PETITION FOR GERING FILED

Twenty-Seven Men Want Him to Make Race as Republican.

IN THE FIRST FOR CONGRESS

Tom Smith of York Strongly Considering Filing for Governor in Memory of His Trouble with Governor Morehead.

(From a Staff Correspondent.)

LINCOLN, June 19.—(Special.)—A petition was received by the secretary of state this morning signed by twenty-seven Plattsmouth citizens, asking that the name of Matthew Gering of that city be placed upon the primary ballot as a candidate for the republican nomination for congress. Mr. Gering will have five days in which to notify the secretary of state that he will accept. Mr. Gering has been a democrat most of his life, but it is claimed that in 1900 he refused to support the democratic ticket. He was a candidate for the democratic nomination for congress in this district at that time and was defeated by James Manhattan, now representing Minnesota in the lower house.

Moving Guard to Iowa.

An interesting rumor has it that Tom Smith of York will enter the race for the democratic nomination for governor. Smith was talked of for governor two years ago, but for some reason did not enter. This will complicate more than ever the democratic situation, as it is well known that Smith and Governor Morehead are not the best of political friends, owing to the turning down of the former by the latter for the appointment of oil inspector a year ago. At that time Smith talked very loud and said things which indicated that there might be a time coming when some things would be remembered.

Closed Association Formed.

General Hall is busy these days getting the cheapest and best way to get the Nebraska guard to Fort Dodge in Iowa for the state encampment and bring them home again. While the national government pays about \$40,000 of the expense, the state has to pay a certain percentage and on account of the inefficiency of the appropriation it takes pretty close figuring to keep on the right side of the ledger.

Seward County Reports.

The Negro Women's Christian association of Omaha has filed articles of incorporation with the secretary of state. The object of the association is to provide a home for destitute colored people of advanced age. The officers are Martha Smith, president; Jane Duncan, vice president; Florence Riggs, secretary; Eva Walker, treasurer; Pinkie Osborne, assistant secretary.

Tom Smith May File.

Seward county reported to the secretary of the State Board of Assessment today, showing an increase over the assessment of 1913. The report shows assessed valuation as \$1,585,098 as against \$1,397,556 last year. —L. in women box— tmthmth

WOMEN OF DEADWOOD ELECT BOARD MEMBER

DEADWOOD, S. D., June 19.—(Special.)—Women swept the day in the most interesting school election held in Deadwood in years. Mrs. Rosa Southmayde, the first woman who had attempted to become a member of the school board, was opposed by C. H. Henderson, a well known business man, whose friends made vigorous campaign. This aroused the women voters of the city and they turned out in force, nearly three-fourths as many women voting as men, and the first time in Deadwood that any considerable number had gone to the polls. Mrs. Southmayde was elected by a majority of 86. All the principal cities in the Black Hills now have women members of the school boards.

ALLIANCE, Neb., June 19.—(Special Telegram.)—The second day of the stockmen's convention was marked by the largest crowd of visitors of any convention held in Alliance and the greatest number of members of the association ever attending a convention. The convention opened at 10 o'clock this morning, Dr. Day of the state sanitary board, addressing the members for over an hour on the value and method of vaccination and other care of stock, giving those present much valuable information. Governor Morehead, accompanied by State Fire Marshal Ridgell, arrived on the early morning train to attend the convention. The governor reviewed the automobile parade and addressed the normal students and attended a reception tendered him by the Alliance volunteer fire boys in the Eagles' hall tonight. AUTOMOBILE GAS IS SURE DEATH TO PRAIRIE DOGS

HEMINGFORD, Neb., June 19.—(Special.)—The latest and it appears most effective way to get rid of prairie dogs has been discovered and applied by Joel Sheldon, living east of town. It is to run an automobile into a field or pasture infested with prairie dogs and attach a piece of hose to the exhaust pipe and put the hose in the hole, filling the hole with dirt. Running the engine two minutes to each hole kills all the dogs and no second treatment is ever needed. It is said that a field treated in this way smells of the poisonous gases for hours after the treatment. It is reasonably cheap and save a great deal of valuable pasture land for stock.

Notes from Beatrice.

BEATRICE, Neb., June 19.—(Special.)—Dora B. Johnson of Wymore was granted a divorce from Major H. Johnson Thursday on the grounds of desertion and non-support by Judge Pemberton. They state that it will probably average about thirty bushels to the acre.

Loren A. Hillhouse of Plattville, Colo., and Miss Pearl Berg of Wymore were married Wednesday evening by Rev. B. P. Gaylor of the Methodist church. Guy Cadman died suddenly at Adams Wednesday morning, where he had been living with his mother-in-law, Mrs. J. I. Shaw. Heart trouble was given as the cause of death. The body was taken to Lincoln.

REUNION AT EDITORS' CAMP

Many of the Craft at Lincoln to Enjoy Week Under Open Sky.

WEATHER MAN GOOD TO THEM

Early Programs Full of Interest and Prospect is for Exceptionally Enjoyable Time—Features Delight All.

(From a Staff Correspondent.)

LINCOLN, June 19.—(Special.)—Last night was reunion time for the large number of editors who came to Lincoln during the day for the forty-second annual convention of the Nebraska Press association and before the evening program began shop talk was started. Out of deference to Ross Hammond, candidate for governor, no allusion was made to his candidacy in order to spare his feelings, as Ross is modest and any friendliness toward his candidacy would be most embarrassing.

Lincoln newspaper men and newspaper women were on the grounds in large numbers all day assisting in every manner to make the arrival of the out-of-towners as pleasant as possible and see that there was no hitch in the entertainment.

Attendance Large.

The attendance has been a surprise to the officials. While it was expected last there would be a generous outpouring from all sections of the state, it was not thought that there would be so large a number arrive on the first day.

The program in the evening, which was the advance entertainment before the opening day, was well attended and very interesting. The Aller company, composed of Prof. A. H. Aller, director of voice at the Wesleyan university, bass; Earle Harper, tenor; Ethel Howard, soprano; C. A. Beach, violin, and Anna Belle Beach, accompanist, furnished several numbers.

Frank Harrison was the head liner for the evening and told about his travels in South America, and while he did not discover any rivers, he did discover many things, which interested his audience. He was in torrid several times, but luckily had his life insurance policy with him with the gold seal of the state of Nebraska attached to it and the natives passed him through as one of the potentates of this country. He could not pass up the opportunity to talk woman suffrage and said that a country without woman suffrage would be a great deal like Mexico. Mr. Harrison exhibited a number of views on the screen of scenes in his travels and the crowd was well entertained.

Program for Today.

The program for Saturday is as follows:

Round table session: A. B. Wood, Republican, in charge; three-minute speakers, Clark Perkins, Aurora Register, George M. Miles, O'Neill; L. W. Huse, Waynesville, Mo.; "Sidelights for the Country Shop."

Association Notes.

Tuesday morning the Woman's club of Lincoln will act as hostess for the women members of the association at Art hall at the university.

The committee made a hit with the visiting women who brought along the children by providing a couple of women who look after the well-dressed children during the time their mothers are enjoying the programs or up town inspecting the bargains.

Vice President H. A. Brainerd, who, according to custom will be elected president of the association, is a noted character in many ways. He learned his trade for a year ago on the "Youths' Companion" in Boston, and the year that Providence won the base ball championship was first string catcher on the club.

The tent of the Omaha Bee is a popular place, especially during the early morning hours when the editors arise from their night's vigil and want to know what has happened during the night. A big bunch of morning copies of The Bee can be found at The Bee headquarters bright and early and the same seems to be appreciated.

"Scop" the thoroughbred Poland-China cow offered by the South Omaha stock yards company to the editor who will win the best cow contest is a stunt during the week, has been the object of much interest. Arthur Ladd of the Albion, Neb., was the winner. He frequently inspected the animal and this morning was seen at an uptown hardware store pricing red wax. He says that he has figured that it would cost \$17.24 to transport the cow to Albion by rail, wax and to hitch it to a wagon, the cow can transport itself and also draw both himself and Mrs. Ladd the whole distance at a very nominal expense.
