DAY'S DELIBERATION IN CONSPIRACY CASE BRINGS NO VERDICT

Judge Anderson Again Adjourns
Court Till Nine-Thirty O'clock
in Morning.

JURORS ON THE THIRD FLOOR

Government Predicts Verdict Today,
but Defense Expects Delay.

DEFENDANTS TWICE IN COURT

Expectation of Receiving Verdicts
Both Times Disappointed.

M'MANIGAL SOON TO LEAVE

Former Partner of McNamara and
Edward Clark, Another Confessed
Dynamiter, on Same Floor
with Jurors.

INDIANAPOLIS, Ind., Dec. 27.—Fifteen
hours' deliberation by the jury in the
"dynamite conspiracy" case up to tonight
had failed to result in the return of any
verdicts.

Federal Judge Albert B. Anderson, after
convening court to receive any reports
from the jurors, ordered an adjournment
until 9:30 o'clock tomorrow, with the un-
derstanding that the verdicts, should they
be found, would not be returned until
that time.

While government officials expressed
confidence that the jury would report
tomorrow, attorneys for the defense
stated it may require a longer time.
There are twenty-six offenses charged
against each of the defendants, and the
jury, if it chooses, may ballot on each
charge as to each defendant, making a
total of 1,560 charges thus to be dis-
posed of.

All the deliberations of the jurors are
conducted in a room near their living
quarters on the third floor of the federal
building, which is reached by a private
stairway cut off from the rest of the
building. That there may be no basis
for any reports as to the jurors' progress
every approach leading to their quarters
is guarded.

Defendants Twice Assembled.

Twice today the forty labor union of-
ficials, headed by Frank M. Ryan, pres-
ident of the iron workers' union, who are
charged with complicity in the Mc-
Namara dynamite plots to destroy the
property of the "open shop" contractors,
were assembled in the court room in
expectation that their fate at the hands
of the jury would be made known. Crowds
of women and other spectators who
had been permitted in the court or
were present in the gallery, were pre-
vented by guards from even ap-
proaching the court room, so that only
those who had business in connection
with the trial or were relatives of the
defendants were present. These included
the wives and children of about thirty
of the men on trial.

McManigal to Go West.

On the same floor with the jurors are
Ortie McManigal and Edward Clark, con-
fessed dynamiters. McManigal, upon
whose confession the government laid the
basis of its charges that labor union of-
ficials violated the federal laws prohib-
iting the transportation of explosives on
passenger trains, is to be returned to the
custody of Los Angeles county, Cali-
fornia, as soon as the trial ends here.
His reservation since being brought
here as a "loan" from Los Angeles
county has been exercise on the roof of
the building and carving picture frames
out of cigar box-s. Clark, who continues
to blow up a pipe at Dayton, O., is
to be sentenced after the verdicts as to
the other defendants are returned.

CHICAGO PACKERS MAY BUILD PLANT IN WYOMING

CHEYENNE, Wyo., Dec. 27.—(Special.)
—Representatives of one of Chicago's
largest packing concerns have been in
investigating conditions at Cheyenne, Lar-
amie and other leading towns on the
line of the Union Pacific in southern
Wyoming, with a view of establishing a
plant somewhere in this section. It is
said that Laramie offers the best natural
advantages, there being plenty of water
there and excellent grazing in the vicinity,
it being the intention of the packers to
establish a livestock center at whatever
plant is selected for the packing plant.
Advices from Laramie state that one of
the "big four" packers of Chicago is
behind the movement, and that the plant
will be established during the coming
year.

CHICAGO WOMAN IS MURDERED BY HUSBAND

CHICAGO, Dec. 27.—Mrs. Ella Montague
was stabbed to death last night by her
husband, Pasquale Montague, in the pres-
ence of their 19-year-old son, after he had
upbraided her for being extravagant. On
Christmas day Mrs. Montague presented
her husband with a small remembrance
and he scolded her then for spending all
of their money for luxuries. Last night
she served a beefsteak for supper, and
after resuming the quarrel he drew a
stiletto and killed her. He escaped from
the house, but was arrested shortly after-
ward.

Heavy Guard at Inquest Over Body of Labor Leader

CHICAGO, Dec. 27.—Fear of a renewal
of old labor union feuds was seen in
police action today in sending a heavy
guard to watch the witnesses at the in-
quest over the body of James Conway,
who was shot and killed in the offices of
the steam fitters' union Thursday morn-
ing as a result of a factional dispute
among officers of the organization.

DENVER, Colo., Dec. 27.—Frank, Jacob
and Arthur Rice, brothers, who took part
in the Industrial Workers of the World
disturbances in Los Angeles, San Diego
and Portland, were arrested here last

made abusive remarks to Judge B. F.
Stapleton and were sent to jail. The
judge said they would be tried tomorrow,
if by that time they decided to show re-
spect to the court.

Senator-Elect is Badly Burned While Playing Santa Claus

GARDEN CITY, Kan., Dec. 27.—Playing
Santa Claus for a house full of children
at his home last night almost resulted
fatally for William H. Thompson, United
States senator-elect. The senator is suf-
fering from severe burns on his hands
and singed hair and eyebrows. While
bestowing presents Senator Thompson's
clothing caught fire from candles on the
tree. The flames shot up from the fur
and cotton trimmings on his costume un-
til he was almost enveloped with fire.
The senator, however, quickly threw him-
self to the floor, wrapped himself in a
rug and smothered the flames.

Call Money Rises to Twelve Per Cent

NEW YORK, Dec. 27.—Call money
opened at 12 per cent today and renewals
were made at the same rate. This
equals yesterday's high quotation. In
the early afternoon as low as 10 per
cent was quoted, although out-of-town
banks were holding out in expectation of
floating money here at a higher figure.
Demand is relatively light, however, and
no recurrence of the stringency of several
weeks ago, when loans touched 20 per
cent, is looked for.

recommended numerous amendments to
the constitution.

Other Amendments Proposed.

It also recommended that an amend-
ment be made to the law which requires
exceptions to be taken to the rulings, or
orders of the court, in order to have
them considered on appeal. The amend-
ment recommended was that "no ex-
ception shall be required to rulings or
orders of the court concerning pleadings,
or upon objection made during a trial,
or to giving or refusing instructions; and
all errors may be alleged by parties and
determined by the appellate court without
any specific exceptions being taken in
the lower court."

WOULD BE PRINCE OF ALBANIA

Rumor that Uncle of Khedive of
Egypt Will Enter Country with
Twenty Thousand Men
and Take Control.

BERLIN, Dec. 27.—Bulgaria is prepar-
ing to resume the war, according to a
special dispatch from Rustchuk, Bulgaria.
The correspondent says the Bulgarian
war minister has called up the recruits
to be enrolled only in 1914 and has sum-
moned all able-bodied men up to the age
of 30 years to the colors.

Large supplies of munitions of war and
provisions have reached Rustchuk on a
Russian steamer which came up the
Danube. Two other steamers brought a
large number of cavalry horses and hos-
pital supplies and there were eighty
physicians and a corps of nurses aboard.

Period of Bluff is On.

LONDON, Dec. 27.—The peace envoys,
both of the Balkan states and of Turkey,
have adopted the expected attitude of
intractability towards their opponents'
proposed terms of settlement. Each side
declared that the other's demands were
preposterous.

The third party which is in touch with
both groups of negotiators share this
opinion and intimate that period of whit-
tling is necessary to transfer the propo-
sals and counterproposals into such
shape as will enable the peace conference,
assisted by the friendly pressure of the
powers, to strike a bargain. This, it is
thought will occur in due time.

As a matter of fact, the proposal of
the Balkan allies by which they would
come into possession of the coast of the
Sea of Marmora, is regarded as quite as
impossible of achievement as is the Tur-
kish demand that the Ottoman empire be
allowed to maintain a suzerainty over
the coast of the Aegean sea, including
the city of Saloniki.

The powers, it is pointed out, would
promptly veto the project of the allies
which would, if carried into effect, give
Bulgaria practical control of the Bal-
canicues.

Turkish Farmers Leave Europe.

WASHINGTON, Dec. 27.—The exodus
of the Turks from Europe virtually has
ceased, according to a letter received by
the American Red Cross. The letter says
that the Red Cross already has aided more
than 100,000 Turkish refugees to
leave Europe and to take up agriculture
in Asia Minor. The families are agricul-
turalists and they represent for the most
part the primitive portion of the Turkish
population.

"The situation is very interesting,"
says the Red Cross correspondent, speak-
ing of the farmers, "desertion of their
homes in Europe, for loaded into their
bullock carts are their families and the
crude implements of their trade. To all
appearances the implements are of some
foreign design as those used before the
time of the apostles."

The factors across the Bosphorus are
provided free by the Ottoman govern-
ment.

Would Be Prince of Albania.

PARIS, Dec. 27.—Prince Ahmed Fuad,
an uncle of the Khedive of Egypt, is pre-
paring to enter Albania at the head of
30,000 troops and to proclaim himself
prince of Albania, according to a cor-
respondent of the Times. The place of
origin of the dispatch is not given.

The correspondent states that Prince
Ahmed Fuad intends to disembark at the
Albanian port of Avlona or some neigh-
bering port on the coast.

Prince Ahmed Fuad, who is of Albanian
descent, recently exchanged visits with
Count Von Berchtold, the Austro-Hun-
garian foreign minister in Vienna. He
was at that time regarded as a serious
candidate for the throne of Albania.

Ismail Kemal Bey, the Albanian leader,
when asked whether Prince Ahmed Fuad
would be acceptable to the Albanians,
declared that the question of selecting a
head of the state would be decided in ac-
cordance with the wishes of the people
after the formation of a definite govern-
ment.

Bad Man is Shot to Death by Posse

OAK GROVE, La., Dec. 27.—The career
of Fink Maddox, a reputed "bad" man,
as "boss of the town" was brought to a
sudden end by a posse late yesterday
after Maddox had killed a deputy and ter-
rorized Oak Grove by his reckless
shooting.

Maddox had vowed to celebrate the
Yuletide by "running" the town. When
he began to shoot the majority of the
inhabitants took to cover. Deputy Mar-
shal L. E. Ray attempted to arrest Mad-
dox, but was mortally stabbed. Mad-
dox then took a horse and rode off, but
he encountered a posse and in the battle
that followed was killed.

POSTOFFICE SAFE AT PULASKI IS DYNAMITED

OTTUMWA, Ia., Dec. 27.—The post-
office safe at Pulaski, thirty miles south-
east of here, was dynamited last night
and from \$50 to \$100 in cash and stamps
stolen. The explosion wrecked the inter-
ior of the building and blew holes in the
