To Push Norfolk Building.
Norfolk people are getting anxious to know when the state board of control is going to begin the erection of the new hospital building at the asylum for the insane, near that city and Editor Luse of the News was at the state house yesterday in an endeavor to gather some information which he could take back to the home folks. The board was out visiting state institutions and as the governor has several times refused to instruct the board what they should or should not do, it is not supposed that he got much satisfaction out of the executive.
Commissioner Kennedy this morning said that the board was waiting to get the track laid to the institution because of the saving it would make on hauling material to the place, and that proposition alone would be quite an item in the matter of submitting bids. When it was understood that the track could be completed at some specified time, and Architect Ritt had the plans completed, the matter would be pushed rapidly. Commissioner Kennedy thought that August would see things moving.
Shotwell Looks for Opening.
Frank Shotwell, of Omaha has been in the city two or three days looking over the political situation relative to the office of lieutenant governor. Mr. Shotwell is undecided what he will do. Douglas county, as yet has no candidates on the state republican ticket for nominations and he believes that the county is entitled to representation.
Other filings are Senator W. V. Hoagland, of North Platte and L. P. Albright, of Red Cloud.
Niles-Moser-Rogers Company.
Miller & Paine, of Lincoln sent in a fee of \$50 on a capital of \$614,055.
F. C. Niles, E. S. Moser and George Rogers, of Omaha, have incorporated under the name of the Niles-Moser-Rogers company, with a capital stock of \$45,000. The company will engage in a general tobacco and cigar business, with \$30,000 paid up capital.

He is charged with obtaining money under false pretenses in Humboldt county, Iowa, having secured the money on a representation that he owned certain stock in which he had no interest. Governor Morehead granted the request.

OXFORD, Neb., June 30.—(Special.)—A destructive hailstorm swept over several farms southwest of Oxford Sunday evening. The storm seemed to follow the divide between the valleys of the Republican and the Beaver, and the roaring noise made by it was distinctly heard in Oxford, more than eight miles away. David Helm lost everything he had growing, fine fields of corn, wheat and potatoes, besides fifty young chickens. Guy Cowan lost eighty acres of wheat, and Marshall Cowan was also a heavy loser. Other farms were damaged to some extent.
Wheat harvest is now in progress in this vicinity. Farmers report the wheat excellent in quality, but thin in many fields. Some of the best fields are estimated at from twenty to twenty-five bushels per acre.

MRS. A. C. SHALLENBERGER ELECTED TO SCHOOL BOARD
ALMA, Neb., June 30.—(Special.)—At the school election for Alma township T. W. Carroll and John Everson were defeated for re-election as members of the board by Meadames A. C. Shallenberger and F. Mathney. Mrs. A. C. Shallenberger made a speech of acceptance, in which she said she was not a suffragette. Mrs. Mathney responded with a few words. This is the second time in the history of the district that a woman has been a member of the board.
Under the Smith mortgage tax law two Alma banks pay no tax on capital stock this year, which cuts the school fund out of about \$300. There appears to be a strong sentiment against the law in this locality.

Business Men Shock Wheat.
AVOCA, Neb., June 30.—(Special.)—Nine of the business men of this city went to retain the university in its present location. My opinion is directly opposed to that, as I think the question should be considered for fifty or one hundred years ahead, and it seems to me that in the long run it would be a great mistake to attempt to retain the present crowded campus in the heart of the city. Buying more ground is really a temporary palliative and does not cure the trouble.
