Expert Fitting of Children's Shoes

is the real keynote of our successful children's business. We make the little feet a study. We believe that careful fitting when they are young eliminates foot trouble in later years. Besides fit, we are just as particular to provide substantial leather and workmanship. We will reduce your shoe cost per year over any other concern.

When You Dine Out
 with the lady of your choice you are pretty apt to choose a restaurant that is first class, yet moderate in price, but we venture to say that you have some times been disappointed. The next time we invite you to try the Belmont Restaurant, for our strong points are the giving of complete satisfaction, both in food and service. We do not think that you can get such a combination of the two any where.
