

Nebraska ENFORCING THE GAME LAWS

Prosecutions for Violations Have
Been Made in Several Places.

CROPS ARE FINE IN HOLT

Land Commissioner Beckmann Re-
turns from Visit to North, Where
He Inspects the Fields of
Wheat and Corn.

(From a Staff Correspondent.)
LINCOLN, June 1.—(Special)—Prosecu-
tion for fracture of the game laws of the
state have been made in several
instances during the past week.
At Schuyler, A. J. Steele and J. F. Gra-
att were arrested for fishing without a
license and for killing meadow larks
which they used for bait. They pleaded
guilty to the charge and were fined, with
costs amounted to \$25.50 each. The
prosecutions were brought by S. A. Bow-
ers, of Columbus, special deputy warden,
George Mason, F. Engle, C. Chiles, and
a man named Holmes were arrested at
Ashland hunting without a license and
killing squirrels and birds. They were
fined in the aggregate the sum of \$4.
Frank Gton and Tom Cosh of Columbus,
were fined \$10 each for sealing after
bleeding guilty to the charge.

Crops Fine in Holt.

Fred Beckmann, commissioner of public
lands and buildings, spent a portion of
last week in Cherry, Holt, Brown and
Rock counties, reviewing appraisals of
school lands. He says that crops in those
counties are looking fine and thinks that
the crops will be the best they have been
for years. Five inches of rain has fallen
in Holt county in the past few weeks
and as a result everything is in first
class shape.

Stearns Files Again.

Frank E. Stearns, of Scotts Bluff, who
served in the lower house of the last
legislature, has filed again for the re-
nomination in that district, which com-
prises the counties of Scotts Bluff and
Morrill. Mr. Stearns is a republican,
and on account of his likeness to Wood-
row Wilson, is sometimes taken for that
president.

Fred Hoffmeister, of Imperial, the "Jolly Dutchman" of the last session, has also filed to represent the 29th district in the next session. Mr. Hoffmeister is a democrat. His district comprises the counties of Chase, Perkins and Hayes.

Reed Leaves for East.

According to the records of the auto-
mobile registry clerk in the office of
Secretary of State Waite, numbers is-
sued now run to 55,779. In the estimation
of the clerk, probably all but about 4,000
of these are in actual service on
machines, which would make about 50,000
machines in service in the state, which,
according to the last census, would make
about one automobile to each 14 people
in the state, or about one for each three
families.

Many Autos in State.

E. W. Reed, who has been acting as
commissioner of the blue sky depart-
ment of the railway commission and who
recently resigned to accept a position as
superintendent of the work of valuation
in western states in the employ of the
Interstate Commerce commission, left
this morning for Washington, where he
will confer with the commission and
from there will go to Kansas City where
he will have headquarters. It is probable
that Mr. Forbes, chief engineer, will look
after the work of the blue sky depart-
ment for the present.

have made great advancement since the
rains of last week. The wheat crop has
been made, and the moisture has put the
Hessian fly out of business. A few of the
farmers expect to begin harvesting the
crop in about three weeks.

Nebraska. Memorial Exercises at Soldiers' Home

MILFORD, Neb., June 1.—(Special)—
Memorial day was observed here at the
state soldiers' home. Members of the
Grand Army of the Republic and Wom-
en's Relief corps, with their friends as-
sembled at 11:30 p. m. The exercises
opened with vocal music followed by
prayer, reading of the Gettysburg ad-
dress and order of General Logan inaugu-
rating Memorial day some forty-five
years ago.

General Culver then introduced Dr.
Edwin Maxey, professor of international
law and diplomacy in the law depart-
ment of the state university, who briefly
reviewed the history of the country from
the formation of the confederacy of the
thirteen states. He said in part: "The
civil war, an outgrowth of conflicting
legal, economic and moral ideas. It was
by no means a sudden outbreak, but the
evolution of a divergence of viewpoints
antidating the formation of the constitu-
tion. Such were the conflicting views as
to the relative power of the federal gov-
ernment and that of the states and also
on the question of slavery; that the con-
stitution in order to be adopted by the
convention and ratified by the states,
was necessarily a compromise and in the
slavery compromise rested the germs of
the civil war. The Missouri compromise,
Clay's compromise, the Kansas-Ne-
braska bill, all emphasized the imprac-
ticability of any permanent settlement
by compromise. Technically the civil
war was fought out on the legal question
of the right of the federal government to
enforce its laws against the will of a
state. The result proved the supremacy
of the government over all its parts." He
held the large audience in close at-
tention for one hour, with the most
logical and eloquent address ever made
here on Memorial day. He paid a glowing
tribute to the boys of sixty-one and five
and their valor which preserved to us a
nation.
At the close of the address the women
marched to the cemetery, where the
graves were decorated.
One of the interesting features of the
day was the presentation of Christian
Curtright, a survivor of the Mexican war.
He is 91 years old.

seh as veterinary inspector to assist the

AUTOMOBILE SKIDS THROUGH BARB WIRE FENCE

BRAINARD, Neb., June 1.—(Special)—
Brainard was visited by a rainstorm Sun-
day afternoon of almost cloudburst pro-
portions. While it lasted only thirty-five
minutes 1.9 inches of rain fell, accom-
panied by some wind and hail. This
gave Brainard 5.3 inches of rain during
the month of May.
A. C. Coufal while hurrying home dur-
ing the storm in his auto, lost control of
his machine, which skidded across a ditch,
through a barbwire fence and into a

City Dads to Pay Their Share for a Playground Expert

City commissioners will hire an expert
from the National Playground association
at \$15 a week for two weeks "if the
Board of Education will do likewise."
Commissioner Dan Butler opposed the
council's action, saying the money could
be spent to better advantage by building a
bath house at Carter lake or improving on
the work of the park commissioner.
The expert will "advise" with Park
Commissioner J. B. Hummel. He is
brought here by several citizens who are
raising a fund of \$2,000 to hire him to
study the playground situation in
Omaha.

OFFICERS INVADE CRAP GAME AND ALL ARE FINED

"Ah, done got 'em faded," was the cue
for the forward march of Officers Peter-
son, Coffey, Cunningham and Madsen
into the house of John Coleman, 2031 Cen-
ter street, where ten negroes and Jack
Erouth, an 18-year-old white boy were
drinking and shooting craps.
"We just met to organize a ball club,"
Coleman told Judge Hascall, "and served
refreshments as a side issue. I didn't

"Ten and coats for having eyes and see-

then fined the other inmates \$2.50 each.
