CAILLAUX FLAYS CALMETTE

Former Premier Says Late Editor Tried to Deal with Hungary.

SUBMITS RECORDS OF CASE

Document Soliciting Bribe, He Says, Were Given Him by the Chief of the Radical Party in Hungary.

PARIS, July 27.—As soon as Judge Louis Albanel and his three associates had taken their seats on the bench this morning in the trial of Mno. Caillaux, M. Caillaux demanded to be heard. He said: "The Figaro, having accused me today of suborning witnesses, I should like to submit to the court some authentic papers concerning the late Gaston Calmette's relations with the Hungarian government. I have hesitated to use them, but I have decided to do so in view of the Figaro's attitude. I desire also to read the late M. Calmette's will."

Maitre Chenou: "How did you get it?" M. Caillaux: "In the same way that you got my letters." M. Caillaux then proceeded to read the will. M. Caillaux afterward said: "I shall not repeat what I have already said about the bonds which unite the Figaro to certain foreign personalities. I merely informed the jury that I place at the disposition of the court authentic documents signed by Gaston Calmette, stipulating in the clearest possible fashion the conditions under which the Figaro would work in the interests of the Hungarian government. Every Frenchman will realize today what would have been the effect of that work. These documents are of unimpeachable authenticity. They were given me by Count Karolyi, chief of the Hungarian radical party."

AUSTRIA CHARGES BAD FAITH

was, however, little change in the situation and the more optimistic feeling was largely based on the belief that the German emperor, who returned to Potsdam today from his cruise in northern waters, would throw his influence toward a peaceful settlement of the dispute.

Another factor in favor of a peaceful arrangement was that the Austrian ambassador at St. Petersburg had shown willingness to discuss matters with the Russian foreign minister.

Russia is Aroused. ST. PETERSBURG, July 28.—A decree was promulgated today forbidding publication for one year of detailed information concerning the army and navy. The cities of St. Petersburg and Moscow have been placed under a state of extraordinary protection—a modification of martial law.

A censorship order prohibits the publication of virtually all news relating to the army and navy, including mobilization, the calling out of reserves, the movement of superiors, voluntary offers of medical aid and even the arrest and sentence imposed upon spies.

Another order prohibits unauthorized aeroplane flights near the German or Austrian borders or in the neighborhood of fortified places.

Many Serbian officers and reservists are returning home. The slaves of Moscow are organizing a great demonstration.

Bankers Have Cash. At a meeting of bankers, with the director of the national bank, presiding a resolution was adopted today that the financial situation of Russia will enable the present emergency to be met satisfactorily.

The Russian foreign minister, Sergius Sazonoff, received the German ambassador today and it is said again informed him that Russia would not be able to remain indifferent if Serbian territory were invaded. The ambassador looked very grave when he left the foreign office.

NEW YORK STOCKS AFFECTED

Market Opens Lower, with Heavy Selling by Europe.

PRICES HIGHER THAN ABROAD

Two Hundred Thousand Shares Are Sold During First Hour—More Gold Engaged for Shipment to Europe.

NEW YORK, July 27.—The local stock market opened amid scenes of great excitement today. Conditions in continental Europe, growing out of the Serbian crisis and the Irish situation, caused severe losses on foreign exchanges. The gravity of the situation may be judged from the fact that the Vienna exchange is to remain closed for several days, while the Austro-Hungarian bank rate was advanced without warning.

Prices held far better than in London, where quotations for Americans were down from 7 to almost 7 points. Canadian Pacific, which yielded over 5 points in London, opened here with a loss of 3 1/2 points. Declines of 1 to 2 1/2 points were recorded in the initial trading by Denver & Rio Grande preferred and many other active stocks. The market continued feverishly throughout the first hour, with further weakness in Canadian Pacific, which extended its loss to 4 points.

SUFFRAGETTE IS GIVEN FIFTEEN MONTHS IN JAIL

NOTTINGHAM, England, July 27.—Irene Casey, a militant suffragette, was today sentenced to fifteen months' imprisonment on a charge of being in possession of explosives with the intention of committing a felony. Miss Casey, who is the daughter of a London physician, was

arrested during the King's recent visit to Nottingham. She was carrying a dressing bag containing four boxes of a high explosive besides detonators, fuse, benzine, a chisel, pliers and glass cutters.

After the honeymoon. Newsed—I was worried for nearly three years for fear I wouldn't get you. Mrs. Newsed—What are you thinking of now, dear? Newsed—Thinking how foolish I was to worry.—Boston Transcript.

Death Record. Agnes Juanita Turner. Agnes Juanita Turner, aged 5 years, daughter of Mr. and Mrs. Fred J. Turner, Fortieth and Nebraska avenue, died Sunday, following a sudden attack of summer illness. The funeral will be held Tuesday morning at 9 o'clock at Holy Angels' church. Interment will be in the Holy Sepulcher cemetery.

George A. Harrison. LYONS, Neb., July 27.—(Special.)—The body of George A. Harrison, aged 60 years, was buried in the Lyons cemetery Sunday. He died at a hospital in Omaha, leaving a divorced wife and several children.

Sollicitous. "Is your wife fond of dancing?" "Not as fond as I wish she was," replied Mr. Meekton. "Henrietta ought to have more relaxation. I hate to see a woman so intellectual that she'd rather talk than tango."—Washington Star.

How Out-of-Door Life Affects Beauty. Exposure to the sun and wind, dust and the elements, although often acting as a tonic to the system in general and sometimes brightening the color of the skin, is still very damaging to the refined appearance of the complexion. The open air in itself is good, but the face should always be well protected against the extreme heat, wind and dust. The girls of your acquaintance who live a great deal out of doors by no means have the most beautiful complexions. You can best protect your skin against the elements or beautify it for social life by a face lotion which you can very easily make at home by getting 4 ounces spermacin from drugist and dissolving it in 1/2 pint of hot water, to which you add 2 teaspoonful of glycerine. This lotion is easier to apply than powder, does not rub off, looks like part of the skin, giving a natural, velvety bloom while removing shininess and surface discolorations and curing irritation and pimples.—Advertisement.

COSSACKS FIRE VOLLEY ACROSS GERMAN BORDER

(Continued from Page One.)

It is still hoped here that the voice of Berlin may be heard at the opportune moment in the interest of peace. The fact that Vienna does not refuse to discuss the points at issue interpreted as a happy symptom, although Russia's attitude has been very firm since the beginning of the crisis. The Russian government is anxious to negotiate with Vienna in order by such a discussion to delay any act which might prove irrevocable.

Grey Invites Conference. Sir Edward Grey invited the governments of Austria-Hungary, Serbia and Russia to suspend operations pending the result of his proposed conference, which would be held in London.

The stock markets of London and the European capitals still displayed an optimistic feeling, although it was not as pronounced as on Saturday.

The fact that Austrian ambassadors abroad were willing to discuss the controversy with foreign governments and especially with Russia led to the belief that an outlet for the deadlock would be found.

The military element in Germany calmly awaits the outcome of the international crisis. It is stated that no orders have been issued to the army in this connection and that the customary furloughs to a portion of the soldiers in order that they might help in the field work at their homes during the harvest have not been interrupted.

One of the newspapers prints the statement that the German high sea fleet had been ordered to concentrate in home waters, but the German admiralty says no such instructions have been issued.

The general public in Berlin takes a somewhat calmer view of the situation as time passes without the occurrence of the dreaded catastrophe of armed conflict and on reports of the proposed mediation of the powers between Austria-Hungary and Serbia.

Officials declare no word has come from St. Petersburg regarding the Russian attitude, but hopes are still expressed that Russia will abstain from taking any steps which might precipitate a general conflict in Europe.

Socialists Propose General Strike. BRUSSELS, July 27.—Partial mobilization of the Belgian army was ordered today, raising the total of the active force to 100,000 men.

The International Socialist bureau has telegraphed to its members to meet on Wednesday, when a general strike as a preventive of a European war probably will be discussed.

The House was ordered closed by the governing committee pending international developments.

British Fleet Coaling. PORTLAND, England, July 27.—The first fleet of the British navy has been recalled here by a wireless message and is now coaling. The fleet, which comprises twenty-eight first-class battleships and a large number of cruisers and torpedo boat destroyers left here after the annual exercises and before the receipt of the admiralty's order not to disperse. All leave has been stopped and it is understood that the fleet will proceed to the North Sea.

Attitude of Greece. CONSTANTINOPLE, July 27.—The Greek minister here today declared that in the event of war between Austria-Hungary and Serbia, Greece would be compelled to dispatch 100,000 troops to the assistance of Serbia.

GREY HAS MEDIATION PLAN. British Foreign Secretary Suggests Way to Avert War. LONDON, July 27.—Glimmers of hope flickered in the darkened sky of European politics today and the wish was general that the efforts of the great European powers to avert a clash of arms which might involve many nations would be successful.

While all the powers were preparing for possible eventualities, their statesmen, with Sir Edward Grey, the British foreign secretary, at their head, were endeavoring to bring together the governments at issue with a view to mediation.
