TO APPEAL BLUE SKY CASE

Judge McPherson Allows State of Iowa to Take Case Up.

HAWKEYE LAW IS MILD ONE

In Case It Does Not Stand Test, Will Be "Dispositive" to Pass Any Measure of This Character.

(From a Staff Correspondent.) DES MOINES, July 17.—(Special Telegram.)—Judge South McPherson of the United States district court today notified Attorney General George Cosson that an appeal had been allowed the state in the blue sky law case of the United States circuit court. The issue will be taken to the United States court in order to determine whether the states have any authority to pass blue sky laws.

Hearings on Assessments. Representatives of the press and telephone companies appeared before the state executive council today to argue as to the assessment to be placed upon these.

TO FORCE MURPHY TO HURRY

Ryder Says Business Men Are Suffering from the Delay.

TO TRY TO CANCEL CONTRACT

Murphy Says He Is Delayed Because of Inability to Secure Material—Forty-Eighth Street Also Being Kept Back.

A resolution directing Hugh Murphy, paving contractor, to complete the paving of Farnam street between Sixteenth and Twentieth streets, in the shortest possible time or cancel his contract forthwith will be introduced at the meeting of the city commission Tuesday, by Commissioner John J. Ryder.

Business men along the street have sent the city commission a protest against the delay, saying their business is being ruined. Commissioner Ryder accused Commissioner McGovern of being too lenient with Contractor Murphy.

IRRIGATION IN ANCIENT DAYS

How the Pharaohs and Others Made the Deserts Bloom and Surge.

American pride in the great reclamation projects through which the desert has been made to "bloom like the rose" and turned into the habitation of man, was given a great and rude shock recently when an eminent Englishman, Sir William Willcocks, visiting Washington to learn about Yankee methods of irrigation, told the government engineers that the original garden of Eden was the result of an ancient plan of irrigation.

YOUNG WOMAN WHO WAS SHOT BY HER BROTHER.

Helen Johnson.

surrounded by a wall or dike two feet high, with openings for the canal. The English engineer said that during high water in the rivers Euphrates and Tigris the dike kept the water from flooding the garden and in the dry season the gates were open and the water entered the canals.

Nebraska Man Is Wanted.

The State Board of Education has referred to Prof. R. K. Bliss of the University of Nebraska the position of director of the extension department of the state college at Ames. The board has made Dr. Dean head of the medical department at the state university in place of Dr. Guthrie, resigned. Dr. Dean has long been connected with the medical school. These changes are all that are likely to be announced before the next school year.

Health Unaired Is Ended.

The action of the State Board of Education in providing that there shall be an end to the conflict between the new health department of the state university and the Board of Health is settled an old controversy. The department will be continued, but it will be so handled that there will be no conflict of authority. There had been a disposition on the part of the university people to assume some rights and privileges which belong to the State Board of Health and it was greatly feared that at some critical period trouble would appear that would interfere with the successful prosecution of health matters.

Delegates to Tax Conference.

Governor Clarke today appointed six delegates to the annual conference on taxation to be held under the auspices of the National Tax Association in Denver September 1, the following: W. L. Harding, Sioux City; Herbert C. Ring, Omaha; Nicholas J. Schrup, Dubuque; John E. Brindley, Ames; A. H. Davison, Des Moines. As alternate delegates he named Le Roy Sparks, spirit dealer; S. W. DeWolf, Reinebeck; John Darragh, Charleston; W. W. Anderson, Scranton; August Balluff, Davenport.

Why Iowa Is Solvent.

In making a showing to the state industrial commissioner as a reason why Iowa is able to carry its own insurance the state executive council filed a statement, stating among other things: For proof of the solvency and financial ability to pay of said state of Iowa, reference is made to all manifests in all the earth and especially to all the people in all the states of the United States, to its 54,000,000 acres of farm land of unexampled and inexhaustible fertility, to its growing crops, always better than in any other land God ever made, this year breaking its own record, corn alone amounting more than 600,000 bushels. For further proof reference is made to the honesty, keen sense of justice and the nobility of the 2,200,000 people who dwell within its borders. This representation and proof is made part of this application for the purpose of showing the assets of said state of Iowa, it having no liabilities except such as are recognized by all of the developed people of the world, the obligation of each to give it a superior order of citizenship, this being rather a liability of the people to it.

FIRST THREE-GUN TURRETS

New Dreadnaught Nevada to Have This Distinction Among American Warships.

Although only 200 tons larger than the battleships New York and Texas, which are of 5,000 tons displacement, the Nevada has some features which make it a noteworthy departure from any previous American warship. The Nevada's principal dimensions are: Length, overall, 583 feet; beam, 70 feet 3 1/2 inches; and mean draft, 28 feet 6 inches. The Nevada will be driven by Curtis turbines. The boilers will be fired exclusively with oil and the steam is carried no coal. The estimated speed is 23 1/2 knots, but it is probable that this will be considerably exceeded. The armor and armament are considerably in excess of any of its predecessors and involve a new departure for the United States navy in the arrangement of the main battery of fourteen-inch guns. This battery is arranged in four turrets, two turrets having two guns each and two turrets having three guns each. This arrangement gives a few foreign ships gave a concentration of fire superior to that obtainable from the ten fourteen-inch guns of the New York and Texas, which are mounted in five two-gun turrets. The new fourteen-

Valley.

C. H. Webb motored to Omaha Thursday. W. S. Eddy was an Omaha visitor Monday. Mrs. Foster and family are camping at King's lake. Mrs. Lillifore and Edith went to Omaha Thursday. Dr. and Mrs. Garrison motored to Omaha Wednesday morning. C. B. Byars left Monday evening for Thermopolis, Wyo., where he expects to spend six weeks. Mr. and Mrs. George McDonald of Norfolk visited Mr. and Mrs. A. J. McDonald from Sunday until Tuesday. Mrs. Alexander Gardner, Mrs. A. J. McDonald and Mrs. Mary Hempsted left Tuesday for a visit with relatives in Canada. The woman's club gave a very enjoyable surprise for Mrs. H. E. Byars Saturday afternoon at the home of Mrs. W. R. Weekly. J. E. Nichols, Laurence Coy, May Nichols and Edna Weekly motored to Fremont Thursday evening for dinner at the Country club. Mrs. H. E. Byars went to Benson Sunday to visit L. P. Byars' family. She left Monday evening for her home in Thermopolis, Wyo.

Elkhorn.

A son was born to Mr. and Mrs. Henry Thelsson Thursday. Mr. and Mrs. J. E. Pate returned from Weeping Water Monday. Mr. and Mrs. Max Pailow visited the Julius Schmidt home Thursday. Elmer Bay went to O'Neill Wednesday to visit the George Bay family. Mr. and Mrs. Charles White entertained for Mr. Witt's birthday Thursday. Mr. and Mrs. G. H. Goodhard visited at Wayne, Neb., several days last week. James Calvert of Columbus visited last week with his mother, Mrs. B. F. Calvert. Leslie Ostermann of Ponds, Ia., is here visiting his grandmother, Mrs. John Anderson. One, Gladys and Mildred McCormick of Yutan, visited friends and relatives here last week. Mrs. Anna McGrew and Mrs. Lizzie Quinn left Thursday for Excelsior Springs, Mo. Mrs. Joseph Odenasider visited in Omaha several days last week with her daughter, Mrs. William Pott. The old McCormick farm was sold Saturday at the court house in Omaha to A. J. McCormick for \$125 an acre. Dr. and Mrs. C. W. Hickey motored over from Bennington Thursday and ate dinner at the Witts home. It was Mr. Witt's birthday. Saturday, while George Heinemann was shoveling grain on the Fred Bull farm, he became overheated. A physician was called, but could not help him. He died about 3 o'clock that night. The funeral was held at his late home Monday.

Avoca.

The Eagle ball team will play the locals here next Sunday. Walter Love has returned from a visit to his home in Kansas. Mrs. Dr. Kruse is spending the week with relatives at Millard. Miss Ida Meyers has been spending the week with her relatives. Mrs. M. Graham was at Omaha Monday

to meet her daughter Beth, who had been visiting in northern Nebraska. Mrs. Ella B. Lewton of Weeping Water was visiting Avoca friends this week. Misses Mabel and Lela Cutter of Bethpage are spending the week with friends here. Mrs. Ruth Trook and daughter Elaine were at Avoca this week visiting relatives. Mrs. W. L. Gillin of Council Bluffs was here this week visiting relatives and friends. Samuel Johnson and wife were Sunday visitors at the home of John Tris near Plattsmouth. Mrs. Alice Gesech and children of Farnam are here this week, on a visit with her mother, Mrs. P. Durham. William Fahnestock and Jess Gruber, two local ball players, have been at Sutton this week assisting the team there in a few games. Harry A. Oaks, who has been managing the Beatrice Creamery company at this point for several years, has resigned. J. E. Everett has been elected to fill the vacancy. Mr. and Mrs. Nele Anderson and family motored to Omaha Wednesday. Mrs. August Koerner is spending several weeks at Excelsior Springs, Mo. Fred Fasset and Louis Lang of Harman, visited Sunday with relatives here. Mr. and Mrs. F. A. Reynolds and grandson, Edgar Brown, were Fremont shoppers Friday. B. C. Marshall has returned from Findlay, O., where he had been visiting a few weeks. Howard Hazake left Tuesday morning for Columbus, Neb., to visit a few weeks with his daughter. The Misses Elmer and Agnes Kralick of Howells visited over Sunday with Miss Mary Kralick and family. John Antrim, who has been farming in Valley for the last two years, is visiting his father, W. E. Antrim. Mrs. W. G. Jones left Tuesday for Missouri Valley, Ia., where she was called by the serious illness of her mother. Mrs. C. C. Harrison went to Sterling, Colo., Saturday, where she was called by the serious illness of her grandfather. Miss Maude Sumner of North Bend left for her home Thursday afternoon after a week's visit with relatives here. The late Mrs. Couper, who died here last week, was a sister of Schuyler Colfax, vice president of the United States last week, and was present in 1850 to 1851. McDonald Brothers of Calhoun are threshing in this vicinity at present and the yield of grain is good. One field of oats on Cortes Cook's farm yielded eighty bushels an acre. Chris Wolf, while digging a well near Washington, was hit on the head by a brick which dropped sixty feet. While the hands in it were not considered dangerous it is very painful. Mrs. G. C. Marshall and daughter, Blanche and Gertrude, recently returned from Los Angeles, where they have spent the last year. Mrs. Marshall's health is much improved. Mr. and Mrs. G. A. Marshall and family, Mrs. C. C. Marshall and daughters, Leta and Eva, and Rev. A. T. Davies departed for Mercer, Wis., where they will spend the summer at their resort "Ebbes Lodge".
