Herzog Given Ovation on First Appearance as Reds' Boss in N. Y.

VISITORS MAKE A BAD SHOWING

They Pile Up Seven Errors and Are Eastly Blanked by the Champions of the National League.

NEW YORK, June 19 -- Charles Hernog, former third baseman of the New York team, made his first appearance today on the Polo grounds as manager of the Cincinnati team and received a great ovation, though rain held the crowd down. His team was easily shut out by thu champions, 6 to 0. Cincinnati made a poor impression, piling up seven errors.

Ames, the former New York pitcher, twirled fairly well against his old comrades, but his own errors helped to beat him. Koestner succeeded him in the sixth. Marquard held the visitors to live hits and not a Cincinnati player reached third. Score:

STORZ TO PLAY THE K. & M. TEAM AT BENSON SUNDAY The Storz will tackle the renovated

K. & M. team, under the management of "Cy" Young, former slabman of the Dietz club, at Chris Lyck's park, Sun-Since taking charge of the K. & Ms.,
Manager Young has an unbroken string of eight victories, and will use the strongest lineup available in an effort to defeat Manager Bradford's classy artists. Being the first opportunity the people of Benson have had to see the Brewers in action this season, a great turnout of the aurburban fans will be on hand to root for their respective favorites.

Harry Vardon Wins

for the sixth time won the British open golf championship.

Vardon's aggregate for the 72 holes was 306 strokes. He made the first round in 73, the second in 77, the third in 78 and the fourth in 78.

The new champion won the title for the first time in 1896 when he was 26 years old. He took it again in 1898, 1899, 1903

Francis Ouimet, open champion of the United States, finished with an aggregate of 332 and was not among the first fifty competitors. He took 56 strokes for the first round. 79 for the second, 85 for the third and 82 for the last.

John Henry Taylor, last year's winner, who had led the field at the end of the third round, was second at the finish, with an aggregate of 300. His scores were 74, 78, 74, 83,

J. L. C. Jenkins, who recently won the British amateur championship, led the amateurs in the competition with a score 6, 79, 80, 83, 81.

LONDON, July 18.-"Gunboat" Olympia July 16.

Omaha Boy Winning Out as a Pugilist shart which is whirled round at a furi-

the classes of boxers to six, instead of HARNESS FORCES OF NATURE

Hitched to Working Machinery. In several ingenious ways the forces of

a set of rules governing swimming is to for not only can enormous power be obtained, but the running expenses are extremely low. One of the most ingenious of these inventions is that which obtains power from the rays of the sun. The apparatus is at work in Egypt, Makes Poor Score where it pumps up water onto high levels in thousands of gallons. This novel device consists of a number These shafts would be sunk deep into the cis Ouimet, American open golf cham- of reflecting mirrors which concentrate earth so that they penetrated into large pion, again fared badly today in the Brit- the rays of the sun on to a glass- coal seams. By means of electricity this

covered trough containing water. In a coal would be fired until it burned like short space of time this water becomes some powerful internal furnace. By means teen holes, bringing his total for the first sufficiently heated by the reflection from of pipes the gas given off by this burnthree rounds to 250. With only one more the mirrors to give off steam, which ing coal would be conveyed to the surpasses into a pipe to an engine of the usual steam variety. When some thirty or forty of these heating boxes are boilof the open championship title and its is obvious that sufficient steam-power is obtained to keep a very powerful pump-Some idea of the enormous power which

the sun machine conveys to the engine can be gauged by the fact that 3,000 gallons of water can be lifted nearly forty feet in one minute. In many ingenious ways water is now trapped by means of dams, gigantic reservoirs and great stretches of piping and converted into power for various purposes.

Many great waterfalls are now harnessed in such a fashion, two of the most important being the falls of the Rhine and those of Niagara. The maa hig feed this evening. This committee chinery used to obtain power from these complicated, but, roughly speaking, huge pipes divert tons of water from the the committee has brought in 123 since rapids just above the fall. This trapped produces enormous power. The water drops down pipes and shoots out in
