#### PITMAN GRAND PATRIARCH

Nebraska Odd Fellows Choose Officers of Encampment.

#### DEGREE WORK IS EXEMPLIFIED

Welcoming Address Made by Governor Morehead and Response by Grand Master Bus—Rehearsals Meet.

(From a Staff Correspondent.) LINCOLN, Oct. 15.—(Special.)—The opening of the season of the grand lodge of the Odd Fellows was held at the state house last night, and the delegates with those of the Rehearsals were welcomed by Governor Morehead.

During the evening the Rehearsals put on a drill for the edification of the people present, who filled representative hall and the gallery to overflowing.

The response to the address of the governor was made by Grand Master T. N. Bus for the Odd Fellows, while Mrs. S. F. Kiersted, vice president of the Rehearsals, responded for that organization.

The Nebraska encampment, which comprises the uniform rank of the Odd Fellows, met in Odd Fellow hall during the afternoon and elected the following officers:

J. W. Pitman, York; grand patriarch; J. A. Davis, Lincoln, grand senior warden; L. E. Coy, Paxton, grand high priest; I. P. Gage, Fremont, grand scribe; F. R. Bryant, grand treasurer; G. E. Turkington, Omaha, grand junior warden; E. H. Newhouse, Red Cloud, and S. R. McParland, Madison, grand representatives.

#### DOUGLAS COUNTY PROPERTY WORTH TWELVE CORN CROPS

(From a Staff Correspondent.) LINCOLN, Oct. 15.—(Special.)—According to figures prepared by Statistical Inspector George K. Kline of the public department of the State Board of Agriculture, the figures as returned by the county assessor of Douglas county show that county to be assessed at \$27,441,795.

In the last twenty-three years Nebraska's corn acreage has been 145,585,500 acres. The production during that time has been 2,636,710,000 bushels. The crop for that time has brought \$40,474,237.

Therefore, Mr. Kline has figured that it would take all of the corn raised in Nebraska for twelve years to pay Douglas county once, allowing \$1,000,000 commission on the deal.

The corn crop for 1913 in Nebraska was 90,290,295 bushels and its value at 30 cents per bushel would be \$27,287,025.

The annual pay roll of Nebraska's manufacturing industries is \$15,023,294. Notwithstanding it is alleged that the corn

### Former City Clerk of Norfolk Arrested on Forgery Charge

NORFOLK, Neb., Oct. 15.—(Special Telegram.)—Ed Harter, formerly city clerk of Norfolk, was placed under arrest at 11 o'clock this morning, charged with "forgery" and "uttering forged papers." The arrest came upon the eve of Mr. Harter's departure to Rochester, Minn., for his sixteenth serious surgical operation. He had planned to leave next Sunday for the hospital.

The arrest follows alleged discrepancies found in the books of Mr. Harter by an expert accountant, who charged that

city warrants had been illegally raised by Harter to the extent of over \$2,000 since last spring, when he was defeated for re-election after the Thomas statement had been published. Harter has been conducting a little grocery store in a shed which formerly served as his automobile garage in the back yard of his home. Harter was shot in the leg twenty-two years ago and besides amputation of the limb has had his appendix, several parts of his stomach, his gall bladder and other vital parts of his anatomy removed. Harter was released on bail.

A physician was present when Harter was placed under arrest. The doctor declared Harter is in very serious condition, and that of late he has frequently had to be given hypodermic injections to relieve his suffering. He needs an abdominal operation at once, said the physician. Harter was very white and weak, and the scene was a pathetic one.

### Val Peter Re-elected as Head of Alliance

(From a Staff Correspondent.) LINCOLN, Oct. 15.—(Special.)—The German-American Alliance of Lincoln entertained visiting delegates to the German Day festivities last night at a banquet. All of the speeches were made in German, except that of Dr. George E. Condra of the state university.

This morning the election of officers of the state organization was held and resulted in the following selections:

President, Val G. Peter, Omaha, re-elected.

Vice presidents, Karl Kauf, Hastings; C. Blankenmyer, Pender, and Carl Rhode, Columbus, re-elected.

First recording secretary, Richard Goehning, Grand Island; second recording secretary, H. Schumacher, Grand Island.

Corresponding and financial secretary, John Mattes, Nebraska City.

Treasurer, Fred Volpp, Scribner.

Although the weather promised to interfere with the flower parade, it took place anyway and was exceedingly good.

#### Notes from Osceola.

OSCEOLA, Neb., Oct. 15.—(Special.)—The death of L. K. McGaw of this city occurred yesterday, after an illness of several weeks' duration. The deceased was an early homesteader in Falk county and was the owner of considerable good farm land. He resided in Osceola during recent years and leaves many friends to mourn his death.

District court is in session in Osceola this week, Judge Good acting as the presiding judge. The case of the state against Dr. Flippin is now on trial. The doctor is charged with interfering with the election last spring in his home town of Stromsburg.

The gathering of the 1913 corn crop has commenced here, and while some have not started, there is enough in already to predict a crop that will average from twenty-five to forty-five bushels to the acre.

#### Motorcycle Runs Away.

ALBION, Neb., Oct. 15.—(Special.)—W. C. Day, station agent for the North-western railroad here, had a thrilling experience with a runaway motorcycle. He was returning from a trip to the country when the machine, in some manner, got beyond his control, running over a bridge across the river. In jumping from the machine Mr. Day was badly bruised and had his clothes nearly torn from his body. The machine ran through a wire fence and into a ditch, where it was recovered in a badly damaged condition.

#### News Notes of Wilber.

WILBER, Neb., Oct. 15.—(Special.)—Frank Fictum was badly hurt Sunday evening in a runaway of a team of mules. He is severely injured internally and is in a critical condition.

Monday evening Edward Ripa had a gash cut in his head by a part of a windmill falling on him. It took twenty-seven stitches to close the wound on his head and face.

# \$5 is all it takes to have these pianos or player-pianos put in your home under this Co-operative plan

Get this first fixed in your mind: That under this co-operative plan you get a three hundred and fifty dollar piano for two hundred and forty-eight dollars and seventy-five cents, **everything included**; or, a five hundred and fifty dollar player-piano for three hundred and ninety-five dollars, **everything included**. When you see what a tremendous saving this plan offers (after considering your piano purchase wholly from an economical standpoint), then turn to the convenience of the payments.

Any one can co-operate in this extraordinary opportunity, on account of the easy terms. You have to pay out **only five dollars at any one time** to take advantage of this plan.

And this for your first payment. This five dollars is credited to the price of your instrument. If you take **the piano**, this leaves a balance of two hundred and forty three dollars and seventy-five cents to pay. If you take the **player-piano**, it leaves a balance of three hundred and ninety five dollars to pay. And you are given one hundred and ninety-five weeks time, in either case, in which to pay the balance.

Also, in either case, your instrument will be delivered **at once**. **Either the piano or the player-piano. No delays. No waits. Buy now.** Every style is **now** on the floors. Every style is ready in all woods, both in pianos and player-pianos. Come tomorrow. It's to your advantage.

## Mr. Max Orkin writes of the plan

(A PERSONAL CARD)

This plan of buying and selling appeals so strongly to me, that I am constrained to add a personal word to our advertisement.

In the first place, the **ECONOMIES** of the plan appeal very much to me. When we were first offered the opportunity to join in this co-operative movement, it was ITS **ECONOMIES** that I considered the best of all its features. Any plan or effort that will reduce the prevailing price of any article to the public, must of necessity do the person or the house that adopts it, a large amount of permanent good.

Then, the whole plan seemed **GOOD**. It is so **FAIR** and **SQUARE**. Everyone participating in it is treated exactly alike. Everyone pays the **SAME** low price--everyone gets the benefit of the **SAME** easy terms and everyone gets the **SAME** safeguards.

In all my years' experience in business I have never known a single instance where the buyer was so absolutely protected in his purchase, as on this association plan. A child can buy one of these pianos on this plan **WITH SAFETY**. I am glad that our house has adopted it and proud to be associated with it.

## Another of the compelling features

And that is—you can have your money back. Yes, sir—you can get your money back. You have thirty days' time after the piano is delivered to your home to fully make up your mind. If you become dissatisfied with the piano within that time, you get "your money back." Or, for any other reason why—you get your money back and no questions asked.

The whole idea back of this plan of selling pianos is to secure the heartiest goodwill and the fullest co-operation from every person who participates in it. To accomplish this, the piano itself must be **supremely satisfactory** to its purchasers.

Those who "go in" to own a piano on this plan must see in the first place that they are getting a **big bargain**. That they are getting **easier** conditions of purchase; that they are obtaining **more** privileges and that they are **better** protected than if they were to buy a piano through the regular run of piano business. And if, after having the piano in their home for a month and going into every phase of the matter carefully, they are not convinced that they have made an exceptionally good "buy"—they then, can have their money back.

#### How to obtain one of these pianos

To take advantage of this unusual sale, all you have to do is to send or bring in five dollars, for which we will at once give you a receipt.

This five dollars is credited to your account on the co-operative books—leaving two hundred and forty-three dollars and seventy-five cents to be paid.

The co-operative plan then allows one hundred and ninety-five weeks' time in which to pay this amount—at the rate of one dollar and twenty-five cents a week. There are no further payments of any kind to be met.

You can select your piano at once—tomorrow—next day—next week or any other time convenient to you. It will be delivered immediately—next week or next month. The time you select your piano and the date of delivery is wholly optional with you.

If not convenient for you to personally select your piano, we will make the selection for you under your instructions, with the understanding that, if at the end of a thirty days' trial the piano is not satisfactory, we will refund your money.

Arrangements can be made with any of our salesmen to visit the piano department in the evening, when it is not convenient to come during the day.

## Sale begins tomorrow morning

While this sale really opened Monday—it begins in earnest next Monday, Oct. 20th. Already many appointments have been made, both by our salesmen and over the phone, with persons who are coming in tomorrow to make their selections. Those who do come in tomorrow—or at least during this week—have this advantage—they will have the greatest number of instruments to select from, that will be on our floors at any one time and are sure to find **all** styles in **all** the various woods.
