Maher Talks at Upland.

Colonel John G. Maher has been invited to act as orator of the day at the annual Odd Fellow picnic at Upland. Last year Governor Morehead was the selection. Colonel Maher has been given to understand that he can talk on any subject he desires and has announced that he will confine most of his remarks to woman suffrage and state-wide prohibition.

Protest Against Big Trains.

It is reported that farmers out in the western portion of the state are raising a protest against the railroads for carrying too heavy trains, a couple of men from North Platte this morning stating that the westbound trains on the roads carry from seventy-five to 100 cars, while the east-going trains have all the way from eighty to ninety cars. On account of the heavy trains regular time cannot be made and stock shipped to the markets are much delayed.

Asks for Regulation.

Governor Morehead has asked the governor of Missouri for a regulation for the return to Lincoln of John Morris, wanted for assault with intent to kill, who is being held in St. Joseph by the chief of police of that city. The alleged crime was committed in Lancaster county.

Marriage Licenses.

John T. McCune, Ottumwa, Ia., 58, and Lillie M. Rudig of Griswold, Ia., 38, were given a license to wed in Lincoln yesterday. Elmer H. Ledyard, Sioux City, Ia., 32, and Martha Umbarger of University Place, 24, were also granted a license.

Juniors Play Tricks Upon the Graduates

GRAND ISLAND, Neb., June 6.—(Special.)—The graduating exercises of the high school were disturbed last evening by the junior class in a demonstration of the usual class rivalry that went a little beyond the usual bounds and led to the arrest of Ray Menck and a search for several others. When in the middle of the program the junior 300 broke forth. It was apparently a signal for action from different parts of the house. From the fly-loft there came down a fine snow of white confetti, falling for fully two minutes. From the gallery there came a shower of paper ribbons, thrown into the audience below and toward the stage.

The demonstration was taken good naturedly until a heavy thud told of cabbage thrown from the gallery to the stage. The school authorities then called the police. Menck was, however, released several hours later and no charge was preferred. Officer Grant Hadlock made the arrest on the highest portion of the opera house roof. One of the graduates immediately thereafter took up the war, prefacing his essay with the remark that the juniors always had been troublesome, but that he given the seniors no concern until it was evident, looking at the cabbage, that their rivals were beginning to lose their heads. The class numbered forty-four.

Notes from Upland.

UPLAND, Neb., June 6.—(Special.)—Fifteen automobile loads of boosters, accompanied by the Hildreth band, left Upland yesterday morning to advertise the Independent Order of Odd Fellows' picnic to be held here Wednesday, June 10. A trip of 136 miles was made during the day. The following towns were visited: Hildreth, Wilcox, Bloomington, Franklin, Mason, Campbell, Bladen, Holstein, Norman, Minden.

The Campbell Commercial club met the boosters a mile out of Campbell and escorted them into town, where they served a fine dinner to the fifty-seven participants in the trip.

Hon. John G. Maher of Lincoln, A. M. Walling, grand master of the Ancient Order of United Workmen, and Frank Johns, grand master of Independent Order of Odd Fellows, will speak here picnic day, June 10.

Upland is to have a new church. Presiding Elder Snyder of the United Brethren, came to town last Saturday and found such a demand for another church that he started a subscription list, and by Tuesday night had raised enough money to assure the building of a fine church this summer.

Better crop conditions, at this time of the year, have never been seen in this locality. No more rain is required to make wheat. The first crop of alfalfa is cut and is running over one and one-half tons to the acre. Corn is growing fast. Oats may need some more rain.

Many Young Women Campaign for Funds For Expo Building

LINCOLN, Neb., June 6.—The names of 2,000 young women in Nebraska have already been entered in the contest to win a trip with expenses paid to the Panama Pacific International exposition.

By June 17, the day proclaimed by Governor Morehead as Nebraska Panama-Pacific Dollar Day, no less than 2,000 young women in Nebraska will be engaged in the taking of one dollar contributions for a Nebraska building at the Panama-Pacific exposition. Each contributor of \$1 will receive a bronze medal bearing upon one side the seal of the state of Nebraska, and upon the other the seal of the exposition.

To the young woman who sends in the largest amount of money that received will be given a trip for one week to the exposition with all expenses paid, or \$100 in cash. To the three women sending in the next largest amounts will be given free transportation to the exposition or \$50 in cash. To the next 250 women will be given gold medals of the design above described.

Lieutenant Governor S. R. McKelvie of Lincoln has been placed in charge of the raising of this fund and he confidently predicts that on June 17, the day designated by Governor Morehead as "Dollar Day," no less than 25,000 loyal Nebraskans will respond.

That the women of Nebraska should take such a prominent part in the raising of this fund speaks well for their public spirit and enthusiasm.

Women who wish to enter this contest should send in their names at once to Lieutenant Governor McKelvie, and complete information will be sent them.

SAYS BANK OWES MATTERS

Expert Accountant Wetting Files Report on Sutton Institution.

WRONG ENTRIES MADE IN BOOKS

Affidavit Filled in Connection with Report Declares that Affairs of First National Have Been Very Much Twisted.

(From a Staff Correspondent.)

LINCOLN, Neb., June 6.—(Special.)—A new turn in affairs was shown today in the failure of the First National bank of Sutton when Expert Accountant I. E. Wetting, who has been employed to make an accounting of the affairs of the failed bank, filed in federal court a statement which showed that instead of Thomas H. Matters being indebted to the bank, the bank instead owed Matters sums in the aggregate of more than \$30,000.

The affidavit filed in connection with the findings of the accountant shows that the books of the bank were improperly and fraudulently kept as far as the Matters account was concerned and that by going into a very deep investigation of the affairs of the bank only can the true condition be found.

In addition to the affidavit of Mr. Wetting was another from Superintendent of Collections G. H. Johnson of the Nebraska Telephone company, which shows in effect that no phone calls were registered from Mr. Matters to President Luebbeck of the failed bank on September 10 or 11, 1913, when the latter alleged that Matters called him up and reported the deposit of \$1,500 in the Merchants National bank of Omaha to the credit of the Sutton bank.

Wetling's Affidavit.

The affidavit of Mr. Wetting is about as follows:

Affiant further states that the examination, as far as it has proceeded, leads him to a knowledge of the fact that the bank's books, so far as they pertain to the Matters account, were not correctly or accurately kept and that any credits due Mr. Matters were entirely omitted from the account and that these omitted credits many thousands of dollars during the period under consideration. Also, affiant says that a large number of charges were entered in the Matters account improperly and fraudulently and that these aggregate many thousands of dollars. The showing transmitted by affiant and purporting to be an exact copy of the Matters account showed overdrafts of \$100.00, when in fact a correction of the overdraft charges and proper crediting of the items omitted disclosed a large balance in favor of Thomas H. Matters.

Going further into the matter of the net credits of the Omaha man in excess of \$20,000, the Wetting affidavit says:

Affiant says that he has made an examination of the bank's books, accounts and documents and is able to state that at the commencement of this suit, March 2, 1914, Thomas Matters was not indebted to the bank in any sum, but, on the contrary, the bank was indebted to Matters in the sum exceeding \$30,000. That of this sum several thousands are due on open items charges and proper crediting of the items omitted disclosed a large balance in favor of Thomas H. Matters.

Good News for Sufferers From Kidney Diseases

The kidneys from their delicate construction and the filtering work required of them, are more susceptible to disease than any other organ in the wonderful machinery of the human body. The most deplorable feature of kidney disease consists in its subtle and delusive character, and so insidious are its ravages that many victims do not even suspect its existence until the advanced stages have been reached. Few people, after reaching the period of maturity, are in possession of absolutely healthy kidneys; it follows that the greatest care and vigilance must be exercised to keep these organs free from the dangers that constantly beset them.
