

POUR MONEY IN A RAT HOLE

Such Declares Ryder Would Be Effect of Repairing Boilers.

ONLY TEMPORARY MAKESHIPT

Does Not Think the Old Boilers Are Worth the Money Which Would Be Spent on Repairing Them.

Repair of boilers at the city hall is an "indefensible makeshift," said City Commissioner J. J. Ryder, who will oppose this method of "pouring the taxpayers' money in a rat hole."

"An expert said these boilers are beyond repair," said Commissioner Ryder. "They are inadequate to heat the city hall. We may spend \$1,000 or \$2,000 on them and next winter the city hall will be cold. We must either install new boilers or have the city hall heated from the Bee Building company's plant."

The city council has instructed the city clerk to advertise for bids for the repair of the boilers, in accordance with a report from a heating company which said the boilers could be repaired for \$50.

"We may spend \$1,000 on these boilers this winter and next year we'll have to spend some more. It is simply a resort to a makeshift and is absolutely indefensible."

Commissioner Ryder said that in the end the city would have to pay more money if it began by repairing the old boilers than it would if it put in new boilers or contracted for heat from the Bee building.

Fish Rate Hearing is On Here Before Examiner Pugh

An Interstate Commerce commission hearing, partially completed at Seattle, Wash., July 6, and adjourned to Omaha, is on before Special Examiner Pugh at the federal building. The hearing involves the rate on fish shipped from the Pacific coast to points east, including Omaha.

In the hearing now on before Special Examiner Pugh, the express companies seek to cancel the tariff allowing steps to partially unload shipments of fresh fish. The Pacific coast fish shippers object to the cancellation, while the Cole & Fry Co. of Omaha, Carr & Hackett of Kansas City and the Booth Fisheries company of Chicago are willing to have the tariff cancelled. Here the Omaha and Kansas City men are represented by N. J. McVann.

Sidney Stocking, 4, plays L. E. Gellishole, 6.
George Stocking, 6, plays E. J. Hutch, 2.
R. S. Kerr, 5, plays A. N. Fetherstone, 14.
C. R. Ganuit, 8, plays winner of the John McTaggart, 9, plays William Shields, 4.
John Morris and R. Langdon play off tie.

Office Seekers Have Only Half Day's Grace Left

Unless the county attorney's office makes a decision to the contrary would-be candidates for office will have only three and one-half hours in which to make their filings after the county treasurer and election commissioner open their offices today.

County Treasurer W. G. Ure has announced that his office, into which filing fees must be paid, will close promptly at noon today, as has been customary all summer. It opens at 8:30 a. m., so that will give only three and a half hours for filing.

Office seekers who have filed are: For coroner, H. Y. Foster, republican; for member of the Water board, E. R. Towl, party not stated on receipt of filing fee; for state representative, Andrew C. Busk and George Schroeder, both republicans; for South Omaha constable, Bernard Taylor, republican, and West Smith, democrat; for justice of the peace, H. H. Claiborne, A. H. Comstock and Joseph Mallison, all republicans; for road overseer, J. E. Quinn, democrat, Chicago precinct; John Wilkins, republican, Millard precinct; M. P. Gould, republican, Districts 13 and 14; Roy Perkins, republican, East Omaha precinct.

Motorists Without Licenses Are Fined

W. G. Ure, county treasurer, is taking a lively interest in the prosecution of automobile owners who have failed to procure new licenses, and appeared in police court to testify for the prosecution in two cases.

Ray Harrington, 138 Park place, was fined \$5 and costs for failure to have a new license, which would cost him but \$2. The failure to have the \$2 automobile license was also expensive for M. J. Peterson.

VIZZARD QUILTS RACE FOR LOCAL SHERIFF'S JOB

John C. Vizzard, who was looked upon as one of the favorites in the race for sheriff, has quit the field and will not file for the primaries on the republican, or any other ticket. Mr. Vizzard asserts that he reached the decision after looking the field over and after making a careful survey of the situation.

Telephone Wages in U. S. and Europe

American telephone employees get higher wages than are paid anywhere else in the world. Telephone operators in America get more than double the wage paid in France, Germany, Sweden, Norway, Austria or Denmark, and 45% more than English wages.

Here is a comparison, based on close investigations of average labor and material costs, in four leading European countries and the United States:

In England \$1.00 will buy what requires \$2.25 in the United States for the payment of wages and the purchase of material.	In Austria \$1.00 will buy what requires \$2.00 in the United States for the payment of wages and the purchase of material.
In Germany \$1.00 will buy what requires \$1.50 in the United States for the payment of wages and the purchase of material.	In France \$1.00 will buy what requires \$1.48 in the United States for the payment of wages and the purchase of material.

American telephone rates are the lowest and the service the most efficient in the world.

NEBRASKA TELEPHONE COMPANY

"Your building is so cool"

We hear it every day, now, for it really is cool. It was built that way by an architect with ideals—ideals not only for beauty, but for service and comfort as well.

THE BEE BUILDING

"The building that is always new"

Thick, solid, heat resisting walls, large airy windows, wide comfortable halls, the beautiful airy inside court, itself a huge ventilator taking the impure air up and out through the roof, creating a never ending circulation. This insures fresh, pure air and a constant breeze.

It is really a wonderful building, one you will enjoy as an office home. Offices are rented by Superintendent, room 108.
