CORN BULLS ARE LOSING MONEY

Efforts to Advance Oats Prices by Chicago Traders Prove Very Effective and Trend of Market is Reversed.

OMAHA, Nov. 18, 1912. The leading influences surrounding the wheat market are pronouncedly bearish. Stocks of this grain continue to grow liberally and they are now becoming cumbersome. The stocks at Buffait were included in the visible supply today which caused the figures of the total to grow to a much larger proportion. It is said that the total stocks at Buffalo ar anywhere from 4,000,000 to 7,000,000 bushel anywhere from 4,000,000 to 7,000,000 bushels and that the amount of all kinds of grain, which is made up largely of wheat and which is now on the lakes, is 22,000,000 bushels. The crop figures as well as the figures of stocks in various positions are likely to be larger than in a great many years. Foreigners are not bidding for our wheat save at prices considerably below the asking levels, and as long as these conditions continue the market will remain in the hands of bears, and there will be heard a general wall because of lack of demand for cash wheat. Russia has raised a spring wheat crop of 450,000,000 bushels which compares with the crop of 120,000,000 bushels last year. Cash wheat was unchanged to 14c higher.

ood bushels which compares with the crop of \$20,000,000 bushels last year. Cash who was unchanged to \$20,000,000 bushels last year. Features of the Trading and Closing

Prices on Board of Trade.

Prices on Board of Trade.

CHICAGO, Nov. 18.—Sudden strength developed in wheat today after the receipt of news that British troops had landed at Constantinople. There was a nervous close, 120% to 340% above Saturday night. Latest trading left corn a shade off to 140% to 190 oats with a gain of 140% to 5 c and provisions varying from 5c lower to a rise of 25c. On the upward rebound in wheat many traders found themselves trapped, the market having been heavily oversold. market having been heavily oversold.

Most of them tried to jump simultaneously to the buying side when prices at
Liverpool were shown to have made a
steep climb. The result was a flurry that
lasted the remainder of the day.

Unfavorable weather in Argentina unsettled the confidence of the wheat

contavorable weather in Argentina unsettled the confidence of the wheat bears early in the session. Heavy domestic receipts, however, and world shipments larger than expected formed more than an offset. On the other hand it was generally thought the visible supply increase would reach \$,000,000 bushels by including the revised Buffalo stocks. In this there was disappointment this there was disappointment.

May wheat fluctuated between 85%c

May wheat fluctuated between some and selec with last sales large net higher at 86%c.

Shorts who were frightened at the action of wheat rallied the corn market which had been on a decline due to fine weather. The bulls were helped by the weather. The bulls were helped by statements from a crop expert that the yield this season had been put too high. May swung from fic to 674c, closing steady at 47%c, a shade up, compared with Saturday night. Cash grades were alone. No. 2 yellow was quoted at 5760

slow. No. 2 yellow was quoted at 57@ 57%c.
Oats displayed independent strength owing to the cereal having falled to undergo any substantial decline in the face of the big crop and the long-continued weakness of other grain. May, which sold from 31%c to 32%c, with the close at 32%c, made a net ain of 40%c.
In provisions offerings were limited and the market responded to fair buying, of which considerable was for investment. January pork took the lead, with an advance of 25c.

London Stock Market.

LONDON, Nov. 18.—The stock market was quiet today, pending developments in the continental and home political situation. The Austro-Servian centroversy created some uneasiness on the continent, which sold its favorites in the foremon, but Paris buying later helped to make the tone steadier. Changes on the day, however, were Irregular with Argentine rails and Copper and shipping shares the firmest sections. American securities, after a quiet opening, eased off. Prices recovered ou covering before noon, but later Wall street offerings caused another decline. The closing was quiet. Money was in good supply and discount rates were easy. There was no foreign demand for the \$3,00,000 South African gold offered in the open market and most of it was taken by the Bank of England.

all repeated and reports generally indicated a slump in values all along the line. As a result of the general lower tendency of the market prices here also suffered more or less weakness and trade as a whole was slower than it has been for a num-

ber of weeks back.

Beef steers while in fair demand were Beef steers while in fair demand were by no means active sellers. Buyers were very bearish in their views and were very much disposed to take their time in filling orders. Good range beef steers were sought after and in some cases they did not look very much lower. On the other hand cornfeds, especially the warmed-up kinds, felt the full force of the general weakness, making the market as a whole anywhere from barely steady to loc lower.

Cows and helfers were weak to the lower than last week, even the good kinds. There was considerable inquiry for desirable feeding cattle and strictly good kinds did not show much change as com-

kinds did not show much change as com-pared with last week. On the other hand the medium kinds were very much less active and were anywhere from weak to 10c lower.

HOGS-Under the influence of moderate receipts and a very urgent buying demand the hog market at South Omaha last week was the highest of any market on the river. At the close of the week it was not only higher than any other western market, but the bulk of the hogs actually sold 15,30c higher than at Chicago. It was very evident that such conditions could not long continue and that other markets would either have to advance so as to be in line with the market at this point or else the South Omahs market would have to come down. week was the highest of any market on sold 15920c higher than at Chicago. It was very evident that such conditions could not long continue and that other markets would either have to advance so as to be in line with the market at this point or else the South Omaha market would have to come down.

Instead of advancing all the markets were reported lower this morning and as receipts here were large the buyers were able to do what they could not seem to accomplish hast week, namely take off a good big silce. A few hogs sold on the opening at 10515c lower, but very faw, as buyers wanted still more reduction than that. When the trade really got under headway it was on the basis of a Lig 200 decline from Saturialy s market. This means that a large proportion of he hogs sold at \$7.557.80, as against \$7.559 km. 1 southern, \$18.55918.75; No. 2 northern, \$17.75 km. 250. Spelter, steady; \$7.30c. Evaporated Apples and Dried Fruits hogs sold at \$7.567.80, as against \$7.569 NEW YORK, Nov. 18.—EVAPORATED APPLES—Quiet fancy, \$630; choice, 72 hold up as high as \$7.85, while the top at

the close of last week was \$8.00. The trade was not very active at any time, sellers making a hard fight to maintain prices and being slow to let go their hogs at the decline demanded by buyers. Receipts of hogs this morning were the largest that they have been for a Monday since February 12. It might be added that even after the sharp decline recorded above, this market is still high, being right up even with Chicago.

The following table shows the range of prices for hogs at South Omaha for the year and narly advices from outside year and narly improvement in local business. While the early movement was not provent alight improvement in local business. While the early movement was not provent alight improvement was not provent alight improvement was not prov

in sight were liberal for this time of the year and early advices from outside points indicated slow trade with a lower tendency to prices, these facts did not prevent slight improvement in local business. While the early movement was no better than fairly active, a clearance of most of the fat offerings was made in fair season. A load of range lambs brought as much as \$7.15, and about a couple of loads of fed westerns soid as high as \$7.10. The lamb sales were regarded by most salesmen as fully steady high as \$1.0. The lamb sales were regarded by most salesmen as fully steady to strong as compared with the close of last week. Among the sales of fat sheep were two cars of range wethers at \$4.20, and two loads of western ewes that brought \$4.00. Fat sheep are fully steady, with prices prevailing at the end of last week. As noted above a liberal run showed up

As noted above a liberal run showed up, the receipts according to first estimates amounting to about \$4 cars or 22.00 head, as compared with 28.00 head last Monday, 19.20 head two weeks use and 18.00 head on the same day last year. As recently another fair sprinking of fed or native stuff was included in the supply, a few bunches of very good fed lambs being on the market.

While feeders were in very fair supply everything in the feeding line soid at good, strong prices. Not many outside buyers appeared on the market, but commission men appearently had a pienty of orders for the bulk of the most desirable offerings. One bunch of feeding lames soid as high as 36.30 and a string of feeding ewes brought \$3.25.

DEMOCRATS IN GREAT HASTE

Revision of Tariff at Earliest Moment Urgently Desired.

SOME FEELING AS TO METHODS

Many Members Now Favor General Bill Covering Many Schedules to Be Framed as Substitute for Existing Law.

WASHINGTON, Nov. 18.-The form that tariff revision is to take before the special session of congress next spring hay, secome a matter of strong individua opinion among democratic senators and congressmen now here. Representativa Underwood, democratic house leader, who will reach Washington this week, has given no indication as yet as to his own plans and it is expected that democratic leaders will confer at length over the, situation before advising President-elect, Wilson of any tentative arrangements.

Many members now favor a general billy covering many or all of the schedules of the tariff law, to be framed as a partial, or complete substitute for the Payne-Aldrich law. Those who advance this is plan claim it would be the speediest way, of fulfilling tariff pledges. Others favor, -combining in a single bill those measures ... passed during the last two years, but vetoed by President Taft; and the preparation of other single schedule bills to follow this measure.

Unless the plan to revise the entire tariff law in a single bill should be adopted, it is believed democratic lenders will urge the calling of the special session before April 15. That date was set by President-elect Wilson as the latest upon which he would assemble the new conso gress. Democrats now here believe the new house can begin work in March, soor after the present administration retires from power, and be organised and ready for tariff legislation early in April. Short Hearings Planned.

It is expected that short hearings with: be given by the ways and means committee to industries vitally affected by proposed tariff changes. The extent of these hearings, according to democratic members of the house who favor them. will not be such as to interfere with early action on the tariff bills. The plan of distributing the various

tariff schedules among the subcommittees of the ways and means committee, which was resorted to last year, was found to operate efficiently both in saving time and in obtaining the information necessary to the work of the committee, and if is expected that this expedient will be adopted again.

Senator Gore today expressed the opinion that the entire tariff revision shoulds be concluded before next July, permitting the inauguration of the new schedule with the begining of the fiscal year, July 10 To secure perfect co-operation between house and senate, Senator Gore said he probably would suggest a joint steering committee of members of both houses to act together during the approaching shortsession in the formulation of a tariff measure for the extra session.

"In that way," he said, "we could insure the drawing of a bill that would real, ceive the support of both houses from the start, saving the less of much time in subsequent conferences."

Opposition to Be Busy.

It is not the purpose of the republicans to allow the decocratic program to be put through without remonstrance. They will ask hearings on many of the schedules and republican senate leaders expect to be able to make effective opposition

"The democrats cannot get a free sugar through the senate," said Senator Smoot of the finance committee today He based his statement on the understanding that the western senators are sure to oppose such measures and he said there were other democrats who would stand out against that and other contemplated changes.

Labor Leaders Talk at Two Big Meetings

ROCHESTER, N. Y., Nov. 18 .- American Federation of Labor leaders were heard; today in two big meetings. President of Gompers, Congressman William Wilson of Pennsylvania, Miss Maude Younger of San Francisco and Miss Josephine Casey of Chicago, were the speakers at the convention hall and Robert Smille, delegate from Scotland, Frank Hayes of, Indianapolis and Fred C. Wheeler of Los Angeles, spoke at a meeting in Shubert theater, under the auspices of the socialist wing of the federation.

Referring to his arrest with John Mitchell and Frank Morrison at Washington, Mr. Gompers said:

"I deny to any judge or any set of judges the right to gag my mouth. If: a judge by injunction stifle the mind and prevent free expression, then the very essence of our liberty has been stolen. Free speech and free press have ever been regarded as inherent and natural rights. If daring to express the convictions of my heart involves a term? of imprisonment, the sooner we know that

All speakers pleaded for non-union workers to get inside the federation. The convention's session will be resumed to

Train Strikes Auto; Auburn Man Killed

AUBURN, Neb., Nov. 18 .- Adolph Barber was instantly killed and his brother, Herman, seriously injured when a freight train stuck an automobile in which the two men, were riding four miles northwest of Auburn this afternoon. Adolph, who was driving, tried to cross the track ahead of the freight, when the machine stopped with the front wheels across the track. The train hurled the car forty feet and both men were thrown clear of the wreckage.
