

TIGERS FIND MACK HURLERS

Plank Driven Off Rubber in Third by Detroit Sluggers.

SHAWKEY AND COVESKIE GO

Both Are Taken Out in Very Next Frame After They Succeeded First.

PHILADELPHIA, May 21.—The biggest crowd of the season at a base ball game here saw Detroit defeat Philadelphia today, 5 to 4. The visitors drove Plank off the rubber in the second inning, and his successors, Shawkey and Coveskie, were both taken out in the third inning.

A delegation from Shamokin, Pa., presented Coveskie with a diamond locket and Strunk with a bouquet, while Burns, a Philadelphia boy, received a diamond scarf pin, it being his first game here as a major leaver. Burns hit a home run drive into the left field bleachers in his first game at Bat. Score.

Table with columns for Philadelphia and Detroit stats including runs, hits, errors, and total scores.

PHILADELPHIA, May 21.—The biggest crowd of the season at a base ball game here saw Detroit defeat Philadelphia today, 5 to 4. The visitors drove Plank off the rubber in the second inning, and his successors, Shawkey and Coveskie, were both taken out in the third inning.

WINGHELL HERE SHORT TIME

Director of Traffic of Harriman Lines in Omaha for Two Days.

MEETING OF THE OTHER OFFICIALS

Visitor Talking Over Business of the Road with Department Heads.

The traffic department of the Harriman lines of railroad has been moved from Chicago to Omaha. However, it will remain here but a couple of days, going back to Chicago when H. L. Winchell, director of traffic, returns to that city.

Mr. Winchell came over from Chicago yesterday, accompanying President Mohler, who went to the Illinois metropolis to meet him and escort him to this city. Here he established himself in one of the large rooms of President Mohler's suite, where, during his stay, he will conduct the traffic business of the Harriman system.

During the morning Mr. Winchell was in conference with President Mohler, General Traffic Manager Muntze, Passenger Traffic Manager Part, Freight Traffic Manager Wood and General Solicitor Loomis. At noon he, together with the other officials of the Union Pacific, was the guest at luncheon of the public affairs committee of the Commercial club, being down on the card for a short talk on railroads and railroad conditions throughout the country.

While in the city and not at work, Mr. Winchell will be at the Omaha club, where apartments were reserved for him during his stay. Mr. Winchell asserted that his trip to Omaha at this time has no significance. He said that he came over to stay a few days and get better acquainted with the Union Pacific officials and meet them in their offices. During his stay in the city, although it is to be comparatively short, he hopes to meet a large number of the business men and accompanied by the Union Pacific officials, he will call upon them. He will also call at the newspaper offices.

GRAIN AND PRODUCE MARKET

Wheat Shows Wonderful Rallying Powers and Makes Gains.

YELLOW CEREAL IS STRONG

Corn Makes Net Gains Upon Information From Argentina that Crop Outlook Is Reduced by Heavy Rain.

OMAHA, May 21, 1914. Wheat was featured of wonderful rallying power. The market showed net gains of several cents, a nervous affair, and while the situation looked weak early in the session, there was a complete change in the closing bell was rung out, when a decided rally was under way. The shorts felt somewhat better after the early promise of again assuming control of the market. Those who believed that prices were too high led to the early selling. They threw overboard good lines of July and September and when a few of the more timid attempts were made to cover the lines the wheat was not to be had—unless they bid up for it.

The market at the moment is anxious for news of a bullish character. For this reason the report of a leading crop expert, in which it was claimed that a reduction of 400,000 bu. in the winter wheat crop from a few weeks ago is among the possibilities. This expert spoke of the best wheat crop in the world, and that the grain world knows and places the losses in some sections of Missouri as high as 25,000 bu. in the winter wheat crop. This state the losses will, it is said, be total. It was also claimed that in the southern part of Illinois the crop is intact with both July and September crops.

There were no reports of sections of Kansas being badly in need of moisture, and it was noted that the wheat crop from that state said that unless there was a heavy rainfall over that section it would be a failure. The weather reports from that state are higher and conditions are more favorable for the growing crop.

Wheat specialists almost to a man will come down this morning with a forecast that the grain market is likely to be seen. New buying power has come into wheat in order to hold the price steady and the market is spread in the Heasian fly came in to hold to advance values. The average price for the grain markets during the last year, and these people are quick to take profits when the market is overvalued. There were sales of No. 2 hard winter at 81 yesterday, which was considered a fairly price.

Corn was strong yesterday and there were net gains of 1/8 cent. Heavy rains continued in Argentina and the surplus of that country, which has been reduced by experts to 180,000,000 bushels, and it is expected that shipments will be small until the end of June.

Carrots were generally higher in all markets, but the shipping market is limited, and there are active moderate farmers were asking advances for their corn and the country elevator people were also demanding higher prices.

Onions were strong and higher for the entire lot, the strength coming mainly from reports of a poor crop in the growing crop. There was more outside buying.

There was a better cash trade in cured meats and the provision market was strong, notwithstanding the weakness in hogs at the stock yard. Shipments were July 25 and shorts of July pork. Packers were in the market for a few days, but cash wheat was lower.

Cash corn was unchanged to 1/8 cent lower. Cash oats were unchanged to 1/8 cent lower. Cash soybeans were unchanged to 1/8 cent lower. Cash peas were unchanged to 1/8 cent lower.

CHICAGO, May 21.—Rain in Kansas and Nebraska with a prospect of showers here instead of winter crop but dispirited today for the time being fear that the harvest may be worse. The market was quiet and the price of wheat, corn and soybeans were steady.

Rev. Mr. Lyons said that the church could well afford to invest its every cent in a mighty campaign for an effective evangelistic forward movement.

The report of the executive committee of foreign missions, presented to the assembly, upheld the policy of the national administration at Washington in the Mexican situation and made an appeal that intervention in Mexico take the form of a moral instruction rather than the force of arms.

Thirty Americans in Danger at Laguna. PENSACOLA, Fla., May 21.—Thirty Americans at Laguna, in the Mexican state of Campeche, are unable to communicate with the United States authorities and are in danger of violence, according to J. P. Lewis of Petersburg, Va., who reached Pensacola last night. Lewis said the Americans were running short of food and their situation was serious.

HISTORIC TRACK MAY BE MADE INTO MOTORROME. NEW YORK, May 21.—Announcement was made today that the Sheephead Bay race track, the famous course of the "Coney Island Jockey club, is now under an option of sale, the holders of which intend to close their contract to purchase the property, it is said, is valued at more than \$2,000,000. If the title to the property is obtained the track will be turned into a motorrome park. On the Sheephead Bay track for many years such famous races as the Suburban, Futurity and Realization stakes were run.

Plans to Reorganize Wabash Road Given to State Officials

ST. LOUIS, May 21.—Plans for the reorganization of the Wabash railroad is now in the hands of a federal receiver, were laid before a joint committee of the public service commissions of Missouri, Ohio, Illinois and Michigan.

The plans provide for a new stock issue of \$50,000,000. These shares are to be exchanged for the present preferred stock at par and for the present common stock at 88 cents. The outstanding stock exchanged for the new are to be assessed at 80 cents. This assessment will result in a total of \$18,000,000 cash, which, with \$1,000,000 expected to be obtained by the sale of \$14,000,000 in refunding bonds at 86, is expected to supply more than \$20,000,000 of the cash requirements of the road.

Among the cash requirements are receivers' certificates aggregating more than \$14,000,000; payment of treasury securities, pledged for 4 1/2 per cent gold bonds, already matured; equipment obligations, sinking fund on underlying bonds, and \$500,000 for new equipment and working capital.

It is proposed to organize a new company to take over the Wabash properties, either at the foreclosure sale or otherwise. The new securities are to aggregate \$14,000,000, including common stock, adjustment bonds and refunding bonds. The present securities undistributed are to exceed \$60,000,000, making the total outstanding securities of the reorganized company \$39,000,000, more than \$10,000,000 in excess of the assets.

The reorganization committee plans an extension of double tracks, the reduction of grade, the elimination of grade crossings, an extension of the automatic block signal system and the purchase annually for five years of fifty freight locomotives, six passenger locomotives and 5,000 freight cars.

NEW YORK, May 21.—New York won the first game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

NEW YORK, May 21.—New York won the second game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

NEW YORK, May 21.—New York won the third game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

NEW YORK, May 21.—New York won the fourth game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

NEW YORK, May 21.—New York won the fifth game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

NEW YORK, May 21.—New York won the sixth game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

NEW YORK, May 21.—New York won the seventh game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

NEW YORK, May 21.—New York won the eighth game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

NEW YORK, May 21.—New York won the ninth game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

NEW YORK, May 21.—New York won the tenth game of its series from Cleveland today, 5 to 2. Coleman was hit three times by the Indians, but won the game by scoring three runs in the third inning. Fisher pitched a strong game for the seventh when a pitched ball hit him in the back, but he continued playing. Score: Cleveland 2; New York 5.

Review of Operations on Stock Exchange During the Day

NEW YORK, May 21.—Recurrent dullness accompanied by general heaviness was the feature of today's stock market. Most of the representative issues registered material fractional declines on light offerings, thus following the lead of London, where our securities again manifested a drooping tendency. In fact, the foreign situation has once more assumed serious proportions, particularly in Paris, private advices from that center suggesting general over extension in Russia, Mexico, the Philippines and the Balkans.

Number of sales and leading quotations on stocks were as follows:

Table of stock prices and sales.

Analysis of the market shows that the stock market was generally quiet and steady. The price of stocks was steady and the volume of trading was light.

The market for government bonds was quiet and steady. The price of government bonds was steady and the volume of trading was light.

The market for foreign exchange was quiet and steady. The price of foreign exchange was steady and the volume of trading was light.

The market for commodities was quiet and steady. The price of commodities was steady and the volume of trading was light.

The market for interest rates was quiet and steady. The price of interest rates was steady and the volume of trading was light.

The market for credit was quiet and steady. The price of credit was steady and the volume of trading was light.

The market for insurance was quiet and steady. The price of insurance was steady and the volume of trading was light.

The market for shipping was quiet and steady. The price of shipping was steady and the volume of trading was light.

The market for telegraph was quiet and steady. The price of telegraph was steady and the volume of trading was light.

The market for electricity was quiet and steady. The price of electricity was steady and the volume of trading was light.

The market for gas was quiet and steady. The price of gas was steady and the volume of trading was light.

The market for water was quiet and steady. The price of water was steady and the volume of trading was light.

The market for coal was quiet and steady. The price of coal was steady and the volume of trading was light.

The market for oil was quiet and steady. The price of oil was steady and the volume of trading was light.

Worship Disturbers Will Be Arrested by Message They Hear

KANSAS CITY, Mo., May 21.—Declaring that "delegations of discontented people will keep on coming to the churches to disturb worship until after a while they will be arrested by the message they hear instead of by the police," Rev. J. S. Lyons of Louisville, Ky., in the moderator's sermon, before the Presbytery general assembly here today, made a strong plea for higher vision. He spoke from the text, "Where there is no vision for the people perish."

Rev. Mr. Lyons said that the church could well afford to invest its every cent in a mighty campaign for an effective evangelistic forward movement.

The report of the executive committee of foreign missions, presented to the assembly, upheld the policy of the national administration at Washington in the Mexican situation and made an appeal that intervention in Mexico take the form of a moral instruction rather than the force of arms.

The report of the executive committee of publication and Sunday school work declared the publishing business of the church to be in a flourishing condition.
