

MRS. CARMAN IS HELD FOR MURDER OF LOUISE BAILEY. Wife of Freeport, N. Y., Physician Formally Charged with Killing of Husband's Patient. SHE IS ARRESTED AT HER HOME. New Witness Testifies He Saw Woman Running Away from Doctor's Office. GARBED LIKE ACCUSED PERSON. Manager of Sleuth Company Installing Wire Device Testifies. TELLS ABOUT CALL OF WOMAN. She Said She Had Many Domestic Troubles and Wanted to Know What Went on in Mate's Office.

FREESPORT, N. Y., July 8.—Mrs. Edwin Carman was arrested this afternoon in connection with the murder of Mrs. Louise Bailey. Mrs. Carman was taken into custody at her home, where Mrs. Bailey, a patient of her husband, was mysteriously shot one the night of June 20. A charge of murder was lodged against her. Elwood Bards, a new witness, testified just before the coroner's hearing closed, that he had seen a woman he was unable to identify running away from the doctor's office shortly after the shot which killed Mrs. Bailey was fired. She wore a dark skirt and white shirtwaist. Witnesses testified at solemn sessions of the inquest, sworn that Mrs. Carman was thus garbed on the night of the murder. She has maintained, however, that she was dressed in a kimono and in her bedroom.

Boissanault First Witness. Gaston Boissanault, manager of the detective division of a company which manufactures telephone devices to record conversations, was the first witness called today. It was Boissanault's company that installed a telephone device in Dr. Carman's office some time before the murder, at the order of Mrs. Carman. The witness told today of the first call of Mrs. Carman at his office. She first said she was a dressmaker, then admitted her identity, adding that she was having domestic trouble and wanted to hear what would be in her husband's office. The witness said arrangements for the rental of the instrument were made on May 13.

On the same day Mrs. Carman made plans to take her husband away for two days while the instrument was being installed. She Was So Mad. Boissanault told Mrs. Carman had told him about seeing a nurse kiss Dr. Carman. "She said she was so mad," he went on. "When she saw that kiss that she almost broke the window by knocking on it."

Mrs. Carman told him further, he said, that she knew her husband met many women both in his home and outside, and she asked the witness whether he could furnish detectives to follow him. She had said emphatically, however, she would not get a divorce on account of her daughter.

The witness said one of his instruments was installed and that later Mrs. Carman told him that she had been keeping in a diary a record of everything she had heard over the instrument. She said she had some difficulty in hearing all that went on in the doctor's office, because the doctor and his women patients sometimes whispered. She bought two additional batteries on this occasion. Elizabeth Carman, 13-year-old daughter of Dr. and Mrs. Carman, testified that directly after the shot was fired she ran upstairs and saw her mother, her aunt and her grandmother there. Her mother she said, was in a kimono.

"See, this was in her mouth," he said, exhibiting a gag on which the child had been choked to death. At this point the witnesses appeared and Smith was arrested.

EVERY CHILD EXCEPTIONAL

Dr. Grossmann Says There is No Average Youngster.

MORE SCHOOL MONEY NEEDED

Children Born Out of Wedlock Are Not Ordinarily Defective and Not Necessarily Bad. Says Educator.

ST. PAUL, Minn., July 8.—The child born out of wedlock is not ordinarily a defective nor is it necessarily bad, according to Dr. M. P. E. Grossmann of the National Association for the Study and Education of Exceptional Children, who spoke before the department of special education at the convention of the National Education Association today. A study of thousands of cases, he said, had disclosed the startling fact that less than 10 per cent of the children born to women leading irregular lives were below normal.

Dr. Grossmann further declared there was no such thing as an average child. "Every child is an exceptional child, a different child," he said. "There is no standard by which to judge them: as 'average'."

Would Segregate Defectives.

Segregation of mentally deficient children was recommended in a paper read by Dr. Franklin W. Barrows of Buffalo, N. Y., medical inspector of schools, before the department of special education. "Children who are teachable—all those above the stage of idiocy—should be gathered into special classes under expert teachers," Dr. Barrows said. "Children not in schools should be inspected regularly by experts. The home life of subnormal and abnormal children often suppresses the little mentalities that they possess."

"Properly cared for there is some salvage in most of these children. The medical inspector should examine these children thoroughly and promote their physical health. We ought to have uniformity in our methods of inspection and supervision. "The school occupies strategic position with every facility for the discovery of these unfortunate cases. No other agency can do what the school can do for the prevention of the evil results that flow from unrecognized and untreated mental delinquency."

Movies Will Aid Schools.

That moving pictures are destined to revolutionize the present method of teaching was the contention of speakers at a meeting devoted to the discussion of their use. They said that motion pictures gave visually and quickened the imagination of the child to a far greater degree in a few minutes' time than the text book would do in days of study. Subjects covering the curriculum from kindergarten to the graduate course already are in use in a few cases and others are being prepared for use in every branch of science. Representatives of smaller schools are behind a resolution which is before the committee on resolutions, disapproving of the Sage foundation, the Carnegie foundation, the various Rockefeller and similar organizations for the pensioning of teachers in the big educational institutions.

"The resolution is based on the democracy of education and the long effort of the association to guard that democracy. It recites that the foundations injure the small schools and demands that a committee be appointed by the association to investigate with a view to learning whether the various foundations and boards in reality have stimulated teachers to study and industry, or have decreased their ambitions by providing them with a certain amount of livelihood after their teaching days have ended.

WILSON COMES TO AID OF WARBURG

President Says Banker Named to Reserve Board Self-Sacrificing Patriot.

SPEAKS IN SUPPORT OF JONES

Unfair to Party and Senate to Regard it as Enemy of Big or Little Enterprises.

BIG BUSINESS MEN ARE HONEST

President Hopes that Financier Will Reconsider Decision.

JONES' NOMINATION UP TODAY

Intimation that Senate Will Not Withdraw Invitation to Mr. Warburg to Explain His Banking Connections.

WASHINGTON, July 8.—Declaring it would be unfair to regard the democratic party as the enemy of big or little business, President Wilson today gave out a statement in support of Paul Warburg of New York and Thomas D. Jones of Chicago, his nominees for the federal reserve board.

President Wilson's statement follows: "It would be particularly unfair to the democratic party and to the senate itself to regard it as the enemy of business, big or little. I am sure that it does not regard a man as an object of suspicion merely because he has been connected with great business enterprises. It knows that the business of the country has been chiefly promoted in recent years by enterprises organized on a great scale, and that the vast majority of the men connected with what we have come to call big business are honest, incorruptible and patriotic. The country may be certain that it is clear to members of the senate, as it is clear to all thoughtful men that those who have tried to make big business what it ought to be, are the men to be encouraged and honored, whenever they respond without reserve to the call of public service."

Self-Sacrificing Patriots.

"I predict with the greatest confidence that nothing done by the democratic majority of the senate of the United States would be of a sort to throw suspicion on such men. Mr. Jones and Mr. Warburg, in manifesting their willingness to make personal sacrifices and put their great experience and ability at the service of the government, without thought of personal advantage, in the organization of a great reform, which promises to be so serviceable to the nation, are setting an example of patriotism and of public spirit which the whole country admires. It is the obvious business of the statesmanship at this turning point in our development to recognize ability and character, wherever it has been displayed and unite every force for the upbuilding of legitimate business along the new lines which are now clearly indicated for the future."

Warburg's Foreign Connections.

The senate banking committee held no meeting today, but an opportunity will be afforded tomorrow for a formal motion to withdraw the invitation that Mr. Warburg appear to be questioned. It is said today by members that a majority probably would oppose it. Acting Chairman Hitchcock said no suggestion had reached him from administration officials for withdrawal of the invitation. The nomination of Thomas D. Jones of Chicago also will be taken up tomorrow and it is expected that Mr. Jones would be approved by a majority. It became known today that several members of the committee are not so much interested in the American connection of Mr. Warburg as with any interest he may have in foreign banking houses and in his foreign investments.

Iowa Moosers Divide Over Liquor Question

DES MOINES, Ia., July 8.—The prohibition question promised to develop a vigorous contest in the progressive state convention here today, with both the wet and dry leaders claiming victory before it is formally opened. The convention, which started late into the night, broke up without a solution of the problem having been reached. Indications, however, were that a resolution endorsing submission of prohibition amendments to both state and federal constitutions would be presented.

KINKAID PUSHES BILL TO RELIEVE HOMESTEADERS

WASHINGTON, D. C., July 8.—(Special Telegram)—Congressman Kinkaid of the Sixth Nebraska district, has secured the passage of two bills this week. The first was his measure permitting female entrywomen who have married aliens to take patent to their homestead. Late at the night session last night Judge Kinkaid succeeded in passing his bill to validate the homestead entry of William Miller of Scotts Bluff, whose patent the department of the interior refused because the record showed he had had a previous homestead. Inasmuch, however, as the record also showed that he had disclosed that fact to the registrar and receiver when making application for his second entry fifteen years later, the bill was passed on the ground that it was the fault of the government's officers that he had lived on the second homestead five years and had expended something approaching \$2,000 in improving the land.

CARRANZA-VILLA PACT PROBABLY ONLY TEMPORARY

Growing Conviction at El Paso that Agreement Between Chieftains Will Not Last Long. FIRST ADJUSTMENTS MAKING. Carranzistas to Be Restored to Offices in Chihuahua and Three to Leave Cabinet.

OBREGON TELLS OF VICTORY. Insurgent Says He Defeated Federals Near Guadalajara. MEDIATORS MEETING AGAIN. Mr. Naon Has Cablegram Which Says Rebels Are Sure to Send Delegates to Meet the Huerta Envoys.

EL PASO, Texas, July 8.—Reconstruction of the constitutional governmental machinery in Chihuahua will begin immediately as a result of the settlement of the Carranza-Villa dispute. Carranza officials, ousted from office in Juarez and other Chihuahua cities by the Villa faction when the division became pronounced, will be reinstated, was the statement made today by Carranza agents here. Such action would mean the restoring of federal telegraph and railway lines in Chihuahua to the control of Carranza appointees. Most of these men are among the twenty-four Carranza officials held as virtual prisoners in Chihuahua City by the Villa authorities since the breach.

An result of internal peace negotiations at least three Carranza officials will resign owing to the demands made by Villa's delegates to the conference. Idris Fabela, minister of communications in the Carranza cabinet; Alfredo Breceda, one of Carranza's special agents in Washington, and General Isidro Trevino, chief of staff to the constitutionalist leader, will be removed, according to well informed constitutionalists in El Paso. It is reported that Rafael Zubaran Campary, special representative of Carranza in Washington, also may resign, as the Villa faction is bitter against him. In return for these concessions on Carranza's part, Villa has acknowledged absolute subordination to him, according to messages from Torreon. Whether General Felipe Angeles, chief of artillery under Villa, will be expelled from the constitutionalist ranks by Carranza's order, still was a matter of conjecture among both factions here.

While on the surface everything seems peaceful, there is growing conviction on both sides here that the adjustment is temporary. Villa is sending his brigades northward from Torreon, ostensibly to recuperate. Rebel Victory at Guadalajara. NOGALES, Sonora, Mex., July 8.—In a message to Carranza dated yesterday at Ahualulco, Jalisco, General Obregon reports an important constitutionalist victory in front of Guadalajara. "We have destroyed a federal column which left Guadalajara to meet us. The fight lasted thirty-six hours. At this time the enemy is fleeing in disorder, leaving ten trains of artillery and ammunition. General Diegues is in the rear of Guadalajara, and I believe none of the enemy will escape. OBREGON."

Mediators Meet Again. NEW YORK, July 8.—Ambassador Da Gama of Brazil will arrive in New York today to confer with Eduardo Suarez, minister from Chile. To discuss new phases of the situation with regard to mediation proceeds between the Mexican federal and constitutionalist envoys. Mr. Suarez arrived yesterday. The conference is the result of a telegram received last night by Mr. Suarez from the third mediator, Romulo S. Naon. The Argentine minister, Mr. Suarez said the telegram stated it was almost certain the constitutionalists would send delegates to meet the Huerta envoys to the mediation conference and that when they arrived there would be no no delay in reaching an understanding to insure peace in Mexico.

Oppose Negotiations. LAREDO, Tex., July 8.—The constitutionalists are unlikely to accept the offer of the Niagara mediators for a conference with representatives of Huerta to arrange a provisional government in Mexico. This announcement, coming from unquestioned sources, reached the border here today. It was declared by arrivals here that the generals of the constitutionalist army to whom the question was submitted for advice by General Carranza, had, with the exception of the generals of Obregon's division, who have not yet had time to report, strongly opposed any such conference. Carranza's answer declining to confer has not yet been sent to the mediators, but no doubt was expressed by those in close touch with the situation as to what that answer would be according to travelers from Saltillo.

Rebel Position. The constitutionalist position, it was said today, was to accept a provisional government must cause the outbreak of other revolutionary movements. (Continued on Page Two.)

WASHINGTON, July 8.—Half a million dollars to pay expenses of the national government exhibited at the San Francisco exposition was today voted into the sundry civil bill by the senate. It provided for a building and allows not more than \$50,000 for the use of the secretary of war in entertaining foreign guests. Senator Vardaman of Mississippi made a fight on the appropriation, objecting particularly to the entertainment fund. "The world has gone mad on the question of society," he declared. "I wish we could go back to the dignified simplicity of the days when Thomas Jefferson occupied the White House."

Colonel F. L. Denny is Killed by Fall

WASHINGTON, July 8.—Colonel Frank L. Denny, retired, of the marine corps, who was almost instantly killed early today when he fell over a balcony in his home to the floor below. The report to the police said he was walking in his sleep. Colonel Denny's family believe he was seized with an attack of vertigo, with which he was subjected and fell while moving about the house. He struck his head on a marble top table on the lower floor of his house, crushing his skull. Colonel Denny was one of the storm centers in a row in the marine corps three years ago, in which it was charged that a number of staff officers in Washington were controlling the corps. Former Secretary Meyer of the Navy Department, after an investigation, ordered all the officers concerned to distant posts, ending Colonel Denny to San Francisco, early in his administration President Wilson returned all to Washington. Colonel Denny was prominent in general and club life of the capital.
