Considerable Joy Over Decision in Back Tax Case.

TAXPAYERS ARE THE WINNERS

Twenty-One Thousand Dollars Will Be Saved, According to Opinion of City Treasurer

Judge Leslie's decision of the back tax question in district court yesterday closed a long and bitterly fought contest. The decision was hailed on the streets generally as one in which the taxpayers had been the winners.

City Treasurer Martin said the decision would save the taxpayers about \$21,000 a year. "We have been encouraged," Martin said, "not only by our idea of what the law was, but by the many assurances of support given us by the taxpayers who have followed the fight. It is over and I am glad of it."

More than fifty automobiles will leave South Omaha this afternoon to participate in the Bohemian parade in Omaha today.

The mayor and city officials will ride in the parade. City Treasurer Martin, City Attorney Murphy, Assistant City Attorney Winters and Leigh, Superintendent of Matts Lew Etter and a host of others will drive their own cars for the accommodation of the visitors who will ride in the parade.

Chief of Police John Briggs will be grand marshal of the day and has ordered that the South Omaha contingent meet shortly after noon at the Bohemian National hall in South Omaha.

City Attorney Murphy was jubilant. "It was a case of fighting for the taxpayers," he said, "and the decision was a good one. Judge Leslie in handing down the decision expressed the opinion that the

case had not been well brought in the name of the city by the mayor and council. He said that the city attorney was the law officer of the city and as such the city litigation was in his charge. This means that Special Attorney John Paul Breen may find some difficulty in collecting his money from the city."

asked to put the janitors to work August 1. There is said to be plenty of work that can be done then and it will save a good deal of rush about the time of the opening of school. Many of the men have families and those who have not have to support themselves, anyway. In Omaha the janitors work the year around it is said. The civil service rule is now in vogue here. The members of the board and President Richardson are inclined to do everything they can to please the workmen for the district.

The local agitator of Eagles will give a dance at the Eagle hall, Twenty-third and N streets, this evening.

J. H. Neas of Somers, Ia., was at the stock yards with a load of hogs yesterday. He will remain in the city a short time.

The Ladies' Aid society of the Hillsdale Baptist church will give an ice cream social at the quipped lawn, Forty-third and I streets, this evening.

Mrs. W. J. Nease returned home Monday evening after two weeks at St. Joseph's hospital, where she underwent an operation. She is slowly improving.

The congregations of the Protestant churches of the city will meet in union vesper services on the high school lawn tomorrow evening at 7 o'clock. Rev. John Deas of the Christian Disciples is announced as the speaker.

J. R. Jamison Gets Overland Agency for All Nebraska

The Omaha agency for the Willys-Overland machines has been transferred to the Omaha Overland company, of which J. R. Jamison is president. The new Overland company has moved into new quarters at 291 Farnam street, where the showrooms have been remodeled and rearranged.

Previously the Overland has been handled through the Van Brunt Auto company of Council Bluffs, but it was decided to change this agency to Omaha proper. The result was that scores of prominent automobile men submitted requests for the agency. After due deliberation it was announced that Mr. Jamison had been appointed to the new agency. As soon as he received the news of his success, Mr. Jamison organized the Omaha Overland company, secured spacious quarters and is busily selling cars already.

Yanks Want Dartmouth Lad. Clarence L. Wasmaker, Dartmouth, 15 of Melrose, Mass. has received an offer from the New York club, Wasmaker for the last two seasons has been first-string catcher for the Green. This year has been at his best. He has another year in college and it is doubtful if he will accept the offer.

An Automobile Should Weigh Less Than 3000 Lbs.

CHANDLER \$1595 LIGHT-WEIGHT SIX

WE mean the average type of car, the five-passenger automobile of 120-inch wheel base. That is the correct length of car for comfort. Less length is not enough. More is unnecessary. Some disturbed competitors have said that light weight comes from cheap materials. Not at all. Cheap iron is just as heavy as good iron.

Chandler has cut out the iron. If they are proud of 3700-pound weight or 4000, why don't they say so in figures. The only cars whose weights are advertised weigh less than 3000 pounds. Mark that fact. It is vital.

Chandler uses fine aluminum castings and pressed steel, wherever possible, instead of iron. That's modern engineering. The Chandler is durable, safe, comfortable and economical.
