Dennis Cunningham Files—Dennis Cunningham has filed his petition as candidate for the office of state representative from this district on the republican ticket.

Mack as an Inspector—City Commissioner Thomas McGovern of the department of public improvements has appointed Charles B. Mack as inspector at a salary of \$1.50 per day.

Camp Near Crete—Arrangements for a ten days' camp of Omaha boys near Crete are being made by Boys' Work Director R. S. Flower of the Young Men's Christian association, who has gone to Crete for the purpose.

Oven for the Fourth—An old-fashioned oven will be erected in Fontenelle park by Park Commissioner J. B. Hummel for the use of Fourth of July celebrators. Arrangements have been made to cook 50 worth of "weenies" in this oven, besides a plentiful supply of Irish stew.

McCune Goes After Indians—Major Bill McCune, Buffalo Bill's right-hand man for many exciting years, will get back in the harness this week when he will go to the Rosebud Indian reservation to round up a band of redskins for a big circus in Boston. A telegram was received by Colonel McCune from the owner of an eastern "wild west show" asking him to furnish some Indians. Colonel McCune speaks several Indian dialects and knows by long experience how to handle Indians.

WALKER FOUND GUILTY OF WHITE SLAVE CHARGE

William Walker, Jr., formerly a street car conductor, who has been on trial in the federal court for the last two days charged with a violation of the Mann act in bringing his wife from Sioux City to Omaha, was found guilty. Sentence was deferred until Thursday.

IS FITCH BACK OF THE MOVE?

Members of Improvement Clubs Declare He is Getting Even.

BRING UP SUFFRAGE QUESTION

School Board Members May Have to Decide Whether or Not Suffrage is a Political Question.

Members of improvement clubs declare that H. C. Compton's demand upon the Board of Education to forbid meetings in public school buildings is a move prompted by F. W. Fitch of the Federated improvement clubs, from which several large improvement clubs which use the public schools for meeting places have withdrawn.

Recently Fitch was repudiated by several improvement clubs and his resignation demanded. Compton's demand, it is said, is in substance a counter attack.

Compton's demand may force the Board of Education to decide whether or not suffrage is a political question, as political discussions have been barred from the schools. Fitch has opposed suffrage debates being held in schools.

President C. T. Walker of the school board is of the opinion that suffrage is not any more a political question than the use of Fourth of July celebrators. Arrangements have been made to cook 50 worth of "weenies" in this oven, besides a plentiful supply of Irish stew.

Cured of Indigestion.

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by all druggists.—Advertisement.

Nash and Prinz Go East for Ideas for Burgess-Nash Store

L. C. Nash, general manager of the Burgess-Nash company, accompanied by George Prinz, architect, has gone east for a two weeks' trip to inspect the newest and most up-to-date stores to gather ideas for the arrangement of the new Burgess-Nash store. They will visit New York, Philadelphia, Washington and other large cities and upon their return the development of the new store will start at once. Some time ago Mrs. E. W. Nash bought the Boyd theater property adjoining the Burgess-Nash store on the west end and the Burgess-Nash company has taken a thirty-year lease on this. The Boyd theater will be torn down and the new store made to conform with the present building used by the company.

NEW PASTOR OF THE OLIVET BAPTIST CHURCH.

REV. WILLIAM A. MULFORD.

Fireworks to Greet the New Pastor of the Olivet Baptist

Verily, it will be a warm reception that the members of Olivet Baptist church, Thirty-eighth and Grand avenue, will give their new pastor, Rev. William A. Mulford. Fireworks, flags and a band concert will figure largely in the affair.

The reason for such unusual methods in welcoming a minister is that Rev. Mr. Mulford and his wife will arrive in Omaha July 4. His congregation will be occupied with the big Fourth of July celebration in Fontenelle park by the improvement club and social centers of that part of the city. The Olivet Baptists therefore decided to combine their pastor's reception with the observance of the day, so he and his wife will be escorted direct from their train to the park, where they will spend the day getting acquainted with their new congregation.

Rev. Mr. Mulford has been pastor of a church in Cincinnati for two years. He succeeds Rev. Frank Ward here, the latter having resigned to take up city mission work with his father at Cedar Rapids, Ia.

DIETZ PARTY IS HOME AGAIN

New Animals Will Arrive in Omaha Later On.

HAYDEN'S STOP IN NEW YORK

Boxing Kangaroos May Be an Added Feature of the Ak-Sar-Ben Show Before the Close of the Present Season.

A boxing match by kangaroos at the Ak-Sar-Ben den has become a possibility this summer, with the return of Gould Dietz from Australia and a trip around the world. He arrived home yesterday with Mrs. Dietz and her mother, Mrs. Amanda Putnam of Lincoln.

Something new in the way of menageries is hinted at by the traveler, who intimates that subjects of good King Ak may have a chance to put on the gloves with an Australian kangaroo before the summer is over. Animals which he secured on his 35,000-mile trip will arrive later.

A record trip from Paris to Omaha was accomplished by the Dietz party, whose companions, Joseph Hayden and Miss Hayden, remained in New York and will return to Omaha Thursday. They crossed the Atlantic on the Vaterland, the world's greatest liner. Except for a fog which delayed the immense vessel the entire trip from Paris to Omaha would have been completed in exactly seven days.

"We read The Bee in New Zealand," Mr. Dietz says. "Australia, Tasmania and all the other out-of-the-way places were on our itinerary, so we met no Omahans abroad except Mr. and Mrs. C. N. Dietz in Paris.

"Australia is a wonderful country. The utmost hospitality greeted us everywhere. Americans seem to be even more popular than Englishmen there. The big island continent is already exporting butter and beef in large quantities to Vancouver."

BEING A VOTER DOES NOT SAVE BOYD FROM SENTENCE

Robert Boyd, colored, was arrested by two railroad watchmen as a "suspicious character," hanging about the yards Monday night. He put up a fight when taken and the officers had to show their weapons to subdue him. In police court he called officials by their first names and got familiar.

"Mistah Fred," he addressed Prosecutor Anheuser. "I ae a regulah votah on 'lection day an'—"

"Never mind that, talk to the judge, he's running for office again," exclaimed the prosecutor.

"Mistah Judge, I see potah fo' Mistah Jack Broomfi—"

TO THE PUBLIC:

THE State of New York, through its Department of Insurance, has completed the examination of the Metropolitan Life Insurance Company which it is required by law to make every three years. The Chief Examiner, in concluding the report, said: "The treatment by this Company of its policy-holders in the prompt payment of their claims, in the voluntary payment of millions of dollars in bonuses, and in its social welfare work—are features of the Company's business which deserve commendation."

The Superintendent of Insurance, the Hon. William Temple Emmet, in approving the report, wrote an extended review from which we make extracts:

THE COMPANY'S GROWTH AND MANAGEMENT.

"The administrative officers of the Company... have so increased the assets of the Company as to make these equal the resources of many states and even nations. They have at the same time steadily cheapened the cost of insurance to policy-holders, both by direct means and by the distribution of bonuses."

[The report shows that the Company has given back \$35,367,293 in bonuses to Industrial policy-holders in nineteen years.]

"They have extended the Company's business to such an extent as to bring it into contact now with approximately one-eighth of the population of the United States."

[The number of policies outstanding December 31, 1913, was 13,957,748.]

"That this notable growth has involved no sacrifice of efficiency in the handling of administrative details, but, on the contrary, has been the direct result of constantly increasing efficiency, is shown by the comparatively small losses sustained by the Company in proportion to the large investments made."

ITS POLICY-HOLDERS SATISFIED.

"The fact that the percentage of lapses due to the abandonment of their insurance by policy-holders is constantly decreasing, speaks eloquently to the same effect."

[The lapse ratio of Industrial policies has decreased 31.7 per cent. in eight years.]

"This last mentioned development is perhaps the most convincing evidence which could be offered that the Company's policy-holders are, broadly speaking, very well satisfied indeed with what they get in return for the premiums they pay. A very remarkable showing altogether."

ITS SOCIAL SERVICE.

"This Company waited for no changes in existing law before striking out as a pioneer among insurance companies along the pathway of social service on a huge scale."

"For years it has maintained for its policy-holders a nursing service upon a great scale; this has latterly become a veritable marvel of efficiency and practical helpfulness."

[Metropolitan nurses made 1,127,022 visits to sick policy-holders in 1913, for which the Company paid the bills.]

"Leaving out of consideration the mere numbers of those who have been directly benefited by these activities, I think that the example which the Metropolitan has set to other great business organizations by its early recognition of the new responsibilities attaching to all business enterprises which have attained a certain size, is one of the most beneficial of recent occurrences in the field of American business. For years it has through its publications upon the question of health conservation been serving multitudes of people as a sort of University of beneficial instruction upon this most important subject."

ABREAST OF MODERN THOUGHT.

"This great institution, having so very recently been under our critical scrutiny and presenting so many admirable illustrations of what an efficient and enlightened modern business organization on a large scale can do in the way of keeping abreast of modern thought, seems to be in a position where I may properly use it as an illustration... that private initiative and enterprise are at their best still capable of doing the finest possible work in fields from which, latterly, all the talk has been that these agencies should be compelled to retire."
