

JAIL REGULATION PROPOSED

Deputy Comptroller Submits System of Checking Prisoners.

WOULD STOP IRREGULARITIES

Chambers Proposes Plan that Would Show Disposition of Prisoners as Well as All Money Collected in Place.

W. F. Chambers, the deputy city comptroller, who reported to Commissioner Butler in the matter of the jail release probe, said: "I have investigated the books in use at the police court and will say that a few minor changes, which can be made without additional expense and very little increase in labor, will give the disposition of the prisoner from the time he is arrested until discharged from custody; also the disposition of all moneys received, whether for bonds or sentences of fines and costs.

"It will also enable this department to check the bills rendered for meals furnished city prisoners by Douglas county as well as those furnished by the city. I attach sample of the police court docket now in use, which if properly filled in needs no change.

"Only one name should appear on each complaint.

"Return on mittimus has never been shown on court docket and should be in each case.

The Present System.

"The bonds for appearance are in most cases accepted by the desk sergeant and entered by him in his bond book showing name of bondsmen, amount of bond and who for. The money so received is turned over daily to the clerk of the police court, who receipts in the book for it. The police court clerk then enters same in his bond record and if not forfeited they are recorded for in this book by any party who deposited them. If forfeited the docket number is entered in the signature column, which completes the transaction.

"All fines and costs paid are received by the clerk of the police court, who makes a weekly report of them, together with forfeited bonds, to the comptroller's office. These reports are checked monthly against the clerk's records and treasurer's receipts of cash."

The Situation Analyzed.

"The question of the investigation finally simmers down to this: One faction of the city commission feels certain that the clerk of the police court will be hit and the other is just as certain that the city prosecutor will have to shoulder the blame for releases. And this creates an interclass strife that thoroughly disrupts any effort to proceed with the investigation. The final action to be taken will be Thursday morning, when the council formally ratifies the new system of bookkeeping and accounting suggested by Emmet G. Solomon, deputy city and county treasurer; W. F. Chambers, deputy city comptroller, and recommended by Commissioner Butler.

DOUGLAS COUNTY MOOSERS WANT A CRACK AT THE PIE

Now that the bull moosers of Omaha have no federal patronage to look for since their candidate was defeated, they are looking for whatever there may be in the way of pie or at least a ham sandwich in the state legislature. John A. Lewis who was chairman of the progressive central committee of Douglas county has interviewed a number of those elected from Douglas county, asking them to be sure to remember the progressive committee and what it had done for the legislative ticket in the county. Mr. Lewis did not indicate exactly what he wanted or what John S. Helgren, secretary of the progressive county central committee, wanted but he made his advances simply by asking the Douglas county delegation not to forget the support that had been given them by the progressives. There will be several places in the legislature for outsiders to fill through election by the respective houses, such as the chief clerkships, the sergeant-at-arms, the door keepers, etc., all of which are always eagerly sought after.

FLORENCE TO HAVE GRAIN FESTIVAL THIS WEEK

A grain festival will be held under the auspices of the Commercial club of Florence on Friday and Saturday of this week, at which \$50 in prizes will be awarded the grains in competition. Entries have been pouring in all the week and everything points to a most successful exposition. As the affair is under the direction of the Commercial club, no admittance fee is charged, and as Florence precinct won many first prizes at both the state fair and the Douglas county fair, a very creditable show is assured. Each year the Commercial club celebrates the harvest season with a show of this character, but the one this year gives promise of surpassing all others. Owen Clure will be in charge of the festival and a special invitation has been extended to the people of Omaha to attend.

BRUNER REMEMBERED WITH A DIAMOND PIN

Howard Bruner, recently promoted to the position of assistant general freight agent of the Union Pacific, is in the possession of a beautiful diamond scarfpin set in heavy gold mounting. He has possessed the gem since Monday night. Just before quitting time last night, Mr. Bruner was sitting in his office figuring out rate classifications, when all of the clerks in the freight traffic department, fifty or more, trooped in. As spokesman, George W. Hamilton produced from his pocket the diamond and in a neat little speech presented it to Mr. Bruner as the present from his co-workers. Taken by surprise Mr. Bruner responded, but he was so completely overawed that he was unable to make an extended speech.

RAILROAD MAN BUYS OFFICE FURNITURE HERE

The first of the year the Baltimore & Ohio Railroad company will move its offices from the First National bank to the ninth floor of the Woodmen of the World building. B. N. Austin, general passenger agent, has arrived from Chicago and signed up a long time lease for two rooms in the Woodmen building.

The new offices of the Baltimore & Ohio will be equipped with new furniture, all bought in Omaha. Immediately after securing his lease, Mr. Austin went out among the dealers and bought the furniture, all solid mahogany and costing in excess of \$1,000, expressing the opinion that the Omaha stocks are fully equal to those of Chicago.

Famous "Pint of Cough Syrup" Receipt

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (50 cents' worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequal remedy for whooping cough and croup. This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in gualacol and all the natural healing and clearing qualities of the Pinex Co., Ft. Wayne, Ind.

Chadron Will Have Alfalfa Meal Mill

An alfalfa meal mill is to be built in Chadron, Neb., within the next year or so, according to W. Bergmann of that place, who was in Omaha today.

Mr. Bergmann says the alfalfa industry has proved a success in Dawes county and the country north of there and it is thought by the capitalists that an alfalfa feed mill would be profitable. Large quantities of alfalfa seed are raised in Dawes county, according to Mr. Bergmann, who says that thousands of bushels are already annually shipped out of there.

"Dawes county has come to the front in the last ten years," said Mr. Bergmann, "and we are now raising as high as thirty bushels of spring wheat per acre. It used to be thought that corn could not be raised there, but most of the farmers are now raising some corn, and some of them have corn that will run thirty-five bushels per acre this year. Some of the fields, of course, were caught by the frost this year, and the corn is soft and fit only for hog feed, but many of the fields matured nicely."

JOHN KIETH VISITS HIS OLD OMAHA FRIENDS

John Kieth, for years a ranch owner at Ruthland, this state, and subsequently claim agent for the Union Pacific, is in town from his home at Hollywood, Cal. He will remain here several days, visiting friends. Mr. Kieth was retired by the Union Pacific several years ago and went to California, buying property in Hollywood. Since then the improvements in the addition have made his property very valuable.

Is your husband cross? An irritable, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach trouble by taking Chamberlain's Tablets. For sale by all dealers.—Advertisement.

PRESIDENT MUDGE IN TOWN

Rock Island Official Declares that Depot Will Be Built Here.

WANTS TO MEET BUSINESS MEN

He Will Return at a Later Date and Probably Deliver Talk at Noon Meeting of the Commercial Club.

President Mudge of the Rock Island spent an hour in Omaha yesterday coming in from Chicago and leaving for the west on a general tour of inspection. Unless he changes his plans he will go to Fairbury and then down over the Kansas line and back to Chicago, waiting until next month before going over the line from Omaha to Denver.

Although not prepared to talk with reference to the Rock Island's new depot proposed for Omaha, President Mudge said that it would be built and that it would be in line with other improvements and betterments undertaken by his company.

President Mudge said that he expects to be in Omaha next month and remain one or two days. At that time he wants to visit the Commercial club and meet the business men of the city, when he will be at liberty to discuss freight depot and the plans for the building and the new terminals to be constructed on the grounds recently acquired west of the Sixteenth street viaduct.

Finds Business Good.

"The country along our entire system has enjoyed a season of great prosperity," said President Mudge. "Business is very good and we see no reason why it should not continue for an indefinite period. Omaha, at least all that I can see of it without going uptown, looks good and the reports from our agents indicate that while there is no boom, there is no cause for complaint."

At Omaha President Mudge was met by F. J. Shubert, general freight agent, Kansas City; J. B. Smalley, assistant general manager, Topeka; Fred Smith, assistant general freight agent, Kansas City; and J. A. Stewart, general passenger agent, Topeka, all of whom accompanied him on his tour of the Kansas lines of the company.

Greeks Will Elect Cokas' Successor

The Omaha Pan-Hellenic union will hold a meeting this evening at the Greek church to elect their officers for the year. Importance attaches to the meeting in that a successor will be chosen to Lieutenant Pericles Cokas, president of the organization, who responded to the first call for troops to take up arms against the Turks. Lieutenant Cokas, if still alive, is thought to be with the Third Greek artillery, which took part in the capture of Monastir Monday. His brother, Elias Cokas, who conducts a bakery on South Twelfth street, is prominently mentioned as successor to his brother as the head of the Pan-Hellenic union.

Turkey Chase to Be Staged on Thursday

Union Pacific council No. 108, Royal Arcanum, will have a banner meeting Thursday night at their rooms on the second floor of the Board of Trade building. Supreme Regent F. T. McFadden of Richmond, Va., will be in attendance and will deliver a speech. A turkey chase will be another feature of the meeting. Just what a turkey chase is no one knows, but the entertainment committee, but they hint there is a chance for the members to take home a turkey for their Thanksgiving dinner.

The furniture sale of the year Prices cut from 1/3 to 1/2

Dining room, bedroom, parlor and living room pieces
