revised railroad securities bill.

The debt of the national government is a steater financial weight upon the people of each state except Arisona and Massachusetts than the obligations of the state, in which they live, according to statistics issued by the census bureau. Drastic action by the United States government in Halti and San Domingo is imminent, but force will not be used until every effort is made to settle by peaceful means the revolutions in the two countries. President Wilson explained to inquirers the position of the American government as one of much anxiety.
