

AFFAIRS AT SOUTH OMAHA

New Building May Be Added to the Local Hospital.

NURSES TO GRADUATE MAY 26

Mrs. Fred Rauschenback Dragged by Cow and Quite Seriously Injured

—Capon Causes Arrest of Fred Boris.

South Omaha hospital will have an addition built to accommodate the increasing demands of patrons or an entire new building will be secured in addition to the building now occupied. This was the sense of a recent meeting of the board of trustees of the hospital. Practically a complete reorganization has been effected in the hospital trustees and plans for the growth and increase of the hospital are being made every day.

At the meeting held Friday night a set of rules and bylaws were adopted and committees were appointed to serve for the coming year. The hospital is a voluntary organization and no member of the board receives any salary.

It was announced at the meeting that the graduating exercises for the training school would be held Tuesday, May 26, at the new Methodist church, Twenty-fifth and D streets. During the term of the hospital's existence twenty-eight nurses have been graduated from the school only three nurses will graduate. Five hundred patients were treated at the hospital this year.

President Roy Waters appointed the following committees to serve for the coming year:

Chairman of the finance committee, Max Focht; chairman of the house committee, Mrs. Etta Brewer; chairman of the Judiciary committee, W. B. Tarr; chairman of the training school committee, J. D. Ringer; chairman of the building and grounds committee, W. B. Cheek; chairman of the medical staff committee, C. J. Talbot; chairman of publicity committee, W. B. Tarr.

Dragged by Cow.

Dragged behind a frolicsome cow which she was driving in from the pasture, Mrs. Fred Rauschenback, 25 years old, residing at Railroad avenue and Polk street, lost her footing on a plank stretched across a deep ravine near her home and fell headlong twenty-five feet to the bottom of the ravine. She sustained a severe scalp wound and a light concussion of the brain. Dr. E. J. Shanahan was called and dressed the wound.

Unless complications set in Mrs. Rauschenback will recover.

Causes Arrest of Boris.

Walter Capon journeyed to the alleged home of Gary Lind, to intercept the alleged idol in which his wife and Fred Boris are said to have played the principal parts. Walter arrived a few days ago and found his wife and baby here. Rooming at the same house was Fred Boris or "Tom Sharkey," as he was known in South Omaha. Boris was arrested on complaint of Capon who wants his wife to return to Gary with him.

Capon and his wife were married in Russia about three years ago. She came to this country, but is said to have grown tired of her husband's alleged mistreatment. When Boris came west she also came bringing her baby. When the police arrested Boris yesterday, Mrs. Capon offered to return to her husband if he would withdraw any charge against Boris. It is understood that the case may be settled that way.

To Fumigate Picture Houses.

Everything is to be so clean in South Omaha that moving picture houses must be fumigated at least weekly, according to the latest ukase in the Magic City. The fumigation bureau has worked around from back rooms and smelly corners to a point where everything from the police station to the moving picture show houses must be fumigated.

Death of Mrs. John Monroe.

Mrs. John Monroe, aged 51 years, died yesterday at the residence of her daughter, Mrs. George Vanscoy, Eighteenth and Harrison streets. The funeral will be held Monday morning at 8 o'clock from the late residence of the deceased to St. Agnes' Catholic church. Interment will be made at Holy Sepulcher cemetery in Omaha.

Industrial Exhibit.

This week the usual annual exhibit of industrial work in the public schools will be held. In addition to the usual features there will be some good specimens of wood turning, which has been made possible by the addition of new machinery. There will be some specimens of culinary art in the domestic science department. This exhibit will be open during evenings.

Shubert Club Smoker.

The Shubert club will give a smoker and entertainment to the men of the St. Agnes' parish tomorrow evening at the Workmen temple, Twenty-fifth and M streets at 8 o'clock. A fine program has been scheduled by the program committee and every effort has been made to make the evening successful. The well known "Rube Wrestlers" have been secured to take part in the program along with a display of home talent. Upon request of President McCarthy of the club, a well known orator has consented to make the speech of the evening. A local quartet will render several musical numbers during the evening.

The club has recently been organized and is considered one of the liveliest in the city. It is expected that about 300 men will be present on this occasion.

Police Will Reduce Weight and Induce Speed on Diamond

The Omaha metropolitan police department's ball club is organized and it's some club. And they can play ball. Already the Hamburger-Pacific steamship line has offered to take them around the world on a tour, merely for advertising and ballast purposes.

The team was organized yesterday. Jim Murphy is captain, Lyman Wheeler, motorcycle cop, is manager, and nobody else but Chief Dunn is sponsor.

"After we lick the Bourkes, the Triumphs, and some of these other teams, will play the Chicago Cubs for the benefit of some Omaha charity," said Dunn, joking.

Here's the personnel of the team:

Two hundred and fifty-pound Frank McCabe, catcher; 200-pound Jim Murphy, pitcher; 150-pound Tony Vanous, J. pitcher; 200-pound Lon Troby, first base; Jim McDonald, second base; George Armstrong, third base; Krebs, third base; Lyman Wheeler, shortstop; Silenski, Emery, Farrand and Francis, fielders; O. P. Petersen, pitcher.

The ball players are switching around so that they can all work on the same shift and practice together. No city time will be used.

Many of the members of the team are old time professional ball players and are really clever.

"A ball team in the police department will be a good thing," said Chief Dunn, becoming serious. "Some of the men are heavy—not fat—just big, and the practice will put them in better shape to do their police work. It will be a good thing for the men. The firemen have a cracker-jack team, and when our boys get solidly organized, we'll play 'em at Bourkes' for the benefit of some local charity. Then we'll even take a crack at Pa's Sterlings, maybe."

Cutting out the Josh, the copper team will really be a corker. Some of the members may look like "before-taking" ads, but appearances are deceivable. Frank McCabe, for instance, is the biggest man on the department, and the fastest. And Jim Murphy is big, and no slouch. George Armstrong used to pitch in the Kansas State league, and Wheeler was a United States army star in the Philippines.

Steve Maloney is being trained for umpire, and anything the team can't win, Maloney will get for them.

Creighton Students Prepare for Final Examination Now

Students of the Creighton Arts college Friday began preparations for the final examinations of the year in that department. The fourth quarterly examinations, known as the "silents," have been finished. Students will not receive the grades made in these until after the finals.

The annual commencement exercises of the arts department will be held at the Brandeis theater June 11, at which time nineteen young men will receive A. B. degrees.

Members of the senior class took examinations for state teachers' certificates last week.

Because of the annual college play on May 25 and the grind brought on by examinations, the public debate planned by the oratorical association has been cancelled.

Aside from the final examinations, the big event in the present student life is the annual students' play, to be given May 26 at the university auditorium. Tickets are selling like hot cakes among university friends and indications point to a sale of enough tickets to require a two nights' performance. Reserved seats will be placed on sale at the Beaton drug store next Thursday.

The play will be produced by a cast of seventeen students, with William Fishery in the leading role. "In the Land of Revolutions" is the title of the three-act comedy. It deals with the revolutions in a Central American republic. During the play a large body of super-representing the soldiers of one of these republics, and others representing United States soldiers, will be introduced.

Rev. Francis J. Cassidy, S. J., supervisor of the law and dental departments, is at Cincinnati, O., on a two weeks' visit.

BURGESS-NASH COMPANY STARTS BIG PIANO SALE

The Burgess-Nash company has sold its piano stores at Alliance and Norfolk, as well as its Nebraska agencies for various makes of pianos, to the Haddorff Music House of Nebraska.

With the announcement of this sale, the Burgess-Nash company finds it necessary to bring to its music department in Omaha, more than a hundred pianos and player-pianos of various makes, because of the fact that the Haddorff Music House company, is a manufacturing concern.

The result of the concentration of so many pianos in the store here is that the music department is overstocked, and an unusually attractive sale will be held to dispose of the surplus.
