SUSTAIN GOMPERS IN VOTE

Nonpolitical Policy is Upheld by the Labor Federation.

HAYES LEADS THE OPPOSITION

Endorsement of Delegates Comes After Long Debate, in Which Gompers is Charged with Favoring Democrats.

ROCHESTER, N. Y., Nov. 22.—An important feature of today's session of the American Federation of Labor convention was the endorsement of the committee on president's report commending the non-political policy which has been pursued by President Gompers and other officials of the federation.

The endorsement came after a long debate. Delegate Max Hayes, a socialist member of the radical wing, opposed the committee's report on the ground that during the last campaign President Gompers had through publications of the federation supported the democratic candidate for president, and that in quoting planks favorable to labor from various political platforms he had made no quotations from the socialist platform. Several socialist members of the radical group supported Hayes in his contention.

Andrew Gallagher, a conservative, representing the California State Federation of Labor, then introduced an amendment to the committee's report, proposing that the matter of forming a national labor party should be left to the executive council of the federation. President Gompers declared the amendment out of order and Delegate Gallagher appealed from the ruling. In the vote on the appeal socialist members of the radical wing voted with the members of the conservative wing to sustain the president's ruling. The committee's recommendation for continuance of the federation's non-political policy was then put to vote and was approved by a large majority. In this vote radicals, including socialists, opposed the committee's recommendations and conservatives favored the committee's view.

Aid to Pressmen Asked.

At the afternoon session of the federation the question came up of aiding the Chicago pressmen, who are on strike. The committee of adjustment, to which a resolution had been referred, favored sending representatives of the executive council of the federation to Chicago to attempt an adjustment of the difficulty. An amendment providing federation backing for the pressmen if conciliatory measures failed was defeated and the committee's report was adopted.

A few days ago the convention refused to seat the delegates of the International Association of Steam and Hot Water Fitters and Helpers. Tomorrow it will decide whether the association's charter shall be amended. A two-thirds vote of the strength of the federation is necessary to annul the charter.

Another conflict between the two wings of the convention is probable tomorrow, when the committee on resolutions brings in its report on the United Mine Workers' resolution providing for a referendum vote of the members.

The election of officers will take place Saturday, the closing day of the convention.

Earthquake Leaves One Town in Ruins; Many Meet Death

MEXICO CITY, Nov. 22.—The town of Acumbay, in the northern part of the state of Mexico, is practically in ruins as a result of the earthquake there Tuesday. Fifty-nine bodies have been removed from the ruins of a church and other buildings. Many more remain in the wreckage. The injured number 100, of consequence were exchanged.

At Temaxcalcingo nine persons were killed and twenty injured. At Atlacomulco three persons were killed. There was only slight property damage at El Oro and only one child was killed.

Witness Gets \$50 For His Coal Claim in Alaska

SEATTLE, Wash., Nov. 22.—Ole M. Holck of Seattle testified today that he had received \$50 in exchange for his power of attorney that enabled the making of an Alaska coal claim in his name, and for later signing a deed to the claim, which is one of the Feed group, in the Katalla district. The government is taking testimony concerning the validity of the entries in the group of claims.

Veterans in Home Want Army Men in Charge of Inmates

LOS ANGELES, Cal., Nov. 22.—"Give us army or navy officers. They will respect us, and we will respect them," was the plea of veterans of the civil war appearing today before the congressional committee investigating conditions at the National Soldiers' home at Sawtelle, a suburb.

Particular resentment was shown by Edward H. Kenny, the principal witness, against Major E. W. Moore, treasurer of the home, who, Kenny told the committee, was not naturalized until thirty years after the close of the civil war, and then "only to hold his job."

Moore, Kenny told the committee, frequently made army veterans stand in company line for an hour at a time, while he inspected their wearing apparel, and Kenny illustrated, by conduct toward a fellow veteran, what he declared to be Moore's "insulting way" of treating the old soldiers.

A set of what Kenny termed "nagging" orders, compiled by a set of officers who never did military duty, was exhibited.

Name Chosen for United Churches

COLUMBUS, O., Nov. 22.—Declaring in favor of church union, commissioners representing the United Brethren and the Methodist Protestant churches today completed a two days' conference at a local hotel.

By a divided vote the name "The United Protestant Church, Composed of the Church of the United Brethren in Christ and the Methodist Protestant Church," was chosen to designate the united church. This name was preferred to "The United Protestant Church."

The work of the commissioners is only the first step towards union. General conferences of each church must now consider the action of their commissioners. A referendum vote in the United Brethren church is necessary also to approve the action of its general conference, if union is favored. These conferences assemble next spring.

LINCOLN MAN IS KILLED BY MARSHAL AT GOWRIE

GOWRIE, Ia., Nov. 22.—A man giving his name as Merrill E. Moore of Lincoln, Neb., was shot here tonight after he had emptied his revolver at Marshal Woods and three citizens.

He was first seen in Gowrie early in the day, when he purchased a horse of Oscar Berg. Early in the evening he met Berg and opened fire. Marshal Woods was greeted with an additional volley. He returned the fire, killing the man on the first shot. The man was about 35 years of age.

When You Purchase a Piano

You are buying something that you suppose will last a lifetime. Be sure you get that kind of a piano. To be certain of this

You Should Buy Where They Sell ONLY THE VERY BEST

of the many different grades, and are willing to give you a guarantee that will be a protection.

We can and will save you at the very least 33 and one-third per cent on your Piano purchase. We can and will do this, because we can do it and still make a fair profit. We do not claim to make any less profit in our Piano Department than other dealers—but we do know that we pay less for Pianos of High Grade than others are obliged to pay. Why we get this advantage is easily understood. We buy in larger quantities—we pay spot cash—we receive a closer price by buying in carload lots and we get a larger discount on every piano purchase because we pay spot cash.

AS WE PAY LESS FOR HIGH GRADE PIANOS, WE CAN AFFORD TO SELL HIGH GRADE PIANOS TO YOU FOR LESS THAN OTHERS CAN AFFORD TO.

Investigate This Truth

All Pianos that were ordered for our Christmas Exposition are now on our floor. Our assortments are much larger, the styles of casing are more beautiful and diversified, our qualities are much higher, our prices are much lower than can be obtained in any other store in the west.

We can prove these statements to your entire satisfaction if you will but call at our store, after you have investigated the offerings of every other piano dealer in Nebraska.

In regard to the **TERMS**, we will be willing to make terms so easy as to meet the wants and wishes of any and all purchasers.
