GIANTS WIN LONG BATTLE

Defeat Pirates, Three to One, in Twenty-One Frames.

MARQUARD AGAINST ADAMS

Sharp Fielding on Both Sides—Work of Burns, Fletcher, Kelly and Mowrey is Brilliant.

PITTSBURGH, July 17.—Bescher's single and a home run by Doyle gave New York a 3 to 1 victory in a twenty-one inning pitchers' duel between Marquard and Odams today. From the close of the third inning until the opening of the twenty-first inning neither team was able to score, so effective was the pitching. Sharp fielding characterized the work of both sides. The work of Burns, Fletcher, Kelly and Mowrey was brilliant.

In the first inning Burns hit a three-bagger when two were out. He did not score. In their half the Pirates scored their only run when Mensor was hit by the first ball pitched by Marquard, went to second on Mowrey's sacrifice and scored on a three-base hit by Wagner. The visitors tied the score in the third on singles by Bescher and Doyle and Burns' ot.

During the next seventeen innings each team often got men on the bases, but no runs resulted. Bescher singled in the twenty-first after two were out. He stole second. Doyle then sent his home run blow to center, scoring himself and Bescher. Adams did not give a base on balls and struck out six men. Marquard walked two men and struck out two. Manager Clarke and Player McCarthy of the local team were put off the field for disputing a decision. Score:

Carpentier Ready to Meet Gunboat in Five or Six Months

LONDON, July 17.—"Gunboat" Smith and his manager, "Jim" Buckley, said today they intended to make a further effort to arrange a return fight with Georges Carpentier, the French heavyweight who yesterday was awarded the decision at Olympia when he was disqualified in the sixth round for hitting the Frenchman while he was on the ground.

The American boxer declared he was willing to meet the Frenchman anywhere and at any time and would prefer that the winner should take the entire purse or gate money.

Smith insists that even if his glove touched Carpentier it was unintentional and the blow did not hurt his opponent. Any other boxer, he said, would have continued the fight.

In their editorial commens on the match all newspapers declare that it was clear Smith did not make any intentional attempt to strike a foul blow.

"If Smith wants a return match right away he is not going to encounter the slightest difficulty," said Carpentier's manager later in the day. "It is Carpentier's wish, as it is my wish, that the white champion of the world should retain the championship not by a mere fluke or disqualification, but by right of superiority in boxing."

Both sides thus have put themselves on record as eagerly desiring an early return match, and the only bar to such a meeting appears to be the arrangement of a suitable purse.

When he was pinned down as to what he meant by "a return match right away," Carpentier's manager explained that the French boxer would be able to fight Smith again only after he had fulfilled his music hall engagements. He continued:

"These will keep Carpentier busy until September, but he is more than willing to arrange a date in December or January."

Then Deschamps added, "On condition that a side bet of $20,000 each be posted."

Deschamps said he was willing to accept Smith's suggestion that the winner of the bout take the whole purse and the gate money.

Smith, who has no theatrical engagements, said in reply: "I am not going to play to the gallery."

The stakes for last night's match were paid over today, Carpentier receiving a check for $15 000, while Buckley received $10,000 on behalf of Smith, who was not present.

Buckley took the check without demur. He made no formal protest against the decision, but wanted to discuss the fairness of Eugent Corri's ruling. He displayed deep annoyance and refused to shake hands with Corri.

Williams, Clothier Win Places in Final at Seabright Tourney

SEABRIGHT, N. J., July 17.—R. Norris Williams, second, and William J. Clothier, won their places in the final round of the Achelis cup singles today. Williams finished out the third set of his match with Karl H. Behr in which Williams led at 6-3, 6-6 and 5-1 in games yesterday when the rain put a stop to further competition. Behr started off today with a fiery attack on the net. He ran up to five-all on games before Williams settled into his own game. Then the young Davis cup players whipped the ball past Behr and finished out the match by winning the set 7-5.

Clothier had a difficult task to defeat Gustave F. Touchard at 8-6, 6-0. In this match physical stamina was one of the chief assets in determining the winner. Touchard ran into a lead in the first set. He used all of his tricky shots off to the sides and often baffled the tall Clothier in the matter of position. Clothier, impertuable and putting plenty of punch into his shots pounded away at his drives and half volleys in the second game and won easily.

Maurice E. McLoughlin and Thomas C. Bundy, the national champions in the doubles, had little to do to defeat Waston M. Washburn and Gustave F. Touchard, the winners of the eastern championship last year, in straight sets at 6-4, 7-5. The "California comedy's" service had plenty of bite to it and they ranged so well as always to give Washburn and Touchard trouble.

Bundy displayed unevenness of form. There were times when he failed completely on his pet cross court shots and his little short one that just dropped over the net.

In the other match Wallace F. Johnson and Hugh Tallant, who were substituted for R. Norris Williams, second, and William M. Johnston, defeated Nathaniel W. Niles and Alfred S. Dabney 3-6; 6-4; 6-3.

This was considered in the light of a reversal, as Johnson and Tallant were an eleventh hour scratch pair. Niles, however, had not entirely recovered from the effects of the heat of yesterday and he showed it at times.

Tennis Champ Will Be Californian

CINCINNATI, July 17.—A Californian will be the next clay court tennis champion of the United States. This became a fact here today when Ella Fottrell and Clarence Griffin of San Francisco and Nat Browne and Claude Wayne of Los Angeles won their way into the semi-finals, which will be played this afternoon. John Strachan, the present champion, has long since announced that he would not defend the title this year.

By playing great tennis the Californians eliminated three Ohioans and the Minnesota champion this morning. Griffin defeated Emerson, Cincinnati, 6-4, 6-3, 6-2; Browne deefated Holden, Cincinnati, 6-2, 6-4, 2-6, 64. Fottrell defeated Lockhorn, Cincinnati, 6-2, 6-4, 7-5, and Wayne defeated Joe Armstrong of St. Paul, 4-6, 6-4, 6-3, 7-5.

The last three matches were unfinished from yesterday.

Golfer Makes Hole in One Shot.

IOWA CITY, Ia., July 17.—(Special.)—J. C. Monnet of Norman, Okla., lowered the record for the nine-hole golf course at the Iowa City Country club today by one stroke, making it in 31. In doing so Monnet made the No. 3 hole, 232 yards, with the green on top of a hill, in one, a feat never accomplished here before. Mr. Monnet is dean of the college of law in the University of Oklahoma.

Ouimet Makes Low Score.

NEWTON, Mass., July 17.—Francis Ouimet, national open golf champion made a remarkably low medal score in the third round of the Massachusetts amateur golf championship at Braeburn today. In defeating C. H. Pushee of Braeburn he was around the course in 75, winning by a score of 5 up and 3 to play.

GRAIN AND PRODUCE MARKET

Many Buy Wheat on Strength of Black Rust Reports.

CORN TAKES SOME ADVANCE

Shorts Are Believed to Have Taken Most of the Yellow Cereal Orders Which Have Recently Changed Hands.

OMAHA, July 17, 1914.

While there were many in the wheat trade who refused to accept the black rust reports from South Dakota as authentic, there were others who not only credited these reports, but they bought wheat in a liberal manner on them. There were scattered black rust advices also from North Dakota, and some of the more conservative men in the trade up there with crop experts in the field advanced the opinion that the deterioration has commenced in many scattered sections.

It has been said by some that if the black rust reports were a reflection of actual conditions, they would be accompanied by buying orders, but not until yesterday were the buying orders received along with the reports of deterioration.

The trend of values was quite uncertain up to mid-session, when the buying orders commenced to pour in from outside points. Some of these orders came from the smaller towns of the spring wheat country and generally from the points where black rust was reported.

Weather conditions in western Canada were more favorable.

There was good buying of July corn yesterday and prices closed with an advance of ⅜c. It was generally believed that shorts took most of the corn that changed hands. There was more rain over the belt than for weeks past. Weather in Argentina was fine and cool and prices there irregular with the distant months well supported, owing to the expected large demand and poor grading.

Oats closed with advances of ⅛@⅜c yesterday, the strength displayed in the other pits having a stimulating effect on the market. There was also some good buying late in the session and the advance led to some selling of cash oats to go to store, 100,000 bushels.

Provisions were substantially higher, early, under outside scattered buying and higher hogs at the yards, but a disposition to take profits on the advance caused some reaction later and the close was irregular.

Wheat was ⅛c higher.
Corn was ⅛@⅜c higher.
Oats were ⅛@⅜c higher.

Clearances were 1,000 bushels of corn, none of oats and wheat and flour equal to 791,000 bushels.

Liverpool closed ⅛@1¼d higher on wheat and 1⅜d higher on corn.

Primary wheat receipts were 2,070,000 bushels and shipments were 1,527,000 bushels against receipts last year of 1,177,000 bushels and shipments of 417,000 bushels.

Primary corn receipts were 400,000 bushels and shipments were 505,000 bushels against receipts last year of 293,500 bushels and shipments of 351,000 bushels.

Primary oats receipts were 535,000 bushels and shipments were 818,000 bushels against receipts last year of 585,000 bushels and shipments of 584,000 bushels.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, July 17.—Rapid spread of black rust in North Dakota overcame a fall in the value of wheat today and brought about a material advance. The market closed firm at a gain of ⅛@¼c to ⅝@⅜c net. In corn the outcome varied from ¼c off to ⅝@¾c up, oats finished ⅛c down and provisions unchanged to 20c higher.

Owing to the fact that in North Dakota most of the wheat crop is green and, consequently, more liable to damage, the news that black rust there was extending fast had an immediate effect on the market. At first, the trade had been inclined to believe that owing to colder windy weather northwest the development of the plague would be hindered. Besides country acceptances on over night bids from here had been heavy and the consequent hedging large. Sentiment in favor of the bears disappeared entirely, however, after midday.

Minnesota as well as North Dakota sent black rust reports that bordered on the sensational. Correll, Minn., in the western part of the state and in a district that has usually given a big yield of wheat, sent word that the crop this season would not amount to even three bushels an acre.

Corn rallied with wheat and as a result of improved cash demand. General rains over a good part of the territory that has been the subject of drouth damage complaints made the market heavy at the outset. Poor condition of Argentine supplies counted against the bears.

Oats suffered from heavy selling ascribed largely to weather favorable for the harvest.

Provisions inclined upward with hogs. Liberal profit taking by longs retarded the advance.

CATTLE—Receipts were light, as was to be expected this morning, only eight cars being reported in. For the five days this week the total run now amounts to 7,029 head, being slightly larger than last week, but with that exception the smallest for any recent week, and smaller than the corresponding week last year by over 4,000 head.

There were not enough cattle of any kind on sale this morning to really make a killing for the packing house, and not enough to test out the market. As is almost always the case under such circumstances the feeling on the market was weak, no one being very anxious to buy, and in consequence sales in some cases looked a little lower compared with yesterday. On the other hand, compared with the close of last week, beef steers are around 20@25c higher. There was one string of grass westerns this morning that sold at $8.10.

HOGS—A fair Friday run snowed up, about 106 cars, or 7,000 head, being received. For the five days supplies total 39,761 head, over 8,000 larger than last week and slightly heavier than a year ago.

Trade opened out in good shape again this morning, shippers and speculators and one or two of the packers starting right in at prices that were a flat dime higher than yesterday's average. Two of the packers were laying down, but this did not seem to have any effect on the early market, and a good share of the offerings had been cleaned up by a little after 9 o clock on the basis named. By this time, however, the early buyers had nearly filled their orders, and the inactivity of the other killers began to have an influence on the trade. Prices eased off until they were no more than a nickel up, and movement came to a standstill. A few loads moved at this time at the weakened figures, but most of the sellers who still had hogs left held out for a return to the early prices, and although the trade looked weak for a while the packers really needed the hogs, so that in the end values in most cases recovered all the decline, the late sales being made on about the same basis as the earlier ones.

Trade was more or less dull throughout, due largely to a bullish tendency on the part of sellers, and it was well along in the forenoon before anything like a clearance was made. Bulk of the sales landed at $8.70@8.80, the long string selling at $8.75.

SHEEP—Liberal receipts again today enabled the packers to make another reduction in prices. As was the case yesterday and the day before, there was little doing until salesmen were willing to admit another decline. In the end the sales averaged up a flat quarter lower than yesterday's general run of transactions and trade was slow and dull most of the forenoon, the clearance being later than on previous day of the week. The top price for lambs was $8.35, with 170 head out. The bulk of the lambs moved around $8.25@8.30, the sorting in most cases being about the same as yesterday.

Two cars of wethers and five of ewes constituted the supply of mutton. The packers seemed to want a few sheep this morning, so most everything sold at about steady prices. The five cars of Idaho ewes sold at $5.00, with a few yearling wethers out of the shipment bringing $6.25. Trading was fairly active in this division.

For the week the receipts have been fairly large, showing an increase over last week, and prices have declined 50@60c on lambs. Aged sheep have been fairly represented on most days, but were in better demand than lambs, consequently the decline was not nearly as much, current prices being no more than about 10@15c lower than the close of last week.

Quotations on range sheep and lambs: Lambs, good to choice, $8.25@8.50; lambs, fair to good, $8.00@8.25; lambs, feeders, $6.25@6.75; yearlings, good to choice, $6.15@6.40; yearlings, fair to good, $5.90@6.15; wethers, good to choice, $5.65@5.90; wethers, fair to good, $5.40@5.65; ewes, good to choice, $4.75@5.00; ewes, fair to good, $4.50@4.75.

FRIENDS OF TROWBRIDGE THINK HE KILLED SELF

SIDNEY, Ia., July 17.—(Special.)—Louis S. Trowbridge, whose dead body was found tied to a tree in a lonely spot on the bluffs near Blair, Neb., was well known in this locality, where he lived for about thirty years. He was a prominent citizen and supposedly well-to-do, but was always considered very eccentric.

Later his wife died and he went to Mexico. That was the last heard of him in these parts until the reported finding of his body reached here. The Nebraska authorities are working on the murder theory, but his acquaintances here are inclined to the belief that he committed suicide. He has a brother in Des Moines and another in Denver. Both are successful business men. His wife was buried in the Sidney cemetery and it has not yet been announced what disposition will be made of the body of Mr. Trowbridge.
