NO REST FOR SOVEREIGNS IS FURIES' CRY

Militants Decide to Show King Presence of Royal Pair at London Horse Show.

ORDER IS FROM HEADQUARTERS Suffragette Starts Demonstration in Presence of Royal Pair at London Horse Show.

SHE FLAYS FORCIBLE FEEDING Ejected from Building by Police Only After Fierce Struggle.

ANOTHER DISTURBANCE LATER Notary Demands for Conference with Walter Hines Page Made by Female Saying She is American.

LONDON, June 8.—Another demonstration by a militant suffragette in the presence of King George and Queen Mary was carried out at the international horse show at Olympia today. Their majesty had hardly taken their seats when a young woman rose in the stalls opposite and in a shrill voice screamed denunciations of the forcible feeding of suffragette prisoners. The police pounced upon her immediately, but the woman fought wildly and her ejection from the building was effected only after a fierce struggle.

"No peace for King George or Queen Mary" is the latest order given out by the headquarters staff of the militant suffragettes.

Second Disturbance Halted.

Later in the day two women at opposite ends of the arena harangued the royal boxes and made appeals to the king to stop forcible feeding. Angry shouts were raised by the crowd as the suffragettes were ejected.

Noisy demands for a conference with Walter Hines Page, the American ambassador here, were made today at the embassy by a woman giving the name of Mrs. H. Wanderhouse, who declared she was an American.

"We have no king, but think God we have Mrs. Pankhurst," was the defiant shout of Miss Napier, one of Sunday's brawlers in Westminster Roman Catholic cathedral, when she was led away to the cells, after refusing to give a bond for her good behavior in police court today.

Mrs. May Fausten, the American woman arrested with several others after a disturbance at the Brompton oratory yesterday, was arraigned today at Westminster police court. The magistrate told her she would have to give a bond of \$50 to guarantee her good behavior for six months or go to Holloway jail for fourteen days. Mrs. Fausten unhesitatingly chose the jail sentence and announced her intention of at once beginning a "hunger strike." Mrs. Fausten, her husband, who was present in court, acquiesced in his wife's decision. He informed the magistrate he was a suffragette, but that when he accompanied his wife to the oratory he did not know there was to be any "unseemly demonstration."

FAMOUS STALLION IS PRESENTED TO GOVERNMENT

NEW YORK, June 7.—C. K. G. Billings, owner of many famous horse breeds, has presented Wilmering, one of the handsomest trotting stallions in the country, to the United States breeding bureau for the improvement of the breed of cavalry horses. Wilmering is a 5-year-old and made his race record four years ago at Dallas, Tex., a mile in 2:15. For beauty, size, style and bloodiness he has attracted wide attention and praise.

METCALFE MAKES A PLEDGE

Declares He Will Positively Run for Re-Election if He Wins.

WILL NOT RESIGN HIS POSITION Candidate for State Governor to Retain His Job as Vice Chairman of the Panama Canal Commission.

"I have no pledge to make to the people of Nebraska," said Richard E. Metcalfe, when seen after he had filed for the democratic nomination for governor of Nebraska. "Yes, one pledge, and that is that if the people elect me this time I will positively be a candidate for reelection two years from now. I believe in that kind of resolutions. They are easier to keep than the other one."

"No, I shall not resign my position as vice chairman of the Panama canal opening committee," said Mr. Metcalfe in answer to a question as to whether his candidacy for governor would conflict with this federal position.

"It will not be necessary. That commission expires January 1, and by that time I will be elected and be ready to take the office of governor. My campaign will not interfere with my duties on this committee. I shall have to make several trips back and forth between Washington and Panama between now and the first of the year."

Sibert Writes Letter.

Colonel William L. Sibert, of lock-building fame in the canal zone, who is just starting for China as a member of the committee appointed by the Red Cross society to look over proposed reclamation work in China, has written Mr. Metcalfe a letter giving his best wishes in the following language:

"My Dear Governor: I regret leaving for China without being able to tell you goodbye. I will have to extend you my good wishes by letter and I must tell you once more how much we appreciated your good work on the isthmus, as the head of the department of civil administration. The improvements that you made in the schools and prisons and in other lines will be long remembered. My best wishes go with you in whatever line your future endeavors take you. I hope to meet you at the official opening of the canal."

Son is Loyal.

At least one offer of hearty support in the race for governor has come to Mr. Metcalfe. It is from his son, Buehler Metcalfe, Washington correspondent for the Baltimore Sun. The proud son says: "I will give \$500, all I have in the world, and devote my three weeks summer vacation to your campaign for governor of Nebraska."

Mr. Metcalfe replied at once that he would not accept the \$500, but that he would gladly avail himself of the services of the son during his three weeks' vacation in boosting for the campaign as per his offer.

Young Metcalfe declares he will spend the three weeks of vacation in Nebraska, going into every town which time will permit him to visit, appealing to the voters in behalf of his father.

Mr. Metcalfe expects to leave for Washington Wednesday evening. "My campaign is in the hands of my friends," he said, "and I will be back to Washington to look after some matters there. I cannot say how soon I can return to Nebraska."

Two Killed and Three Fatally Injured by Collapse of Garage

OGDEN, Utah, June 8.—Two men were killed and four injured when the concrete garage of Mrs. David Eccles, 57, Twenty-fifth street, in process of construction, collapsed at 11 o'clock this morning.

The dead are: L. C. BELL, Ogden. WILLIAM P. WOODS, Ogden. The injured are: John Chapple, Andrew Sandell, George Wright, Ogden. John Semar, Joplin, Mo. The garage was a large two-story structure. In removing the forms from the concrete roof, the walls spread and the great mass of material gave way without warning, crushing the workmen. Three of the injured are expected to die.

Woman Aeronaut Falls 800 Feet

MARINETTE, Wis., June 8.—Nettie St. Clair, aged 22 years, a professional aeronaut, was dashed to her death in the presence of several thousand people yesterday at Lakeside. She ascended to a height of 800 feet and lost her hold on the parachute.

MASONIC VETERANS AND MASTERS-ELECT HERE FOR MEETING

A large class of Masons from many Nebraska towns received the degree of past master last evening at the Masonic temple, preliminary to the annual communication of the grand lodge of the state, which opens this morning for a three days' session.

The special assembly was in charge of Grand Custodian Robert E. French of Kearney, who with a full corps of assisting officers conferred the degree on all the masters-elect of the various lodges.

Grand Master Ipha Moran of Broken Bow will call the meeting of the grand lodge to order this morning at 10 o'clock. All the other grand officers are in the city. Between 300 and 500 Masons will attend, including a number from the local lodges.

Among the well known masters of lodges who have come for the gathering are: Charles J. Phelps, Schuyler; Frank H. Young, Broken Bow; William H. Kayser, Kirkwood, Mo.; Albert W. Critch, Chadron; Robert E. Evans, Dakota City; Charles E. Burnham, Norfolk; Zungile M. Baird, Hartington; Henry Gibbons, Kearney.

Laurel Blank Harrington. LAUREL BLANK, June 8.—(Special.)—Harrington went down to defeat here Sunday at the hands of the Laura team, score made 4-3. Madden was on the mound for Laurel and allowed but one hit, with Drew behind the bat. Baird and Tift were in the points for Harrington.

RAPP SUDDENLY CONCLUDES HIS END OF THE SUIT

Husband of Ernestine Schumann-Heink Has but Five Witnesses to Complain

ATTORNEYS' ARGUMENTS Large Court Room, but Disagreement Reigns When Sentences Fail to Develop.

POLICEMAN WITH A FINE VOICE Officer Had Visited the Madam, but It was to Take Singing Lessons.

MORE LETTERS READ IN COURT Written by the Diva's Husband and All Tell of Love. Those to Mrs. Dean Declaring That's Awful Without Her.

CHICAGO, June 8.—William Rapp's defense against the divorce suit of his wife, Mrs. Ernestine Schumann-Heink, ceased suddenly today with the testimony of only four witnesses and the case was given over to the attorneys for argument.

Owing to the fact that Rapp filed a cross bill charging his wife with a statutory offense a large crowd packed the sweltering court room eager for testimony bearing on the counter allegation. They were disappointed.

Bryan Humphries, who was the central figure's chauffeur for six weeks last winter, and Miss Helen Sattler, her traveling companion since 1910, were witnesses.

Humphries testified he had glimpses of George Baldwin of Appleton, Wis., off and on at his employer's home in Chicago. Miss Sattler said she had known Baldwin for two years and that she saw him last around Christmas, 1913. She said also that a policeman with a fine voice visited the madame at her home in Caldwell, N. J., for singing lessons.

"He had a wonderful voice, but all the technique he had got from dropping nickels in phonographs," witness said.

"He was a wonderful man, too, wasn't he?" intimated Benjamin Smith, Rapp's lawyer.

"I didn't say he was a wonderful man; I said he had a wonderful voice," snapped the witness.

In Chicago, Miss Sattler said her employer always slept on the second floor in a room next to her daughter, Marie. A door was always open between the two rooms, she said.

When Mrs. Schumann-Heink rented a cottage at Culver, Ind., on the occasion of her son's graduation, it was so that his friends might be received and entertained. Baldwin spent one night there and slept in a room under that of the witness.

Mrs. Schumann-Heink was called and was asked only one question.

"What was the date of your marriage to Paul Schumann?" asked the attorney, and objection by counsel for the singer was sustained.

More impassioned letters addressed to Mrs. Catherine Dean and alleged to have been written by Rapp, were introduced.

There was a bit of comedy between the lines. Under date of August 1, 1913, the writer of the letters said:

"I wrote you Friday, Saturday, Sunday, Monday I did not write, as I had conferences all day till late at night. Tuesday and Wednesday I wrote again. Yesterday I waited all day for a letter from you and I was discouraged at not hearing from you."

The reason the writer did not hear from Mrs. Dean was told in court by Miss Frances J. Ashton, a nurse employed as a detective by counsel for Mrs. Schumann-Heink. She was the first witness of the day and testified she roomed with Mrs. Dean from time to time.

Man Who Invaded Buckingham Palace Only Plain Drunk

LONDON, June 8.—Harry Pike, who yesterday startled the authorities by invading Buckingham palace, is not a suffragette agent, according to the attorney for the prosecution at Bow Street police court today.

The man who clambered over a ten-foot spiked wall and eluded sentinels, police guards and servants, did so while under the influence of drink and without any ulterior object, says the lawyer.

After overcoming all the obstacles Pike strode about for a long time in the interior of the palace, which he explored from basement to sixth floor. It was only when he entered an occupied room that he was arrested.

He had changed his clothing for a suit belonging to a servant, as he had torn and soiled his own clothes in climbing the wall and crawling across the grounds.

The magistrate remanded the prisoner for a week for further inquiry.

Executed Federals Said to Be Bandits

JUAREZ, Mex., June 8.—Persistent rumors that many federals had been executed recently at Chihuahua City, were explained here today to the effect that those who faced the firing squad were without exception deserters from the rebel army and "reds," or former Madro irregular troops, who had joined the Huerta soldiers. These men, after their dispersal at Torreon last April, had penetrated the mountains of western Chihuahua, engaging in brigandage. Of the twenty-six shot last Wednesday at Santa Rosa, a suburb of the state capital, seven were former members of the constitutionalist army and seven were bandits, according to explanations given here. Since then a few others have been executed. It was said, but all of them met death after proper identification and a review of their cases had made the indication of the death penalty purely a course sanctioned by the civil and military laws of Mexico. It was estimated that at least forty had been shot.

Russian Cavalrymen Win Gold Vase at London Horse Show

LONDON, June 8.—The Russian cavalry officers today for the third year in succession won the \$2,500 gold vase founded by the late King Edward VII for military horsemanship. The vase this becomes the permanent property of Russia.

Another Grenfell Company Suspends

LONDON, June 8.—Formal announcement of the suspension of the Canadian Agency, limited, was made today. The concern, which also has offices in New York, was largely controlled by Arthur Grenfell, formerly of the firm of Chaplin, Milne, Grenfell & Co., which suspended business Saturday, with liabilities estimated at about \$1,250,000. It is understood that an official receiver has been appointed provisional liquidator of the concern, while Sir William Pender, the accountant, is to be special manager of both suspended institutions. The business of the Canadian Agency was the flotation and financing of Canadian and other companies. It is alleged to have been engaged recently in a campaign for the purchase of a controlling interest in the Grand Trunk railway.

ARRESTING MRS. PANKHURST—Mrs. Emmeline Pankhurst, the militant suffragette, being carried off by a London policeman during the recent raid of the English militants on Buckingham palace, where they sought to reach the king with their petitions.

TEXAS LOSES ITS RATE SUIT

Supreme Court Holds Against State in Shreveport Case.

FEDERAL COMMISSION SUPREME Interstate Trade Has But One Matter and State Rates that Discriminate Against Out-State Points Are Void.

WASHINGTON, June 8.—The supreme court today upheld the Interstate Commerce commission's orders in the Shreveport rate case, thus placing the interstate railroads more under the commission and less under state commissions.

Justice Hughes announced the court's decision. He spoke of the unrestricted power of the Interstate Commerce commission over interstate commerce, saying the commission was expressly created to prevent conflicting state legislation.

Justice Hughes pointed out that congress and not the states had the power to prevent the instruments of interstate commerce from being used so as to injure interstate commerce.

The far-reaching effect of the decision lies in the fact that rates which the Interstate Commerce commission ordered indirectly increased to remove discrimination were prescribed by the Texas state railroad commission. Under the federal commission's order the only way the railroads may escape conflict with the Texas commission is to reduce the interstate rates from Shreveport to Texas cities, so as to put the Louisiana city on a competitive basis with Texas jobbing centers.

Justice Hughes expressly recognized the importance of the case, so stating as he concluded his opinion:

"But it is essential," he added, "that interstate commerce have one master and not many."

Lieutenant Houston Shoots a Riotous Mexican at Vera Cruz

WASHINGTON, June 8.—Second Lieutenant F. H. Houston of the Twenty-eighth infantry at Vera Cruz, last night shot and killed a drunken Mexican who was interfering with the Mexican police.

Colonel Roosevelt Arrives in Madrid

MADRID, Spain, June 8.—Colonel Roosevelt arrived at Madrid this afternoon on his first visit to Spain, completing his journey to attend the wedding of his son, Kermit Roosevelt, and Miss Belle Wyatt Willard, daughter of the American ambassador to Spain.

There was a small crowd gathered at the station, including a number of police in plain clothes, who were distributed about the depot as a result of the publication of several newspaper articles antagonistic to Colonel Roosevelt. The chief of police had feared the possibility of an unfriendly feeling being displayed against the former American president, but none whatever was shown.

King Alfonso traveled on the same train for some distance with Colonel Roosevelt, but as each was unaware of the presence of the other, there was no meeting. The king had been to Biarritz to see his doctor, and it was merely a coincidence that his car was attached to the train in which Colonel Roosevelt was traveling.

When the king left the train the ex-president was an interested spectator as his majesty passed through a guard of troops drawn up on the platform. His majesty got into an automobile, which he himself drove.

The king will not be present at the wedding ceremony, but it is said he will probably meet Colonel Roosevelt on Wednesday.

Attempt to Remove Dr. Weir Nearly Causes Revolt.

MITCHELL, S. D., June 7.—(Special.)—The latest step with reference to the action several weeks ago on the part of the Dakota Wesleyan university board of trustees in requesting the resignation from the faculty of Dr. Samuel Weir was taken Saturday.

Declaring their unanimous support for Dr. Weir and their belief that his absence from the institution would work serious harm to it, the entire seventeen members of the senior class of the college of liberal arts affixed their signatures to a paper embodying their sentiments in the matter and sent copies of the same to the various members of the board of trustees. Dr. Weir is the senior class adviser.

The action of the board of trustees in requesting the resignation of Dr. Weir has aroused a whirlwind of student and alumni sentiment. Petitions have been freely circulated among the student body and will go to the trustees this week with the signatures of over 300 students attached. The alumni have been appealed to and scores of letters from former graduates have poured into the administration office in protest. The annual alumni banquet this year, coming Tuesday, June 9, will be in honor of Dr. Weir, and it is predicted that interesting results will regard to the situation will follow the occasion.

Three Deaths from Heat in Chicago

CHICAGO, June 8.—Three deaths, indirectly due to the heat of the last two days, were reported to the coroner today. The thermometer indicated 91 degrees one under yesterday.

BUDGET FROM WHITE HOUSE

Wilson is Expected to Accept Canal Tolls Amendment.

TROOPS TO STAY IN COLORADO President Believes Conference Between Warring Factions Will Result in Agreement—Bryan Has Colombian Treaty.

WASHINGTON, June 8.—President Wilson is expected to accept the senate amendments to the Panama tolls exemption repeal, specifying that the United States does not waive its right to discriminate in favor of its own shipping, but he does not feel that the senate gives its assent to repeal in "unfriendly measure" by attaching amendments.

Mr. Wilson takes the position that as legislation in no way waives treaty rights, he may accept the measure, although he desired passage of the repeal without limitation.

In answer to questions concerning the Colombian treaty, the president today said Secretary Bryan still has that and the Nicaraguan treaty under consideration, and no definite decision has been made as to when they will be submitted to the senate.

Troops will not be withdrawn from the Colorado coal fields immediately. The White House has reason to believe that a conference will soon come about between the warring forces, which will doubtless end in a settlement of differences and make possible the withdrawal of federal troops without danger of further conflict.

The president believes the prospect for the passage of the conservation program in the house is good and expressed the hope that the measure desired by the west may be passed, also by the senate, before the end of the session.

BLOCKADE ORDER IS SUSPENDED BY MEXICAN CHIEF

Spanish Ambassador Notifies Secretary Bryan that Decree Issued by Huerta is Recalled.

MEDIATION WILL CONTINUE Threatened Rupture of Negotiations by Hostile Act is Averted by Dictator.

WIRES HOT FOR THREE DAYS Washington, Niagara Falls and Mexico City Exchange Messages.

HOW THE CLASH WAS AVOIDED Rumor Arrangements Were Made to Diversify Cargo of Arms on Way to Tampico—Secretary Bryan Noncommittal.

WASHINGTON, June 8.—Huerta has decided after all not to blockade Tampico and force the hand of the United States with the possibility of disrupting the mediation proceedings at Niagara Falls. Mr. Riano, the Spanish ambassador, notified Secretary Bryan officially to that effect today.

General Huerta's dispatch announcing the suspension of the blockade was received at the Spanish embassy early today and its purport was immediately communicated to Secretary Bryan at his home. Later a fuller report was made to the secretary after the translation.

The dispatch requested the Spanish ambassador to inform the American government that the suspension of the blockade has been decreed by General Huerta, that official notification would be published in the official paper tomorrow and that orders had been given to the Mexican gunboats to return to Puerto Mexico. General Huerta's action in calling off the blockade was inspired, it was stated, by a sincere desire not to jeopardize the success of mediation.

Views of Diplomats.

In diplomatic circles Huerta's action was regarded as conclusive evidence of sincerity that he has placed the fate of his government and the settlement of the Mexican problem fully in the hands of the south American mediators and his representatives at Niagara Falls.

The wires between Washington, Niagara Falls and Mexico City have been hot with official dispatches since the receipt Saturday afternoon of the dispatch announcing the proclamation of the blockade. Representations on the serious nature of the crisis precipitated by his action, and the decision of the American government to keep Tampico open were made to General Huerta from several quarters with appeals to sacrifice a possible momentary advantage for his government in order to prevent the collapse of the peace conference at Niagara Falls.

In official circles here the rescinding of the Tampico blockade order was regarded as an indication that General Carranza will be received into the Niagara Falls conference. Carranza's answer to the mediators, it was generally expected, will be forwarded from Saltillo tonight or tomorrow.

Upon what terms the constitutionalist leaders' representatives may agree to enter the negotiations were not definitely known here, but there was a feeling that conferences at Niagara Falls yesterday, and negotiations resulting from these conferences with the Washington government and General Huerta had worked out an understanding by which the scope of mediation was to be broadened.

May Direct Arms Shipment.

Though unconfirmed here reports were persistent that the mediators had induced General Huerta to rescind the blockade order only after there had been some assurance from the United States as to the disposition of the Antilla, it was stated today that the Antilla would be sent to Havana, pending further mediation negotiations.

Secretary Bryan's face was illuminated with a smile broader than usual. He was asked if the Spanish ambassador in announcing the suspension of the blockade had made any protest to the United States on behalf of Huerta relating to the landing of the Antilla's cargo, or if there had been any negotiations on the part of this government and the owners of the vessel.

Advertising Life Insurance

Plans have been made for an elaborate campaign of advertising for life insurance.

And after a careful study of the situation 75 per cent of the appropriation is to be spent in the daily newspapers.

The underwriters have reached the conclusion—and wisely—that by using the newspapers they can get the eye of more people than any other way.

This advertising will not exploit the merits of any company or individual.

It will hammer home the advantages of insurance and the reason people should protect their families.

The underwriters believe that such a campaign will bring a wide interest in insurance which will pave the way for the agents to get business.

Another practical demonstration of cooperation as well as a tribute to the business building qualities of the newspapers.

Industries interested in cooperative business building are invited to address the Bureau of Advertising, American Newspaper Publishers' Association, World Building, New York.
