STOCK MARKETS EXCITED

British Consols and French Rentes Are Again Lower.

BERLIN BOURSE OPENS WEAK

Runs on Savings Banks Continue—Long Lines Form in Front of Some Institutions at Five in the Morning.

LONDON, July 28.—A feeling of uncertainty prevailed at the opening of the stock exchange here today, but conditions were not so panicky as they were yesterday. British consols opened at 75 1/2, then fell by slow stages to 75, but soon rallied again to 75 1/2. Continental favorites were offered freely at first, but gradually recovered.

Canadian banks were again the weakest feature of the market on continental and settlement liquidation. They went to 4 1/2 below parity, being quoted at 10, but before noon had regained some of the loss and were being quoted at 10 1/2.

Dealings on the foreign market were still a matter of record in the town being steady. Discount houses continued to quote 4 per cent for short and three months' bills, yesterday's gold shipments from New York having practically no effect.

Year Panic in Berlin.
BERLIN, July 28.—The stock market here opened generally weak today, particularly in the case of Austrian specialties.

The public in the German capital was very nervous today and alarming rumors continued to circulate. The run on the savings banks in which the poorer classes deposit their money was resumed this morning. As early as 5 o'clock there were long lines of depositors outside the municipal savings banks, and the people insisted on having their money regardless of the reassuring statements by the officials.

The police authorities of Berlin today announced they would not permit any more patriotic proceedings in the streets of Berlin. Hitherto these had not been interfered with.

French Rentes Seventy-Eight.
PARIS, July 28.—Transactions on the bourse today were limited and the quotations generally were about the same as yesterday's, but the tendency was downward. French 3 per cent rentes were quoted at 78.

Foreigners Lower at New York.
NEW YORK, July 28.—Reflecting foreign conditions the local stock market manifested further weakness in today's early dealings. Shares of the international group were off one to two points, in few instances, however, yielding to London's low level.

ropes was occupied in preparation for... Formal Announcement of War.

Then today came the formal announcement of war by Austria-Hungary, one of the members of the triple alliance, the other two countries in which are Germany and Italy.

The notification of the fact was sent this afternoon to the Serbian government, which has its temporary headquarters at Kragevatz.

It was anticipated here that a declaration of hostilities would follow quickly on Germany's decision to hold aloof from any scheme of mediation.

The German Foreign office had said that a conference of ambassadors would in its opinion serve no useful purpose, while "conversations" between Vienna and St. Petersburg were still in progress.

The attitude of Russia was watched carefully today in official circles here, and the firm belief was expressed that Russia would order the lists in support of the little slavic kingdom as soon as fighting started in earnest.

Second Move by Grey.
In the meantime Sir Edward Grey took the initiative of requesting the European powers to permit their ambassadors in London to confer with a view to a peaceful solution of the controversy.

Italy and France at once consented to join their efforts to those of Great Britain, but Germany and Austria refused, Germany supporting its ally in the contention that it would be undignified for a great power like Austria to appear before a tribunal of European powers on the same status as the little slavic nation.

The Austro-Hungarian in the interval had proceeded rapidly with the mobilization of its great army. The entire railroad system was utilized for the movement of troop trains, the telegraph system was virtually monopolized for government business and a strict censorship was imposed.

Public in the German capital was very nervous today and alarming rumors continued to circulate. The run on the savings banks in which the poorer classes deposit their money was resumed this morning.

As early as 5 o'clock there were long lines of depositors outside the municipal savings banks, and the people insisted on having their money regardless of the reassuring statements by the officials.

KITCHENER'S NIECE ARSON SQUAD MEMBER

LORD KITCHENER

LONDON, July 28.—The police of Ayr, Scotland, say they have evidence to prove that the militant suffragette who attempted to blow up the birthplace of Lord Kitchener, is looked upon as the probable successor to Lord Hardinge, the present viceroy of India.

Words of Caution.
The St. Petersburg correspondent of the Times says:

That matters have become calmer, I may quote a sentence used by the emperor at the close of a grand council on Saturday:—We have stood this sort of thing for seven and a half years; that is enough.

Thereupon his majesty authorized orders for partial mobilization, confined to the Fourteenth army corps on the Austrian frontier. At the same time an intimation was given to Germany that orders for the mobilization of the Russian army would follow immediately upon mobilization by Germany.

These words and acts were believed to be largely responsible for the sudden change in the international session. The general impression in diplomatic circles is that Austria has gained so much by Serbia's almost complete acceptance of the terms of the ultimatum that it is difficult to believe it would risk war with Russia and European conflagration by driving Serbia to the wall.

Fort Dodge Engineer Has Narrow Escape
FORT DODGE, Ia., July 28.—(Special.)—George Thompson, an engineer on the Illinois Central between here and Council Bluffs bears a charmed life. For the second time he has escaped death miraculously almost.

While he was in the Omaha yards yesterday after having discharged the passengers of train No. 12 at the Union station, Thompson's engine was hit by a switch engine pushing three cars and hauling fifteen. Three cars in front of the passenger engine were piled up in a space of twenty feet and Thompson's engine was telescoped back to the tender. Thompson escaped unhurt.

Several months ago Thompson was making a trip to Council Bluffs with a freight train when a driving rod of his big engine broke. One part of it crashed through the cab roof and passed between his knees as he sat on his seat.

Undeterred by his close calls Thompson continues about his railroad duties with a smile.

CONFEDERATE LONGEVITY AMENDMENT KILLED
(From a Staff Correspondent.)
WASHINGTON, July 28.—(Special Telegram.)—An amendment to the general deficiency bill, that has brought out all the pent up eloquence of many members for and against the particular item, caused a roll call today which Representative Oscar Underwood, chairman of the ways and means committee, will long remember. Underwood's pet measure to give confederate officers longevity allowances went down with a crash, the north and representatives from the south voting against the amendment.

The representatives from Nebraska who are on their jobs, consisting of Klunk, Sloan, Barton and McGuire, finding a common ground to vote for the amendment.

The amendment, which is in the interest of "confederates," provides for the payment of longevity allowances to officers who resigned from the service of the United States to go into the confederacy, but no provision was made for those officers who refused to resign from the United States service.

Years ago a number of union soldiers tried to get this longevity play, but congress turned them down. Today the friends of the union soldier got back at the enemy and the way they pummeled the Underwood amendment was a caution. It was remarked that memories of the civil war still lingered.

Indigestion and Constipation.
"About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. For sale by all dealers.—Advertisement.

MAY ARREST JOE POLCAR

Editor of News to Be Brought to Court if He Does Not Back Down.

ASKS AN IMMEDIATE HEARING

Because His Name is Mentioned in Gustafson Complaint Polcar Sends for County Attorney and Makes Demands.

Joe Polcar, editor of the Daily News, named in the complaint against John A. Gustafson as a conspirator who sought to have County Commissioner John C. Lynch charged with bribery, is likely to be arrested and given a hearing if he does not back down from the position taken by him in Justice Britt's court yesterday.

Polcar, with his lawyer and a reporter, appeared in justice court and demanded an immediate hearing because he was named in the Gustafson complaint. He was informed that it was impracticable to give him a hearing while all the witnesses who would appear against him were out of town, and impossible from a legal standpoint because no complaint had been filed against him.

Although County Attorney Magney had been inclined to the belief that as yet there was not sufficient evidence available against Polcar on which to arrest him, he at once said that if Polcar continued in the same frame of mind and a complaint should be filed by Commissioner Lynch he would push the case to an immediate hearing.

Commissioner Lynch declared he would be glad to take Polcar at his word as to desiring a hearing, but that he did not want the man to be allowed to "get away with a hearing" at a time when the evidence against him could not be produced here.

Gustafson is fighting extradition from Missouri and other witnesses are outside the state at present. Commissioner Lynch was inclined to the view that Polcar's action was a part of an attempt to make it appear that he is seeking vindication.

"If Mr. Polcar feels that he wants to plead guilty, I will be willing to swear out a complaint to accommodate him," said Commissioner Lynch. "If the shoe fits, Mr. Polcar he can wear it. If Polcar is guilty it is natural that he would want to have a hearing when the three principal witnesses are outside of the state. Until Polcar produces the reports which Pickard asked him to produce at the hearing, Polcar stands convicted in the eyes of the public. Mr. Polcar and his attorneys know that it is impossible to subpoena witnesses to testify when they are outside of the state and under the circumstances Polcar would naturally want an immediate hearing in the case."

A police report Tuesday was to the effect that Gustafson was about to make his appearance in Omaha for the purpose of giving a bond and that he had abandoned his fight against extradition.

Carranza Will Meet Carbajal's Envoys in Person
TAMPICO, Mexico, July 27.—(Via Laredo, Tex., July 28.)—Upon receipt of official information here today that Provisional President Carranza will send two delegates immediately to Saltillo to arrange the transfer of executive authority of Mexico to the constitutionalists, General Carranza announced he would leave here tomorrow for Monterrey. He expected to reach Saltillo within two or three days.

It was announced Carranza would not select a commission, but would conduct his own negotiations with the Carbajal envoys, who were expected to reach Saltillo about the same time Carranza does.

It was understood here today that official assurances would be given through a high constitutionalist officer guaranteeing good order and preservation of property in Mexico City. The statement, it was said, would also declare Carranza will insist on an unconditional surrender.

WASHINGTON, July 28.—Brigadier General Funston reported today that the Mexican forces in Mexico City had taken the offensive against the Zapatistas and driven them from nearby towns. He says there are 20,000 federals in the Mexican capital.

Constitutionalist troops have become very active along the railroad between Saltillo and Orizaba, but are acting in independent bands. Ricardo Lopez, at the head of a band of some 200 men, is said to be laying waste to the section south of Vera Cruz towards the seacoast.
