Fashion Hint

BY L. RACONTEUSE.

An evening frock for the debutante in a combination of tulle and satin. The bodice shows a foundation of silver tulle, veiled in front by two deep points of tulle. A wreath of foliage and rose tops a draped circle of assure tulle which is crossed and trimmed at the middle front by a huge rose.

FOR the women who remain at home this summer there will be all kinds of interesting tournaments in golf and tennis.

A tennis tournament for all of the women of the Country club, from the school girls to the older players, will start Saturday, July 4, and continue next week. Those who attend the auto races at Sloux City the Fourth may play their matches Monday, July 6.

Mr. Frank W. Judson has offered two prizes—gold mirrors for the winners—and all entries must be made to Miss Daphne Peters by 5 o'clock Friday evening, July 3.

For the women golfers prizes are to be awarded each week, starting next Friday, when the women will play at Happy Hollow instead of at the Field club, as formerly announced. The plans were changed because the State tournament will be played at Happy Hollow the following week, when the women had planned to play there, so the club will either play on another course Friday, July 10, or will probably not meet that Friday, and will instead follow the men's tournament, as that will be the day before the finish of the state tournament. The play promises to be interesting to the devotees of the Scotch game.

The prizes are to be useful as well as ornamental. There will be smaller silver trophies, an order for a golf stick, silk hosiery, six golf balls and many other attractive gifts.

MUST KEEP MUFFLERS CLOSED

Automobilists Given Suspended Sentence for First Offense.

SECOND TIME MORE SEVERE

Hospitals Complain of the Noise Made, Which Disturbs Patients—Dunn Orders Ordinance Enforced.

Automobilists who hereafter pass hospitals on high speed, with mufflers cut out, will find short shrift in police court. Seven men arrested by Motorcycle Officer Wheeler on orders from Chief Dunn were fined \$5 and costs each by the court. The fines were suspended pending good behavior, but Judge Foster announced that a second offense will bring the limit, and first offenders hereafter will not be dealt with so leniently.

Hospital authorities, especially those of hospitals located near grades and hills, complain to the police that the clamoring of speeding machines disturbs patients to such extent that in some cases it is almost fatal.

There is a city ordinance which provides a penalty for cutting out mufflers any place in the city limits.

The men arrested by Officer Wheeler were H. C. Whitney, 3016 Pacific street, who went to jail in place of his wife, who was driving; C. C. Cook, Ford Auto company; Austin Owens, 431 North Twenty-eighth street; B. J. Welsh, 1029 Jackson street; Arthur English, C. J. Statz, 629 South Nineteenth street, and Fred Kruger of the Rapid Transit Messenger agency.

Empress of Ireland Passenger Declares Memory is a Blank

To be on the ill-fated Empress of Ireland when it was rammed and sunk in the Gulf of St. Lawrence, and to escape miraculously from a sea grave, was the experience of J. G. Clayton of New York. He has just passed through Omaha and discussed his rescue with Manager F. J. Taggart of Hotel Loyal, and other old friends here.

"How did you ever manage to escape from the sinking ship?" he was asked.

"I don't know," was the reply he made to all. "I will never understand how anyone escaped from going to the bottom with the big liner. My own experience is an entire blank to me. I have no remembrance of anything that happened after the steamer collided."

The affair made such a terrible impression on him that he was loath to ever refer to it in his conversation. He is connected with Town Topics, a periodical, and has a number of friends and acquaintances in Omaha.

Doctors Disagree in Divorce Testimony

A physician and a doctor of osteopathy today gave contradicting testimony concerning the condition of little Irma Evans in the divorce suit brought by her father, Arthur Evans, against her mother.

Dr. Katherine Nicholas testified that osteopathic treatment would cure the child's ailment.

Dr. J. M. Stranek testified that the disease was an affection of the joints produced by a failure of a gland to do its work and was incurable. Osteopathy, he said, would be of some value, but neither it nor medicine could effect a complete cure.

District Judge Sears refused to give either Evans or his wife a divorce, but ordered Evans to pay his wife \$5 a week alimony and doctors' bills for the child. Another child will live alternately with husband and wife.

POPULISTS TO HOLD A REUNION IN THREE YEARS

The Populist party is to meet again. Not in a convention in which live political issues are to be battled over, is this august body to meet, but many of the old timers who took part in the famous populist convention in Omaha in 1892 are to hold a reunion of those delegates in Omaha in 1917. A. E. Sheldon, director of the legislative reference bureau of the state legislature, has asked the publicity bureau in Omaha to co-operate in bringing about this unique reunion. Mr. Sheldon, T. H. Tibbles, S. A. Holcomb, Frank Eager, J. H. Powers, W. L. Stark and R. D. Sutherland constitute the committee on arrangements.
