FEDERALS AFTER RENEGADES

United States Troops in Vera Cruz Asked to Help Capture Marauders Who Are Operating Between the Lines.

WASHINGTON, June 27.—President Wilson early today received a lengthy message from the American delegates at Niagara Falls, and officials close to the executive expressed the opinion that a meeting between the Huertista and constitutionalist representatives was practically assured.

The message received today is said to have reported the results of a conference between the American delegates and Minister Naon. While it is intimated in some quarters that an informal conference between the opposing Mexican factions will terminate in failure, it was made clear that President Wilson is viewing the negotiations optimistically.

The State department was today notified through the Brazilian embassy that General Huerta was willing to have Vice Consul Silliman return to his post at Saltillo. The request to Huerta to return to the American consul, whom his troops imprisoned and threatened with death, to a territory over which he now has no control was merely a formality and to preserve the good faith of the United States in respect of a promise it made when it secured the release of Silliman from his precarious position. The constitutionalists now entirely control Saltillo and the surrounding territory.

VERACRUZ, Mexico, June 27.—The cooperation of the American authorities in Vera Cruz was sought today by the commander of the Mexican federal outposts, who asked for aid in capturing fourteen desperadoes who have been marauding at night in the country between the American and Mexican lines.

Lieutenant Colonel Innes, commander of the federals at the gap in the railway, sent a list of fourteen names, said to be those of men who escaped from San Juan de Ulloa prison after the landing of the American troops at Vera Cruz.

The Mexican officer asked for the arrest of the men and suggested they be held in Vera Cruz or turned loose at the gap. He told the American authorities he would promptly hang the marauders to the nearest telegraph poles.

The men accused are said to form part of a band numbering thirty, who recently murdered and mutilated a woman in a lonely cabin in front of the American lines, and also murdered the owner of a Spanish ranch within the lines.

Colonel Innes said he caught and lynched thirteen of the men two days ago, but the others had slipped through his fingers and entered the American lines with the milk and vegetable sellers. They are said to have hidden their arms before going into Vera Cruz.

Children of Foreign Born Parents Make Better Students

CHICAGO, June 27.—Children of foreign-born parents here excel American children in school work because American children are permitted too many outside pleasures, it was stated today by Mrs. Ella Flag Young, superintendent of Chicago schools. The condition was revealed by a survey just completed of Chicago public schools.

"American children are devoted to too many outside attractions which their parents seem unable to curtail," said Mrs. Young. "These monopolize their strength and attention and as a result there is a large proportion of overgrown boys and girls in the eighth grades in the American districts."

Militants Knock King's Hat Sideways With Bunch of Papers

LONDON, June 27.—Militant suffragettes circumscribed the police today and bombarded King George and Queen Mary with leaflets at the entrance to Hyde park. A bundle of the papers struck the king's hat and knocked it sideways, while the queen's parasol caught another shower of pamphlets. Two women were seized by the police and carried away struggling violently.

SENTENCE OF MAJOR KOEBLER IS APPROVED

WASHINGTON, June 27.—President Wilson has approved the sentence of dismissal imposed on Major Benjamin M. Koehler of the coast artillery corps by a court-martial. Major Koehler was in command at Fort Terry, Plum Island, N. Y. when sensational charges were brought against him and the trial was held behind closed doors.

ROOSEVELT REFUSES TO REST

Physician Prescribes Four Months of Absolute Quiet.

COLONEL SAYS CAMPAIGN IS ON

He Declines to Obey Order of Doctor, Who Says He is Suffering from Effects of Malarial Fever.

OSTLER BAY, N. Y., June 27.—Four months of absolute rest has been prescribed for Colonel Roosevelt by his physician, who informed him that he was suffering from an enlargement of the spleen and a loss of vitality as a result of the malarial fever he contracted in the South American jungles.

"But in four months the campaign will be over," the colonel said today. "Consequently," he added, he considered it an impossibility for him to follow his physician's advice.

Colonel Roosevelt has abandoned his campaign trip across the continent, which had been arranged tentatively for September. He also telegraphed to Pittsburgh that he would make only one speech there on Tuesday night. Two had been arranged.

The change in the ex-president's plans came after an examination made last night by Dr. Alexander Lambert of New York. Dr. Lambert came to Oyster Bay and spent more than an hour in inspecting his patient. Then he told him he must rest for four months. He urged the colonel to give up his trip to Pittsburgh, to make no speeches during the campaign and as far as possible to give up everything that would tax his strength. He explained the colonel said, that it would require a long period to shake off the effects of the malaria and that if this were not accomplished, the disease might become so securely fastened on him that he would never recover his full strength. It might even impair his mental vigor, the physician said.

Colonel Roosevelt declined to heed the warning. He said it would be an impossibility for him to give up campaign work. "I think Dr. Lambert took a gloomy view," Colonel Roosevelt said laughingly. "But I shall take care of myself as well as I can and I'll see that the malaria does not get settled in my system."

Upon his return from Pittsburgh, Colonel Roosevelt is to see a throat specialist. But whatever the physicians say of the possible consequences he is determined, he said, to go on with the campaign in a limited way.

Doctors Will Try to Educate Public in Care of Health

ATLANTIC CITY, June 27.—Education of the public in medical matters in order to prolong life is to be the supreme effort of the American Medical association during the coming year, according to a statement made today by Dr. Victor C. Vaughan, the newly elected president, at the close of the congress.

"During the coming year," said Dr. Vaughan, "we shall spend our time and money in education. Conditions have changed. Once it was simply a matter of the physician's duty to his patient. The field has become broader. The physicians must now go to the public."

Dr. Vaughan said the association would spend large sums of money in preparing medical matter for newspapers and in spreading the propaganda of health.

Senators Peevish at Publication of Secret Proceedings

WASHINGTON, June 28.—How such complete reports of the proceedings of the senate foreign relations committee, supposed to be secret, on the pending Nicaraguan and Colombian treaties got into the newspapers is about to be investigated. At a meeting today, Chairman Stone was directed to ask the senate to authorize examination of senators and newspaper correspondents to find the source of the information given to the public.

Harman Wins Case Against a Butcher

(From a Staff Correspondent.) LINCOLN, Neb., June 27.—(Special Telegram.)—Food Commissioner Harman received notice this morning that he had won out in the prosecution of Mike Swantner, a St. Paul butcher whom the department had accused of unsanitary and unlawful methods in the handling of hogs for sale over his counter. The butcher pleaded guilty on six counts and was fined \$500. The cases were prosecuted by Inspectors Kemble and Mayo of the pure food department.

In Each of Tents Provided for Shelter There Are Four Cots, in Some Cases Nine or Ten in One Tent.

SALEM, Mass., June 27.—To insure sanitary conditions in the camps established for the homeless was the most pressing problem confronting those in charge of the relief work in the fire-stricken city today. Officials of the state militia and of the State Board of Health co-operated in this work. Two official camps were in operation and preparations were made for the establishment of a third, into which could be brought many persons at present scattered in various open places in the city. In each of the tents provided for shelter there were four cots. In some cases nine or ten persons occupied a single tent. The militia found no difficulty in maintaining order throughout the night.

Smuggling Charge Against Mr. I. Levy Officially Abated

The Bee not long ago printed a telegraphic dispatch from New York to the effect that government officials had charged Isaac Levy of Omaha with smuggling diamonds, the charge, as we are now informed, being later withdrawn. Upon reading the item in The Bee, Max H. Levy, son of Isaac Levy, believing that there was some mistake, went post-haste to New York and invoked the assistance of P. Snowden Marshall, United States district attorney, to investigate the case. According to Mr. Levy, it was found when the facts had been sifted that there was no intent whatever to smuggle goods into this country or to defraud the government of one dollar of its just dues, and the proceedings that had been instituted against Isaac Levy were abated. Furthermore, Mr. Levy is expected to arrive home in Omaha the coming week with his goods restored to him by the government.

Third Storm Within Week Floods Upper Mississippi Valley

CHICAGO, June 27.—Large sections of Wisconsin, Minnesota and Iowa were early today devastated by the third storm of the week. Water ran from two to four feet deep in the streets of LaCrosse and practically all the railroads in the vicinity experienced severe washouts. At New Abin and Lansing, Ia., the rivers overflowed their banks and fields for miles were buried under sand and mud. The business district of Mandan, N. D., was today covered with water three feet deep in many places, and residents, fearing another cloudburst, moved to places of safety.

HUNT FOR MISSING LORIMER RECORD

Report of Examiner Disappears from Auditor's Office in Chicago.

OTHER DOCUMENTS ARE GONE

State Officials Unable to Find Papers Called For by Grand Jury—Federal Inquiry Begins July 13.

CHICAGO, June 27.—United States District Attorney Wilkerson and State's Attorney Hoyne conducted a search for important documentary evidence bearing on the failure of the LaSalle Street Trust and Savings bank, which is declared to have disappeared from the office of State Auditor James J. Brady. One of the documents is a report of a state bank examiner alleged to show that the Lorimer-Munday bank was in a shaky condition. The missing documents are wanted for use before grand jury.

Federal grand jury inquiry into the conduct of the LaSalle Street Trust and Savings bank while it was a national institution was set today for July 13, it was announced at the office of the United States district attorney.

Depositors of the four small state banks in this city which were affiliated with the LaSalle street bank, and which closed at the same time as the main Lorimer-Munday institution, will all be paid in full, it was made known today by Daniel V. Harkin, state bank examiner.

The vault of the LaSalle Street bank was scheduled to be opened today by the receiver. It has been closed since it was sealed by Harkin when he ordered the bank to suspend. In the vault are about \$40,000 in currency, it is said, about the same sum in memoranda of cash withdrawn by Lorimer and Munday on their personal marker slips.

CANAL TERMINALS NOW REGULAR PORTS OF CALL

PANAMA, June 27.—The canal terminals at Balboa and Cristobal have now become regular ports of call for several steamship lines. Interruption of the Tehuantepec railway route across southern Mexico drove considerable shipping to these ports, but even now, with the Tehuantepec service re-established there are many boats, which continue to call at Balboa or Cristobal for transfer of cargo across the isthmus. The American-Hawaiian Steamship company has gone back to the Mexican ports, but only until the canal is ready for regular use. The Elder & Frye company, however, which has hitherto had only an occasional service between Liverpool and Cristobal, has now increased its service and is running regular steamships, and a Norwegian line of tramp steamers call regularly, while on the west coast the Salvadorian Railway Steamship line has been diverted from Mexican ports to Balboa.

It is understood also, that steamers of a new Japanese line will begin service to Balboa soon.

CAPTAIN FOSTER KILLED BY ANOTHER AMERICAN

BROWNSVILLE, Tex., June 27.—Captain John Von Tarnheim, a constitutionalist officer, who reached the border yesterday from Tampico, was authority for the statement that constitutionalist American soldier Captain John Foster, an American serving in the constitutionalist artillery, had been killed by another American. Captain Foster was reported several days ago to have committed suicide by jumping in the Panuco river near Tampico. Captain Von Tarnheim, also an American citizen, said an arrest was expected when he left Tampico.

When Dreams Come True

Delegates Named to Four State Conventions Under Primary Law. ALL PARTIES ENGAGE IN WORK. Des Moines Republicans Endorse Cummins—All Parties Score Voting Machines—Few Progressives Appear. (From a Staff Correspondent.) DES MOINES, Ia., June 27.—(Special Telegram.)—County conventions held all over Iowa today in accord with the primary law named delegates to four state conventions, but so far as heard from there were no features of great interest. The republican and democratic conventions held in Des Moines were notable only for adopting resolutions condemning the use of voting machines in the primary election. They both declared it much better to return to the printed ballot. In the republican convention an effort was made to apply a gag rule on election of the one contested place on the ticket, but it was overwhelmingly defeated and then the convention nominated the man the rule was intended to benefit. The republicans endorsed Senator Cummins, Governor Clarke and the entire republican ticket and urged all to stand solidly by all republican nominees. The democrats had a little contest over the selection of the delegation to the state convention. The faction controlled by Mulvaney, candidate for congress, and which supported Connolly for senator, prevailed. The progressive convention lauded Roosevelt. It was lightly attended.

Fast Train Has Narrow Escape

PITTSBURGH, June 27.—Stopping a fast passenger train in time to save it from thirteen tons of solid steel, falling from a height of 125 feet, was the feat of E. C. Ripley, a Pennsylvania engineer, of which his friends and railroad men were talking today. Ripley was bringing his train into the city and was nearing a bridge being built high above the tracks. As he rounded a curve he saw a car loaded with a steel beam get beyond control on the finished portion of the bridge and dash down a grade to the uncompleted end, directly over the track on which his train was running. Ripley applied the emergency brakes and brought his engine to a standstill just as the heavy beam and car hit the track ten feet in front of him. The beam was buried in the roadbed and the track torn up.

PRESIDENT AUTHORIZED TO SELL BATTLESHIPS

WASHINGTON, June 27.—A authority to sell the battleships Idaho and Mississippi was finally conferred on President Wilson today by the adoption of the completed conference report on the naval appropriation bill in the senate. Arrangements have been practically completed for the sale of the two battleships to Greece.

All three are boys. Two weighing eight pounds each and the other seven pounds. Mr. and Mrs. Engelbrecht have two other children besides the three new arrivals.

JAPANESE PAPER FAVORS REPRISAL

Nichi Nichi Advises Government to Take Action Against California. ORGANS ARE INDIGNANT. Several insist that remedy must be found for insulting situation. —Say Nation Should Control States.

TOKYO, Japan, June 27.—The Japanese press generally expressed indignation today at the attitude of the United States in the California anti-alien land controversy as outlined in the correspondence between the two governments recently published. Several of the newspapers insist that a remedy must be found for the "insulting" situation.

The Nichi Nichi is especially violent in its utterances. It condemns what it calls Japanese flattery of America by participation in the exposition at San Francisco, and says that instead of doing this Japan should, in view of the United States government's inability to control the states, consider the wisdom of taking action against California in order to obtain satisfaction.

GRADUATES OF OMAHA HIGH MARRIED AT STROMSBURG

STROMSBURG, Neb., June 27.—(Special.)—The Cedars, the beautiful home of Mrs. P. T. Buckley, was the scene of an unusually pretty wedding Wednesday evening, when her only daughter, Miss Beulah L. Buckley, was wedded to Joseph Edmund Withrow, Rev. Carl A. Hemborg performing the ceremony.

The bridesmaids were Miss Elpheth Rattle of Denver, Colo; Miss Helen Close of Chicago, Ill., niece of the groom; Miss Gertrude Owen of Omaha and Miss Minnie Morrill of this city. Mrs. Grace Frawley Welch of Minneapolis, Minn., and Mrs. Josephine Frawley Yantis of Shelbyville, Ill., were the bride's matrons and Mrs. P. T. Buckley, the bride's mother, was matron of honor. Lovell Dunn of Omaha, uncle of the bride, was best man.

Mrs. J. A. Frawley played Lohengren's wedding march. The bride wore a gown of white charmeuse, with point applique lace, made en train, and wore a long veil of tulle trimmed with the same lace as the gown, made with French cap and carried a shower bouquet of lilies of the valley. The bridesmaids were gowned in white the bride's matrons wearing their wedding gowns, and the matron of honor wore a gown of white crepe de chine. After the ceremony, which had been witnessed by about thirty-five guests, a reception followed, which included some two hundred guests.

The bride is a Stromsburg girl, the only daughter of Mrs. P. T. Buckley and the late P. T. Buckley. She was born in Stromsburg and has spent the greater part of her life here. She is a graduate of the Omaha High school and of Wellesley.

The groom is a graduate of the Omaha High school and later took a two-year course at the Armour Technology school at Chicago. Mr. Withrow is now a resident of Kearns, Wash., and is the mayor of the city.

TOELESS SHOES ARE WORN BY LONDON WOMEN

LONDON, June 27.—The toeless shoes for afternoon and evening wear and to be worn with or without stockings is the latest novelty for women to appear in the London shops. The new design is of sandal form, with high French heels, and exposes glimpses of the sides of the foot and toes. They are also made in a wide range of colors with a view to matching the gowns. So far the new shoes has not yet made its appearance in the street or the fashionable tea rooms.
