northern Railroad company.

Continued activity of rebels in the state of Chihuahua has led to the dispatching from Mexico City of 1,000 federal troops to operate in the rebel-infested zone.

At the closing session of the Farmers' National convention in New Orleans steps were taken toward devising a plan for the uniform warehousing of all farm products.

Attorney General Wickham, it was learned today, will not retry the criminal attorney, the witness said he had seen the lines of the latter road, but to carry its business into all stations of the entire New Haven system.

Efforts of the newly formed Jefferson Monticello Memorial association to get the government to purchase the old Thomas Jefferson home will prove useless, according to a statement made by Congressman Jefferson M. Levy, owner of the property, which is located near Charlottesville, Va.

English Commission Would Make Divorce More Easy to Secure

LONDON, Nov. 12.—The royal commission on divorce, which has been investigating this subject for several years, has made public the result of its inquiries. The majority report recommends that the two sexes be placed on an equality before the law with regard to the grounds for divorce, which shall be adultery, desertion for three years, incurable insanity after five years confinement and incurable drunkenness, found incurable after three years.

After the issuance of the first separation order it is recommended that all divorce cases shall be heard by a judge alone, who is empowered to close the court during the hearings and prohibit the publication of the details.

The majority report also recommends that no report on matrimonial cases shall be allowed until they are finished, and that the publication of the portraits of the parties thereto shall be prohibited.

The report states that the evidence taken during the investigations showed that several of the extension of the grounds for divorce, far from tending to lower the standard of morality, has had a contrary effect and that the present stringent restrictions and costliness of divorce are productive of immorality and illicit relations, particularly among the poorer classes. This report is signed by nine commissioners.

Christ Will Come When Turkey Falls, Voliva Tells Band

ZION CITY, Ill., Nov. 12.—With the fall of Turkey, Christ will revisit the earth, Wilbur Glenn Voliva tonight told a band of his followers in Zion City, founded by John Alexander Dowrie.

"The very minute Turkey comes to its end Christ will come," Voliva declared. "And mark you what I say. You read the eleventh and twelfth chapters of Daniel; and the very moment that Turkey is driven out of Europe and the flags of Great Britain and the United States wave over Palestine you can look for the second coming of Christ."

Speaking of Zion City, Voliva said it is the little stone taken out of the mountain without hands and that it is to become a great nation—grinding all other nations to powder.

THE L SYSTEM

Clothes for Young Gentlemen

have a reputation and popularity that is nation-wide—they are handled in Omaha exclusively by ourselves.

Right now, something of especial interest to you—a splendid assortment of L System Norfolks—new arrivals—tailored to attract the young man who wants to dress differently and priced so close that they offer exceptional values.

\$20

Striking models of original design—blithe, toneful, fabrics—a dozen little improvements and conveniences which others do not have; for example, a leather-lined adjustable fabric belt to match every suit; patented pockets to insure non-sagging; inside secret money pocket in the trousers; buckleless hip and tunnel slides for the belt; a three inch turn-up for soft or permanent cuffs.

These L SYSTEMS strike an entirely new style note not only in Norfolks, but in other suits and overcoats as well. If they were like other clothes our enthusiasm would wane, for we'd have no more to talk about than any other clothier.

As it is, we're proud to offer you something different, something decidedly new and snappy—clothes that never fail to enthrall particular young men. Don't take our word for it—come and see!

MAGEE & DEEMER
