 plum puddings? Really quite English, y'know. And  
 the Bayberry Candles, very American, Colonial, in

## Mason & Hamlin PIANOS

### The Supreme Artistic Pianos of Today

There is as marked development shown in the art of  
 piano building as in any line of human endeavor. The  
 highest type of yesterday is not the highest type of today.  
 Old standards are transcended, new ones take their place.

In buying a piano, you want that ONE which is in  
 the van of progress today, the highest type which has  
 yet been evolved.

The Mason & Hamlin, through its exclusive fea-  
 tures of construction, has surpassed all other pianos, and  
 is now everywhere proclaimed the finest piano the  
 world has ever produced.

Note the artists using the Mason & Hamlin Piano to-  
 day -- and for its MERITS ONLY!

We represent the world's best makes, Mason & Hamlin, Kranich & Bach, Krakauer, Kimball, Cable-Nelson and others.
