#### PIRATES BUMP THE PHILLIES Firemen Accept the Challenge of Police for Base Ball Clash

tance, have accepted the challenge of the police department to play a same of base ball to decide the departmental championship in the national game. An open letter, addressed to Manager Wheeler of the police team, follows:

Dear Sir: From various sources, which you can guess without great difficulty, the information comes that you feel that the enormous size of each individual member of your base ball club is all that is required to take our measure. Forget it, Brother Wheeler, forget it quickly. I am any justification in the view you hold, but simply to appeal to your better judgment before you take the irrevocable step of actually giving us a game. In reality, you are taking a series of co-incidents too seriously and putting an altogether wrong construction on them. It is often unwise to jump to hasty conclusions and that your conclusion were most emphatically hasty I have no doubt you will admit if you will reason the matter out. Drop in and see me any time and I assure you that we can agree on terms, and as far as a date is concerned, I will cancel any engagements we have to accomodate your club. Respectfully.
