

REAL ESTATE
FARM & RANCH LANDS FOR SALE
 Net York
NEW YORK STATE FARM HOMES

No part of the west offers such an opportunity for farming or for food investment as Western New York. You can buy improved farm lands there at less than you can buy unimproved farms in the West. An improved New York farm means good buildings and plenty of them. It means orchards and vineyards. It means near towns, churches, schools and paved roads. The soil is fertile, producing big crops of alfalfa, clover, corn, oats, wheat, cabbage, beans, buckwheat and potatoes.

Ontario and Seneca counties are in the heart of the apple and grape belt. An orchard on every farm. Crops net \$50 to \$125 per acre. Applies this year produced 5 to 10 barrels to the tree. New York is producing one-seventh of the nation's apple crop. Sour cherries produce three tons and a profit to the acre, worth \$100 per ton. Peaches, pears and grapes pay a big profit. You can buy these farm and fruit lands at \$75 to \$125 per acre.

Get near the world's greatest market and the saving in freight alone will make you a living. There is a constant demand for everything the farm produces. You make more money, live more comfortably, on a New York farm than in the undeveloped West. Investigate.

Special excursions leave Omaha every Monday for Geneva, New York. For further particulars apply to

PAYNE INVESTMENT COMPANY
 Corner 15th and Farnam Sts., Omaha, Neb.

GRAIN AND PRODUCE MARKET
 New Low Prices Are Again Reached in Chicago Wheat Pit.

ARGENTINE HOLDS THE KEY
 Opinion is that There is Good Stead Open Interest in December Corn Option and the Country Men Are Short.

OMAHA, Nov. 15, 1912.
 New low prices were recorded in the wheat market at Chicago yesterday. Day after day the bulls have been on a letting down, taking up arms with the short or bear side of the situation. The only hope now is the holder of the bull position of adverse news from the Argentine crop, and the very latest cables, from Buenos Aires, indicate that there is no prospect of a large commission from the Chicago Board of Trade. The Argentine crop is at their heads, and who have been holding on to the bull side for weeks and weeks in the hope of a recovery of the price of the bulls, are advising their customers to get out of their holdings, even at a loss. The Argentine crop is at their heads, and who have been holding on to the bull side for weeks and weeks in the hope of a recovery of the price of the bulls, are advising their customers to get out of their holdings, even at a loss. Cows	1,000
Bulls	1,000

NEW YORK STOCK MARKET
 Prices of Leading Issues Change Little in Limited Trading.

SPECIALTIES ACTIVE EARLY
 Movement as Whole Appears Inconsequential and Speculative Interest Seems to Be at Low Ebb.

NEW YORK, Nov. 15.—Operation of stocks were curtailed today and during most of the trading prices of the leading issues changed but little. A brisk selling movement impacted some of the market in the last hour and quotations were scaled down, though losses were not material. The movement as a whole was inconsequential and speculative interest seemed to be at a low ebb.

In the early dealings specialties were particularly active, and a number of them advanced. The market for international paper issues, Union Bag and Paper, and American Paper, were several of the minor rallies. The decline in Bag and Paper issues was most precipitate, the common falling 3 points and the preferred 1 1/2.

Call money ranged between 4 1/2 and 5 percent, with moderate demand. No change was shown in time rates, but the undertone was strong and further offerings of commercial papers at rates recently prevailing were announced. The market was mainly moderate purchasers of business paper. Forecasts point to a cash loss of \$3,000,000 on the weekly installment of the government loan, against a weekly income of \$2,000,000, but again an unknown quantity, but the week's dullness in the stock market indicated a contraction in that item.

Prices of American bonds in London were generally higher, with special activity in copper and Canadian Pacific. The local market at no time more than a slight advance in time rates. Total volume of American stocks abroad.

The bond market was irregular. United States bonds were unchanged on call. Number of sales and leading quotations on stocks were as follows:

CITY	Amount	In	Out
New York	\$2,741,160	1,871	1,871
Chicago	1,820,000	1,871	1,871

NEBRASKA
 HOMESTEAD—100 acres rich farm land for \$150, filling fees and all. Just over into Colorado—good stuff, not sandhills. Land around Kimball, \$5 to \$25 an acre. Agents wanted. J. A. Tracy, Kimball, Neb.

WHEATLAND—250 to 350 ACRES.
 We have for sale over 20,000 acres of Cheyenne country Nebraska's choicest farm land, where the crop yields for 12 years including 1910 and 1911, average 40 bushels of wheat, 20 of corn, 10 of alfalfa, and a leading crop. Better soil, water and climate cannot be found. Write for full information. Agents wanted. WHEATLAND INVESTMENT CO., SIDNEY, NEB.

South Dakota
 FOR SALE—100 acres good farm land; 40 acres broke, balance all tillable; 7 miles from Dallas and 5 miles from Colome. Price \$100 per acre, payable \$10 cash, \$2,500 March 1, 1913. E. C. March, 1912, Address Box 150, Dallas, South Dakota.

HOMESTEAD (improvement on choice quarter section in southern South Dakota, a few miles from county seat town. Only \$300. See us quickly. Shuler & Cary, 1014 City National Bank Bldg., Chicago, Ill.

Texas
 CHEAP patented state school lands, south Texas; \$1 an acre, balance ten years. For full particulars, write to Connable, trustee, 201 Commercial Bank Bldg., Houston, Tex.

DUN'S REVIEW OF TRADE
 Business Continues to Expand Unchecked by Balkan War.

PROSPERITY COMES FROM SOIL
 Great Strength in Dry Goods, Manufacturers of Textiles Being Sold Up Ahead—Satisfactory Demand for Shoes.

NEW YORK, Nov. 15.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

Business continues to expand, unchecked by the Balkan war with its grave European complications, and its remarkable expansion in iron and steel, and in other lines, is being witnessed. Labor is not operating quite up to the high point of the year, but the production has reached the maximum and there is still a scarcity of material, with premiums asked for the small lots available.

Pittsburg car plants are booked to the limit of capacity for eight months ahead and contracts for the coming year are being made. The steel industry is being benefited in all lines with great orders, but many of these are closely spaced, so that they cannot accept all the orders. Cotton yarns are higher and very strong, and the demand for them is increasing. Conditions in footwear are becoming steadily more satisfactory and spring business is expected to be good. All kinds of shoe leathers are in growing demand and the market continues to be active. There is a demand for fanners demanding further advances on certain varieties.
