NEW YORK STATE FARM HOMES

No part of the west offers such an opportunity for farming or for good investment as Western New York. You can buy improved farm land: there at less than you can buy unimproved farms in the West. An improved New York farm means good buildings and plenty of them. It means orchards and vineyards. It means near towns, churches, schools and paved roads. The soil is fertile, producing big crops of alfalfa, clover, corn, oats. wheat, cabbage, beans, buckwheat and potatoes,

Ontario and Senaca counties are in the heart of the apple and graps belt. An orchard on every farm. Crops net \$50 to \$125 per acre. Apples this year produced 5 to 10 barrels to the tree. New York is producing one-seventh of the nation's apple crop. Sour cherries produce three tons and more to the acre, worth \$100 per ton. Peaches, pears and grapes pay a big profit. You can buy these farm and fruit lands at \$75 to \$125 per acre.

Get near the world's greatest market and the saving in freight alon? will make you a living. There is a constant demand for everything the farm produces. You make more money, live more comfortably, on a New York farm than in the undeveloped West. Investigate.
