ASK CASE BE ADVANCED

Frank Best and August Harte Want Action in Moorhead Suit.

CALL OUT FOR HARVEST HELP

Greuber of Thayer County Declares that It Will Be Difficult to Get Men Enough to Do Work This Summer.

(From a Staff Correspondent.) LINCOLN, June 3.—(Special.)—Frank C. Best and August C. Harte, county commissioners of Douglas county, have filed in the supreme court a motion to advance the case brought by them against Harley G. Moorhead, election commissioner of Douglas county, claiming that a question of public interest is involved whether the terms of office of Best and Harte shall be shortened by reason of the provisions of section 1365 of the revised statutes, which provides that in counties under township organization leaving five commissioners, three shall be elected in 1914 and each four years thereafter.

They set out that Election Commissioner Moorhead is unlawfully receiving and filing nomination papers from persons, who seek the nomination for the offices held by them, as representatives of the third and fifth districts, notwithstanding the offices will not expire until the first Tuesday in January, 1916, and ask for action of the court before July 15, 1914, or the litigation will be useless.

Omaha Road Is Sued.

The Chicago, Minneapolis, St. Paul & Omaha railway has appealed from a judgment secured in the district court of Douglas county in the amount of \$66.39 by Henry H. Payne, for neglect to deliver a bunch of thirty-two cattle, shipped from Luther to South Omaha, a distance of 137 miles in the time usually needed for shipments of that kind.

Scouting for Harvest Hands.

William Greuber of Thayer county was at the office of the commissioner of labor this morning discussing the proposition of harvest hands for the coming harvest. Mr. Greuber is of the opinion it will be hard work to get sufficient help for the harvest on account of the yield being so great. He says that small grain will be exceedingly heavy in and around the section of the country and that corn is looking finely, most of it already having been plowed the first time.

Mr. Greuber was a member of the last house of representatives as a democrat, but this year has filed for the senate for the Fifteenth district, composed of Thayer and Jefferson counties, represented in the last session by John Hearty of Fairbury. Mr. Greuber says that Thomas Lanher of Bruning, who served in the lower house during the 1906 and 1907 sessions, has filed for the republican nomination, or at least has paid his filing fee to the county treasurer, but so far it has not been received by the secretary of state.

Ann Merle Eden has brought suit for \$10,000 damages in the district court against Albert Dousch of Lanham, Kan. She alleges that the young man promised to marry her. Young Dusch was bound over to the district court Tuesday on a statutory charge preferred by the young woman. He was released on a bond of \$1,500.

Mrs. Lydia Cain, for the last twenty-six years a resident of Beatrice, died Tuesday morning of cancer. She was 64 years of age and leaves a family of six children.

Three marriage licenses were issued Tuesday morning in county court. The parties are: Lester T. Tate, aged 30, of Vermillion, Kan., and Gladys M. Durr, aged 21, of Sabetha, Kan.; William L. Jones, aged 27, and Maude E. Mitchell, aged 20, both of Wymore, and Michael Krueger, aged 22, and Winnie, aged 17, both of Firth.

Webster Denies Right to Demand Physical Values

(From a Staff Correspondent.) LINCOLN, Neb., June 3.—(Special.)—According to arguments made by General J. L. Webster, attorney of the Omaha and Council Bluffs Street Railway company before the supreme court today, the state railway commission has no right to demand that the street car company shall make a physical valuation of its plant for the use of the railway commission.

The hearing was a case brought by the railway commission to compel the company to furnish the commission with the physical valuation of the plant which the company refused to do.

General Webster admitted the power of the commission over street railways in fixing rates and enforcing schedules for the running of trains, but denied that the physical valuation law passed covering railroads included street car companies.

On the other hand, Deputy Attorney General Ayers, appearing for the state, contended that there was no question but that the physical valuation law was intended to take in the street car companies.

La-Grippe and Colds

In La-Grippe and Colds, Anti-kamnia (A-K) tablets are unexcelled, as they stop the pain, soothe the nerves, and bring the rest so greatly needed by nature to restore the system to health. Physicians have used these tablets for over twenty years, in the treatment of colds, fevers and la-grippe, and have found no other remedy more useful in these conditions. Anti-kamnia Tablets are so inexpensive, so pleasant to take, so satisfactory in their results, and so useful in all conditions where there is pain, that A-K Tablets should always be kept in the house for the time of need. Many of our ablest physicians obtain perfect results in la-grippe and colds, by cleansing the system with Epsom salts or "Actoids", a very good cathartic, putting the patient on a limited diet, and administering one A-K tablet every two or three hours. This treatment will usually break up the worst case in a day or two, while in milder cases, ease and comfort follow almost immediately. These tablets are also unexcelled for Neuralgia, Rheumatic Pains, the Pains of Women, Indigestion and Insomnia. All druggists have them. Genuine A-K Tablets bear the A mark. P.
