OMAHA travelers bring home some novel and clever ideas and many attractive little souvenirs. In the orient may be found scores of useful and unique favors, and going on around the world to Switzerland and Paris, especially, one will find a wonderful array of original articles that one longs to bring home.

Mr. and Mrs. Gould Diets, who have recently completed their second tour of the world, besides numerous trips to Europe, have many beautiful mementos in their home. A miniature electric fan, carried by Mrs. Diets to the dinner parties at the country clubs, was a decided novelty to me and on a very warm evening it is most practical. For some time we have had miniature electric lights, or lanterns, made of black leather, with the light at one end, and by pressing the button one had a useful light. The pocket electric fan is not unlike the electric lanterns. You push the electric button and two tiny wheels whirl.

It seems to me the new fan should be very popular with those who plan to spend the summer at home.

Summer Plans.

Mr. and Mrs. Henry Cox started on their summer vacation Tuesday morning, going to Mason City and Clear Lake, Ia., where they will spend several weeks. The illness of Mrs. Howard H. Baird has delayed the trip abroad of Mr. and Mrs. Baird. They had their transportation and their reservations when she was taken ill and was compelled to go to the hospital. They plan to start about August 1 and before their return will tour Norway and Sweden.

Messrs. George and Paul Zimmerman have gone to Minnesota, where they will tempt the fish from the lakes around Walker during the next two weeks.

Mrs. E. P. Hennessey and Mr. Hennessey's mother leave this week for Walker, Minn., where they will remain during July and a portion of August, occupying a cottage on the lake shore.

Motor Trip.

Mr. and Mrs. John Weber and son John, of Des Moines, Ia., arrived Sunday from the races at Sioux City, to be the guest of their niece, Mrs. J. P. Anson. They toured in the Glidden tour from Des Moines, which left there July 1. They will be in the city for a few days, and will return the latter part of the week, accompanied by Dr. and Mrs. Anson, who will be their guest in Des Moines. The party will then motor to Lake Okoboji, where the Weber's have a cottage, and are giving a week-end party July 12.

Seymour Lake Country Club.

Miss K. B. Worley entertained this morning at a progressive breakfast, honoring Mrs. William L. Watt of Vancouver. Wolf Lets Contract for His New Hotel

Harry Wolf has let the contract for the remodeling of the Curtis property at Eighteenth and Harney streets to Robert Butke, the contractor who is now building the new Skinner macaroni plant. The permit for the proposed changes call for an expenditure of \$60,000 to turn the building into a hotel. The building will be ready for a new tenant by fall, the deal with the Maryland Hotel company for the lease of the building being off. This was brought about by the additional expenditures required of Mr. Wolf by the changed building code of the city. Mr. Wolf leaves this evening for a month's visit at Atlantic City, where he will meet Mrs. Wolf.

RUSMISEL HEARING JULY 14

Agreement is Reached Between the Interested Parties.

HEARING IS TO BE IN SECRET

Members of the Board May Attend—Names of Women in the Case Are Not Brought Before Committee Yet.

Hearing on the charges that Principal L. C. Rasmisel of the Omaha High School of Commerce did not properly conduct himself in the presence of certain members of his faculty will be had before the judiciary committee of the Board of Education at the city hall July 14.

Dr. E. Holovtshiner, chairman of the judiciary committee, called attorneys for the complainants and Principal Rasmisel into conference with the committee and agreed upon a date for the hearing. The hearing will be in secret, except that

members of the school board may attend.

Witnesses will be called at the hearing July 14 and the attorneys, E. W. Smeral and Phillip E. Heran for the complainants and C. A. Goss for Principal Rasmisel, will be allowed to make arguments.

The hearing before the judiciary committee was confined to the advisability of an early date for a hearing. Principal Rasmisel asked that the hearing be early and be made thorough.

Attorneys for the complainants have withheld the names of the women in the case, but their names are generally known. Principal Rasmisel's attorney, it is understood, will forbear to go into the record of the complainants, one of whom was dropped from the faculty of the Omaha High School of Commerce for alleged inefficiency.

Attorneys for the complainants have asked that six witnesses be called at the hearing July 14, and the chairman of the judiciary committee has issued instructions that the request be complied with.
