North Platte Wins. North Platte Wins.

NORTH PLATTE, Neb., June 2.—(Special.)—The local independent team played the Sutherland team Sunday on the latter's grounds and defeated them 8 to 1. Jones for North Platte let his opponents down without a run for seven inniags, when he retired to allow Peterson to finish the same. The pitching of Pierson for Sutherland and the hitting of North Platte in the early innings featured. The work of County Surveyor Roy Cochran as umpire, was very commendable. The North Platte team will meet Willow Island on the home grounds next Sunday.

Features of the Trading and Closing

Prices on Board of Trade. CHICAGO, June 9.—Bearish deductions CHICAGO, June 9.—Bearish deductions from the government report sent wheat form the government report sent wheat down today to about the lowest price so far this season. The market closed steady at a loss, of but 14@914c net. Corn and oats finished substantially the same as last night and provisions off 5@714c to 25c. Although wheat crop ligures from Washington did not exceed the generally accepted private estimates current before hand, the official announcement proved to be more of a weight than the trade and the public seemed able to withstand. Active seiling throughout the day

and Illinois.

Provisions reflected a break in hog values. Corn strength led to some buying, but not enough to offset rather free unloading on the part of the longs.

Effect of last week's weather on crops in the corn and wheat region:
Conditions continue favorable for winter wheat west of the Missisalppi river. CHICAGO GRAIN AND PROVISIONS except some damage was done by drouth in Missouri and portions of Iowa, and the C. except some damage was done by drouth in Missouri and portions of Iowa, and the crop is ready for harvest in the southern portion. In the southern portion of the eastern winter wheat beit the drouth was partly relieved by local rains and conditions improved, but more rain is needed in many localities. Conditions continued favorable in the northern portion. There was exceptionally fine growing weather in the spring wheat beit except it was too cool in some portions. In the western part of the corn belt the crop made excellent progress and cultivation is well under way, but rains are needed in portions of Iowa and Missouri. In the east portion of the corn belt, local rains improved conditions in the central and southern portions, but moisture is needed over large areas. The weather was favorable for outs have and pasturage in most weatern districts. Some damage to outs by rust was done in Texas, and to alfalfa in Kansas, and other sections in the eastern districts, from the Ohio valley southward, were damaged by drouth. Tobacco setting is pregressing in most districts.

Muyers du not appear overly anxious for rat beeves this morning, being inclined to go a little slow and await advices from other sailing points. Still there was quite a little inquiry for desirable killers and the stock kept changing hands, so that by midday the big bulk had been disposed of. The prices paid ranged all the way from about steady to as much as loo lower, the market as a whole being rather cull, as moted above. Good cryptle cows and helfers opened up about steady, but grassers were a little slow and weak.

There were not enough stockers and feeders in sight to cut much tigure, and not many were wanted. The feeling, however, was rather weak, and had there been any great number on sale they would undoubtedly have been lower.

158 \$ 30 35 ... 647 6 75 21 ... BTAGS. HOGS—Receipts were very moderate for a Tuesday, only about 100 cars, or 6,800 head, being received. The total for the two days is 13,235 head, being about 400 smaller than last week, but a gain of 2,000 over the corresponding days last year.

Advices from other points were rather discouraging, but with light local supplies, shippers and speculators, and one of the packers started out buying at figor the packers stated out buying at higher and that were right at steady with yesterday, as high as \$8.00 being paid on the early trade, with the most of these early ales landing around \$7.92\text{\frac{3}{27}}.55. The rest of the packers made their first bids rest of the packers made their first bids at lower prices, however, and after possibly fifteen loads had been sold in yesterday's notches, the buyers who started things dropped out. Sellers were asking ateady prices for everything, and as the best bids at this time were any way a nickel lower, the market came to complete standstill.

Both buyers and sellers refused to give ground and it was well along toward midday before killers finally raised their bids just a shade and started in to buy

were quotably anywhere from atrong to 1001% higher than yesterday, with the packers still hungry for some good killers. The fact that dry-fed western iambs have been pretty well cleaned up several weeks earlier than last year makes the June supply prospects less antisfactory to the packing interests. Texas offerings are reported as pretty well marketed, and as yet it is a little too early to expect much of anything from the northwest.

Aged sheep were scarce. What shorn ewes were in sight sold largely at \$5.000 5.00. The ewes at \$5.00 were good and of handyweight. This achedule of prices is higher than at any of the Missouri river markets, and even higher than at Chicago.

markets, and even higher than at Chicago.

To all intents and purposes the general trade today in both sheep and lambs was just as snappy as yesterday, and the offerings being still limited, it was not long before a complete clearance was effected.

### LELAND'S FAMOUS STARS TO PLAY THE STORZ CREW

The next attraction staged by Manager Bradford of the Stors is Frank C. Leland's famous colored team, the Chicago Giants, who will meet the irrepressible brewers at Rourke park the coming Saturday and Sunday. This great aggregation of talent, gathered from all parts of the United States, is one of the three fast colored teams representing the Illino's metropolis. Last year the Storz-Chicago Giants games were hard fought, and resulted

in an even break-one game each. Wingo Recovers Self. Since Milton Stock's collision with Catcher Snyder of the Cardinals put the latter out of the game, Ivy Wingo has been doing some great stick work. Wingo has been greatly peeved because Snyder forced him into the background.
