(From a Staff Correspondent.) LINCOLN, July 18.—(Special.)—Today was the last day in which filing for office could be received and the mails were loaded.

LANCASTER'S PARTY MEN ARE IN HARMONY

(Continued from Page One.)

When five minutes in which to address the convention. Another motion prevailed which in some respects resembled the state convention of two years ago, when half of the convention walked out.

Candidates Given Chance. W. W. Ames, the first candidate for congress to speak, reviewed the work of the republican party and said that victory was assured as all over the district where he had traveled the differences of 1912 had been forgotten.

C. F. Reavis of Falls City, touched on the tariff and the disaster it was bringing to the farmers. "They are now threatening an immense crop of wheat, which, because of the democratic tariff will bring them 20 cents a bushel less than they should receive," said Mr. Reavis.

Matthew Gering of Plattsmouth reviewed the past and gave his reasons for leaving the democratic party. It was ignorance and southern prejudice that caused him to stay in it so long, and it was intelligence and full understanding of what the republican party stood for that caused him to leave the democratic party since 1900.

"If I should be elected to fill the vacancy which has so long existed in the First district, I will always be found fighting for republican principles," said Mr. Gering.

Kennedy to the Front. Crawford Kennedy of Lincoln was in a humorous mood. He said that he recognized the fact that he was not an orator. "I couldn't be a congressman like my friends Frank Reavis and Matt Gering," said Mr. Kennedy, with a wave of his hand and I wouldn't want to be.

The convention caught the joke and applauded loudly, while the two candidates joined in the laugh.

Kennedy said that the great things done in congress were not always accomplished by the men who could talk. He referred to the passage of the Kinkaid homestead law as one of the great works of congress, yet its author never made a speech in its behalf and with the president against him and with a portion of the cabinet the same way, and with two-thirds of the members of the house opposed to his bill, he finally won out, because of his ability to meet them and convince them of the merits of the bill.

J. E. Dellert spoke for a few moments on the outlook for success and was followed by George Tobey, who prophesied republican victory.

Edgerston Closes.

Frank Edgerston closed the talk for the congressional candidates by referring to the conditions which farmers here in Nebraska, with a big crop of corn before them, must expect as a result of the tariff and free trade with other countries.

He said that the country went back on President Taft because he advocated reciprocity with Canada, yet the democratic party had enacted a bill which had made free trade with all the world.

He said there was ready to be shipped from Argentina 250,000,000 bushels of corn to this country and it would be landed in New York, which would take from Nebraska the privilege of supplying the whole eastern section of the United States.

Won't Hear Howell.

At the conclusion of the "congressional" speech-making, R. B. Howell was brought to the front of the platform with other candidates for state offices, but the crowd refused to listen to them and called for the report of the resolutions committee.

The report was short and in substance congratulated the republican party on being once more in complete harmony and pledging loyalty of the entire party to all candidates.

Fifty-nine candidates were elected to the state convention, among them being representatives from both of the factions which split two years ago: Ex-Governor Aldrich, L. L. Lindsay, H. M. Bushnell, E. G. Maggi, Judge Frost, Ed Sizer, Allen W. Field and some others prominent in the factional fight of two years ago are on the delegation.

Democrats and bullmoosers hanging around the edges who had been praying for a scrap were sadly disappointed, and republican chances have gone up 100 per cent on account of the convention.

J. Reid Green, formerly secretary of the county committee, was elected chairman of the county committee with power to select his secretary.

Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a splendid external embrocation in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know. They tell of its wonderful influence to ease the abdominal muscles and how they avoided those dreaded stretching pains that are so much talked about. For safe external application is gently used over the skin to render it amenable to the natural stretching which it undergoes. The myriad of nerve threads stretched and the skin is thus relieved of unnecessary pain-producing causes and great physical relief is thus expressed by a host of happy mothers who write from personal experience.

It is a subject that all women should be familiar with as "Mother's Friend" has been in use many years, has been given the most severe tests under most all trying conditions and is recommended by women who to-day are grandmothers and who in their earlier years learned to rely upon this splendid aid to women.

"Mother's Friend" is declared by a multitude of women to be just what expectant mothers require.

You can obtain "Mother's Friend" at almost any drug store. Get a bottle to-day and then write for our little book, "Address: Brakeman's Regulator Co., 412 Lamar Bldg., Atlanta, Ga."

BIG FIRE IN GRAND ISLAND

General Store of P. Martin & Bro. is Burned.

LOSS ABOUT SEVENTY THOUSAND

Fire Starts at Noon and Spreads so Rapidly that Clerks Are Forced to Flee Without Their Street Apparel.

GRAND ISLAND, Neb., July 18.—(Special Telegram.)—Fire broke out at noon today in the general merchandise store of P. Martin & Bro. and is not yet extinguished. Mr. Martin states that the fall and winter stock of shoes, cloaks and clothing had arrived this week and the value of the stock would easily go to \$90,000. Some cases of the goods still unpacked were saved. The building is yet so full of smoke that entry cannot be made.

There is insurance of \$8,000 on the stock and the two-story brick building, owned by Mayor Charles Ryan, is also insured. Two theories are given by clerks of the origin. One is that it started in the ceiling of the basement, where there is a network of electric wires, and the other that it originated under a stairway among some goods.

The spread was so rapid that all clerks were compelled to leave without their street apparel. The total loss is expected to go to \$70,000.

Wool Shipped by Post.

PHILLIPS, S. F., July 18.—(Special.)—Marketing by parcel, post is popular with the sheepmen in this vicinity, many having already adopted the government's delivery service in getting their wool clip to the selling centers. Recently the clip from half a dozen sheep was mailed through the local postoffice to market. The extreme lightness of high-grade raw wool lends itself easily to this method of shipment.
