Out of seven prominent makes, Studebaker SIX is only real car 1 bave ever driven. W. A. Hager, M. D.

South Bend, Ind.

And the unequaled value of this Studebaker SIX, together with the intense lovalty and satisfaction of the men who buy and drive Studebaker cars, is simply the natural reflection of Studebaker manufacturing methods. Studebaker SIX quality, economy and roadability cannot be produced by any means other than Studebaker laboratory tests, Studebaker heat-treatment of vital parts, Studebaker scientific engineering and Studebaker manu-

facturing accuracy and magnitude. The same methods also give this SIX its perfect balance and alignment of parts, its light weight and great strength, and its extreme riding comfort.

How well Studebaker manufacturing and its results are appreciated is shown by these brief paragraphs from owners' letters.
