You Smoke a "Better" Tobacco -Why Not Smoke The Best?

THE tobacco you now smoke you consider "better tobacco than you ever smoked before." Naturally, you kept trying until you found a "better" one.

But it stands to reason that since there is a difference in tobaccos, you may be missing still greater pleasure in a still better smoke -in the BEST smoke, in fact.

Tuxedo is the best smoke because no better tobacco leaf grows, and no process of treating tobacco leaf equals the original "Tuxedo Process."

We know that Tuxedo is made of the BEST tobacco-rich, mellow, perfectly aged Kentucky Burley. None better can be bought, because none better is grown.

It is treated by the famous original "Tuxedo Process" for removing the sting and bite of the natural vegetable oils.

Tuxedo was born in 1904. Its first imitator

appeared two years later. Since then a host of imitations have sprung up.

No other tobacco can give the unique pleasure of Tuxedo because no other maker has yet been able to equal the Tuxedo quality.
