

## MARTINE ADVOCATES REPEAL OF TREATY WITH GREAT BRITAIN

New Jersey Senator Says Hay-Pauncefote Pact Interferes with Many American Rights.

## SHIPPING REBATE IS LATEST It Interferes with Tariff Clause Favoring Home Ships.

NOT AFRAID OF TARIFF WAR  
Sends United States Has Ammunition of Its Own.

## ALL DEPENDS UPON UNCLE SAM Cotton, Copper and Potash Can Be Withheld and Coffee and Rubber Excluded Until Others Will Be Reasonable.

WASHINGTON, Oct. 16.—Senator Martine of New Jersey today urged the senate to recommend repeal of the Hay-Pauncefote treaty with Great Britain on the grounds that it interferes with too many American rights. He said he had received many protests that the tariff bill's 5 per cent shipping rebate was a violation of the terms of the treaty.

The senator added that he preferred a repeal of the treaty rather than a repeal of the 5 per cent rebate in the tariff law and predicted that the United States would have the best of the argument if foreign countries tried to make commercial reprisals because of the 5 per cent rebate.

"If Germany should elect to try it on us," said Senator Martine, "we would shut off its supplies of cotton, copper and potash. To Great Britain we would give the same medicine. Should South America throw down the gauntlet we could shut off their coffee and sugar for a little while and ruin would stare them in the face. Japan needs our cotton and besides this we are its best market. No senator or citizen wants commercial war or any other kind of war, but other nations grant important favors to their industries."

## Effect of Tariff on Revenue. The actual effect of the new tariff law on the government's revenue will presently be disclosed by detailed comparisons and computations being made for Secretary McAdoo.

The estimates of expenses for all branches of the government are almost finished. President Wilson has passed word along for a sane economy and treasury officials interpret it as to neither raise the estimates beyond what is necessary to provide a margin for the congressional appropriation committee to make a few dollars' worth of cuts. The estimates of expenses for all branches of the government are almost finished. President Wilson has passed word along for a sane economy and treasury officials interpret it as to neither raise the estimates beyond what is necessary to provide a margin for the congressional appropriation committee to make a few dollars' worth of cuts.

## Miners Try to Rescue Fellows Arrested on Picketing Charge

TRINIDAD, Colo., Oct. 16.—Forty-nine striking miners, charged with picketing, were arrested at the McLaughlin mine of the Santa Fe Coal company today and marched three miles to the county jail at Trinidad. Fifteen deputies, armed with rifles, flanked the prisoners on either side, and a machine gun, mounted on an automobile, brought up the rear, but in spite of this several members of the party of 300 strikers that followed the crowd attempted to break through the lines and liberate the arrested miners. A crowd of about five strikers gathered at the McLaughlin mine this morning when they learned that the twenty miners, whom they succeeded in preventing from entering the mine yesterday, had returned to work.

## Leper Appears in St. Louis and Asks for Food

ST. LOUIS, Oct. 16.—The man who last night applied for treatment for leprosy at the city dispensary today said that his name is E. R. Grable, and that his family lives in Ogden, Utah. He said he was pronounced a leper three years ago by physicians at Pocatello, Idaho, and was isolated, but later escaped. He again was isolated at Salt Lake City. The chief vaccine officer of the Board of Health today examined Grable and said he seemed to have leprosy, but that the symptoms were not very pronounced. This is the second leper to make his appearance in St. Louis within a few months. George Hartmann escaped from the leprosy quarantine here several weeks ago and fled to Mexico. Von Witz, a Chinese, is now the sole inhabitant of the isolation camp. Like Hartmann, Grable declared he had contracted the disease in the Philippines.

## WILSON CALLS HITCHCOCK President Asks Nebraska Senator to White House for Conference.

WILL MAKE NO PROMISES  
Does Not Want to Interfere with  
Program, but Does Not Want to  
See Merits of Currency  
Bill Sacrificed.

(From a Staff Correspondent.)  
WASHINGTON, Oct. 16.—(Special Telegram.)—Called to conference at the White House today on matters in controversy over the currency bill, Senator Hitchcock of Nebraska frankly told President Wilson that the currency bill must not be hurried, that it must be considered in the "open" and not in "caucus," and that amendments must be made to the measure before the bill received his vote.

Senator Hitchcock refused to set any specific date for a report by the banking and currency committee. He said radical amendments to the Glass bill were to be expected and that an expert had examined the bill for Chairman Owen and had reported that more than 300 amendments to the bill were necessary, many of which, however, were minor in character. The Nebraska senator said that the president did not wish to have the bill considered in secret caucus and that he wanted the bill handled as a nonpartisan measure, except in the sense that it is to be a democratic bill, since the legislation must in the end be credited to the majority party. The president does not want party harmony disrupted or the party program interfered with by rows over the currency, according to the senator.

How President Feels.  
"The president feels," said Senator Hitchcock, "that to let the currency bill go over into the next session would seriously interfere with the other parts of the administration program. I want to see democratic harmony and I should like to see the president's wish gratified. I do not want the administration program to be sacrificed, but on the other hand I do not wish to see the merits of the bill sacrificed. I think that even if we do get a report during the first week in November, which would be about two weeks after the hearings close, there will be difficulty in getting quick action on the floor of the senate."

## Freight Rates on Westbound Imports Must Be Changed

WASHINGTON, Oct. 16.—Failure of the railroads operating out of Boston to conform to the conclusions of the Interstate Commerce commission, acting as a board of arbitration in the import traffic case, probably will result, in the near future, in a definite order putting the commission's conclusions into effect.

The Boston roads now are charging lower rates on import traffic to points west than lines out of New York. It has been held by the commission and sustained by the supreme court that disadvantages of geographical location cannot be equalized by the making of lower freight rates from the more distant point. It practically is immaterial to the commission whether the Boston rates are raised to a parity with the New York rates or the New York rates are lowered to the existing Boston scale, except that if the New York rates are lowered it would necessitate the readjustment of the west-bound import rates out of Philadelphia and Baltimore.

The likelihood is that, as the only way out of the present situation, the commission will issue an order in the New York case, making effective its conclusions as to the whole rate question and its action will affect almost the entire west-bound import traffic of the country.

## Electric Companies Advocate Joint Use of One Set of Poles

ATLANTIC CITY, N. J., Oct. 16.—A report at today's session of the American Electric Railway convention from the committee on which the American Institute of Electrical Engineers, the National Electric Light association and the American Telephone and Telegraph company were represented, advocated the joint use by all the principal wire users of the country of one set of poles in city and village streets.

The association recommended the establishment of a bureau to make study of fares to determine the actual cost of transporting passengers on electric railways. Assistant Surgeon General W. C. Rucker of the public health service declared that sanitary conditions on American railways, generally speaking, were a vast improvement over those on railways in European countries. The blame of such unsatisfactory conditions as exist at present he said, "rests as much on the traveling public as on the companies."

## DIPLOMATIC CORPS IN CITY OF MEXICO ASKS FOR WARSHIPS

Foreign Representatives Decide to  
Make Such Recommendation to  
Respective Governments

HUERTA GIVEN  
Temperate Attitude Matter of  
Reply to U. S. Advised.

LIFE OF DIAZ BEING SOUGHT!  
Cubans Hear of Plot to Kill Him  
When He Reaches Havana.

INSURGENTS ENTER GUAYMAS  
Advance of Constitutionalists Toward  
Coast Said to Have Resulted  
in Troops Abandoning Victoria,  
in Tamaulipas.

BULLETIN.  
PARIS, Oct. 16.—The foreign office here today received a telegram from the French legation at Mexico City suggesting that a warship be sent to Mexico.

MEXICO CITY, Oct. 16.—The diplomatic representatives of Great Britain, France, Spain, Cuba, Guatemala and Norway at a conference decided to recommend that their respective governments send warships to Mexico for the purpose of affording legation guards, should conditions so require. A member of the diplomatic corps made this statement tonight. He also said that the diplomatic representatives had recommended a temperate attitude in the matter of Mexico's reply to Washington.

That the crisis in the relations between Mexico and the United States, which was almost reached yesterday, is only temporarily delayed, is the general feeling tonight among Mexicans and foreigners. When and how the next development will be reached is a question agitating all alike. While the American charge, Nelson O'Shaughnessy, professes to expect no reply whatever to the Washington memorandum, and the foreign office says there will be none for the time being, it still is regarded as certain that the nature of the American government's notification regarding future recognition will necessitate action on the part of the Mexican authorities.

It is not expected that the elections will be postponed by reason of General Huerta's decree, although it is admitted that this is a possibility. Candidates Active. Frederico Gamboa and Manuel Calero, presidential candidates, are not abating their efforts and appear to believe the elections will be held according to program.

BROKEN BOW, Neb., Oct. 16.—(Special Telegram.)—Today's registration of land seekers at this point almost equals that of yesterday, the twenty-four hours ending at 4 o'clock this afternoon showing 2,066. This makes a total of 9,968 and it is confidently expected that the 10,000 mark will be passed shortly after the arrival of the evening train. Excepting for the crowds that press about the booth waiting to register and the great numbers arriving and leaving at the Burlington station, the town shows no unusual excitement. The best of order still continues to prevail.

Pool Says Well Managed. C. W. Pool of Lincoln, deputy labor commissioner, who is in town today, says he has taken in several land openings and this is the best managed one he ever attended, both in point of law and order and the number of tickets sold. Great numbers still continue to arrive by auto. During the noon hour seventy-five outside cars were mased about the city square, while fully seventy-five others arrived and departed during the forenoon. For those who remain over night there are plenty of legitimate amusements and there is no occasion for time to hang heavily.

At the Burlington depot a double force of operatives is at work day and night and the number of tickets sold will average about one per minute or less. This does not include round trip tickets sold from other points. Not Open Sunday. Receiver John Reese of the land office here announced today that the registration booths at Broken Bow, North Platte and Valentine would close Saturday night at 12 o'clock, remain closed over Sunday and re-open Sunday night at 12 o'clock. There has been a good deal of uncertainty upon this point and many inquiries have been made relative to it. The statement was official.

Interest Keeps Up. NORTH PLATTE, Neb., Oct. 16.—(Special Telegram.)—Beautiful weather continues to favor home-seekers and they pour into this city by autos and trains throughout each day and night. Registration at North Platte for the day ending at 4 o'clock, was 2,104, making the total now registered at North Platte 10,532. North Platte continues to lead as registration point and to make substantial gains over its nearest competitor, Broken Bow. This is due to the splendid roads leading here, including the historic overland trail and the fact that North Platte is much closer to the North Platte forest reserve than either of the other two registration points. One registration gives those who are lucky at the drawing the right to select their lands in either North Platte forest reservation or Fort Niobrara military reservation. There will be but one drawing for these lands and that will occur at North Platte on October 23, just three days after the registration ends.

Half Square Mile of Buildings Burn. LONDON, Oct. 16.—A Central News dispatch from Shanghai says a great fire has been raging for five hours today in a southern suburb of the city, half a square mile of which has been destroyed. Two thousand people have been rendered homeless. The fire is now under control.

## The National Capital

Thursday, October 16, 1913.

The Senate. Met at noon. Senator Martine urged repeal of the Hay-Pauncefote treaty. Banking committee continued hearings. Nominations of native Philippine commissioners and others received.

The House. Met at noon. After another unsuccessful effort to get a quorum, adjourned at 12:34 p. m. to noon Friday.

## BELLEVUE REOPENS QUESTION

Asks Synodical Endorsement, but Not Official Control.

## DR. STOOKEY DRAWS DISTINCTION

Others Do Not See It, So Presbyterians of the State Are Threatening Out This Much-Mooted Issue Again.

Bellevue college asks the Nebraska Presbyterian synod for approval of its work and endorsement to the college board of the church in New York, so as to enable it to go with synodical assent into the Presbyterian churches of the state, as Hastings college goes, seeking financial and other support. This is the sum and substance of the report made to the synod at the morning's session at North church, Twenty-fourth and Wirt streets, by President S. W. Stookey. At the same session President R. E. Crose of Hastings and Prof. F. P. Ramsey of the University of Omaha reported for these schools, respectively.

The Bellevue report was referred to the standing committee on colleges, by which it is now being threshed out. The personnel of that committee is Rev. J. P. Anderson, Rev. J. W. Pressly, Rev. M. C. Acridge, Rev. Francis E. Thompson. (Continued on Page Four.)

## Woman Killed and Two Hurt in Auto Upset Near Tama, Ia.

GRINNELL, Ia., Oct. 16.—(Special Telegram.)—Mrs. Keith Blow, of this city, was killed, Mrs. Conrad Bennett had her hip broken and Fred Abel was seriously hurt in an automobile accident near Tama yesterday evening at 7 o'clock. The auto party, which consisted of Mr. and Mrs. Fred Abel, Mr. and Mrs. Keith Blow and Mrs. Conrad Bennett and baby, had been out on a pleasure trip and was returning to this city when the steering gear broke and the car upset. The baby was unhurt. Physicians from this city hurried to the scene of the accident. The body of Mrs. Blow was taken to Marshalltown and brought to the home of her parents, Mr. and Mrs. John C. Manly, in this city, this morning.

## Tango is Vindicated in Cleveland Court

CLEVELAND, O., Oct. 16.—The tango has been vindicated in Cleveland by court recognition. In the case of Ann Anderson, dancing teacher, against City Dance Hall Inspector Myers, Judge Willis Vickers of common pleas court today ruled that the tango as taught by Anderson is perfectly moral and can be so danced. The most important evidence came yesterday when Anderson and a girl partner danced the tango before Judge Vickers. In giving his opinion today Judge Vickers said: "Every beautiful thing may be vulgarized, but because some dancing is vulgar we could not bar all dancing."

## IMPEACHMENT COURT VOTES SULZER GUILTY

Governor Convicted by Senate Tribunal of Articles One, Two and Four.

ACQUITTED ON NUMBER THREE

Roll Call on First Slow, as Many Members Explain.

THIRTY-NINE YES, EIGHTEEN NO

Falsification of Campaign Statement is Alleged.

PERJURY CHARGED IN SECOND  
Fourth Asserts Executive Suppressed  
Evidence Against Self.

ADJOURNMENT IS THEN TAKEN

"Precedent Established Here Will Not Be Accepted by Judgment of Fair-Minded Men," Declares One of Judges.

ALBANY, N. Y., Oct. 16.—Governor William Sulzer was found guilty of articles one, two and four of the impeachment charges by the high court of impeachment this afternoon. He was unanimously acquitted of article three. Following the vote on article four adjournment was taken until 10:30 o'clock tomorrow morning.

Article one charges the governor with falsification of his campaign statement. The vote on this was 39 to 18. Article two charges that he committed perjury in swearing to his campaign statement. The vote was identical with that on article one.

Article three charges that he bribed witnesses to withhold testimony from the legislative committee. The vote to acquit was unanimous.

Article four charges that he suppressed evidence against himself. The vote was 43 to 14.

Changes Against Governor. The eight articles are in substance as follows: Article 1.—That Governor Sulzer filed with the secretary of state a false statement of his receipts and other monetary transactions involved in his gubernatorial campaign.

Article 2.—That he committed perjury in his statement to the secretary of state relative to receipts and expenditures.

Article 3.—That he bribed witnesses to withhold testimony from the legislative committee which investigated his campaign expenditures and receipts.

Article 4.—That he suppressed evidence by means of threat to keep witnesses from testifying before the legislative investigation committee.

Article 5.—That he prevented and dissuaded a particular witness, Frederick L. Colwell, from attending under subpoena the sessions of the investigation committee.

Article 6.—That he committed larceny in speculating in stocks with money and checks contributed for his campaign.

Article 7.—That he threatened to use his office and influence to affect the vote or political action of certain public officers.

Article 8.—That while governor he corruptly used his authority or influence to affect the current prices of securities on the New York stock exchange, in some of which securities he was at the time interested.

Galleries Crowded. The judges and senators of the high court of impeachment filed into the senate chamber at six minutes after 3. At that time the galleries were crowded with spectators and many thronged the corridors who were unable to gain admittance.

The roll call showed that all the fifty-seven members of the court were present. Governor Sulzer was not present, but was represented by his attorneys. It was 3:10 o'clock when Presiding Judge Cullen directed the clerk to open court. After Judge Cullen had pronounced the high court duly opened, he said:

"Gentlemen, the next proceeding is the final decision of this court on the articles presented by the assembly against the respondent."

The presiding judge then directed Clerk Patrick E. McCabe to read article 1.

First Vote for Conviction. Senator Arglesinger, the first member of the court, voted guilty. "I find the acts of the respondent..." (Continued on Page Two.)

## Know What You Want

Quality comes first. Then comes the desire to have people know about it. If you have a brighter store or sell better merchandise than your neighbor, you ought to tell the public so. No matter what your dealings with people are, if you depend upon public patronage you should proclaim the superior points in what you have to sell. This is true whether you sell merchandise, real estate or what not. People used to spend their money without much thought of what they were getting in return. But it is different now. The public is educated, the public is informed, the public chooses, picks, specifies. The readers of this newspaper get from the advertising columns daily information which helps them to draw a sharp line between the known and the unknown.
