TEN RELEASED BY THE COURT

Twenty-Six Others Had Been Released Previously—Two Former Cabinet Ministers Among Those Kept in Jail.

HAVANA, Oct. 18.—General Felix Diaz arrived here today from Europe on the steamer Corcovado. He was greeted on the deck of the vessel by Senor De La Garza, recently appointed Mexican consul general at Havana who tried to persuade him to discontinue his journey to Mexico at which advice Diaz refused to listen.

General Diaz told the Associated Press that he would proceed to Mexico and had no intention of abandoning his presidential aspirations. He said he was fully convinced that the election would be held Oct. 26.

Went to Express Opinion. The general declined to express any opinion on other aspects of Mexican affairs, saying that he was not sufficiently informed about them as he had had only the barest outline of the news.

General Diaz, who apparently was in excellent health was met also by a delegation of his personal friends from Mexico.

On account of rumors that an attempt would be made by Mexican conspirators to assassinate General Diaz in Havana a strong force of police was sent aboard the Corcovado immediately on its arrival. The general said he would remain on the vessel until afternoon then to a hotel to remain until the steamer continues its journey tomorrow.

Deputies Arraigned.

MEXICO CITY, Oct. 18.—Seventy-four of the 75 members of the Mexican chamber of deputies, arrested by order of Provisional President Huerta October 10, were formally arraigned today before the second judge of the federal district, who has had charge of the investigation into the cases. The period for filing charges against the deputies expired today.

The charges entered against the deputies today were all for political offenses designated by the law as rebellion, sedition and "insults" to important public functionaries.

Ten Released. Ten of the deputies, against whom there was said to be insufficient evidence, were released. The others had been previously set at liberty.

It was expected yesterday that Rodolfo Reyes, formerly provisional minister of justice, and Jorge Vera Estanol, formerly provisional minister of public instruction, would be released, but they were among those kept in custody.

The sensational arrest of the deputies on October 10 was a sequel to their signature of resolutions demanding an investigation into the disappearance of Senator Dominguez and warning the provisional president that if he did not guarantee their immunity from arrest they would hold their sessions somewhere else.

VIENNA, Oct. 18.—The police today closed the offices of the Canadian Pacific Railway company throughout Austria after impounding all the books and correspondence.

LAST MEETING TOMORROW

Nebraska Congregationalists Will Then Adjourn Conference.

SPEAKS ON THE PILGRIMS

Rev. J. H. Andrews of Sheridan, Wyo. Delivers Strongest Address of the Session on the Faith's Forefathers.

The four-day conference of Nebraska Congregational ministers held the second meeting yesterday morning in St. Mary's Avenue Congregational church. The meetings will close Monday morning. One of the strongest addresses so far in the conference was delivered by Rev. J. H. Andrews of Sheridan, Wyo. Rev. Mr. Andrews is retiring moderator. He was formerly pastor of a church in Weeping Water, Neb. Rev. M. A. Poulson of Lincoln succeeds him. The Rev. Mr. Poulson was elected Friday morning to fill the vacancy. The Rev. Mr. Andrews spoke on "The Pilgrim's Conscience," which address struck the ministers favorably, that they have ordered the speech to be printed.

Tells on Pilgrims. The Rev. Mr. Andrews traced the wanderings of the Pilgrims from England to Holland, and from there to America. The Pilgrims, he said, were the originators of the Congregational sect. "The Pilgrims left England to go where they might worship as they wished," Rev. Mr. Andrews said in part. "From England they went to Holland, and from there to America. One of the first things they did upon landing in America was to educate their children in their religious way. "Statistics show that juvenile crime has advanced at the astonishing rate of two, and one-half times greater than the proportional increase in population. Outside teaching and listening to others is responsible for this increase. In the old days the father of the family taught the children obedience, and the scriptural. In the old days the children received enlightenment from the Bible. Too much is left to others these days.

Need More Grace. "The present-day minister needs not less Greek, but more grace; not less sociology, but more spiritual discernment; not less philosophy, but more faith in the gospel; not less Hebrew and Sanskrit, but a better working knowledge of the English Bible; not less polish in the pulpit, but more eloquence in the closet. What matters it that a minister is able to read the Bible in five languages if he cannot assist some one in one single language?"

The Pilgrim spirit is just as strong today as it ever was. We do not seek to trample on the rights of others. The saloon must be abolished. We will make this a nation whose God is the Lord from Plymouth Rock to the Golden Gate. Our task for today is to live as our conscience dictates, and to try and make others see the true light.

"When our conscience has ceased to be its strong tower and duty and its wall of strength, our national structures will fall and crumble in the dust, the story of the Pilgrim will be a forgotten legend, and the restless sea, as it sob and moans against the New England coast, will sound the dirge of hope departed, vision lost, faith forsaken, glory faded." The conference is attended by ministers from all parts of Nebraska. The convention was begun Friday. It concludes Monday morning. The church was crowded to capacity. The devotional hour was led by Rev. J. J. Parker of Geneva.

Germany Protests Against Favor for American Shipping

WASHINGTON, Oct. 18.—Germany today added its protest to those of the other powers against any discrimination adverse to commerce under the 5 per cent differential section of the tariff act. Although Senator Folk of the State department, has expressed the opinion that differential could not be claimed by the German states outside of Prussia, Mecklenburg-Schwerin and the Hanseatic states, the German government will resist any such limitation.

The protest is based on the claim that there must be mutuality in international intercourse and as Germany has accorded to the United States all the commercial privileges covered by the treaty with Prussia, it cannot be contended that the remainder of Germany can be excluded from reciprocal benefits accorded by the United States to Prussia.

Aliens Are Deported from Two Ports

NEW YORK, Oct. 18.—An unusual number of aliens were deported from the Ellis Island immigration station today, when 15 persons, excluded as undesirable, were placed on outgoing steamships for Europe. Many of the cases were those of diseased persons and several were women with families of young children.

San Francisco, Oct. 18.—One hundred and fifty-three Chinese, the largest consignment ever brought to this port for deportation, were started back or China today on the steamship Persia. The Chinese entered Mexico some time ago, expecting to find employment as laborers. Because of unsettled conditions there they could obtain no work, and crossed the border into California. They were picked up by officers and in groups by immigration officers.

Blackfoot Indians Accuse McFratridge

DENVER, Colo., Oct. 18.—Resolutions accusing Arthur E. McFratridge, agent of the Blackfoot Indian reservation, of acts of misconduct and mismanagement were introduced at today's session of the annual convention of the Society of American Indians here. The resolutions, which are based on charges contained in thirty-three separate affidavits, demand an investigation by the commissioner of Indian affairs of the whole conduct of the reservation under the McFratridge administration.

TEN GIRLS ARE LEFT HOMELESS Jewish Emigrant Society Will Take Charge of Them—Vultorno Reported Adrift and Still Burning.

NEW YORK, Oct. 18.—The arrival today of eleven women saved from the burning Vultorno by the freighter Rappahannock was the signal for the wildest scenes of joy and thanksgiving witnessed here since the rescuing fleet began to bring in their cargoes of survivors. The women were transferred at Halifax from the Rappahannock to the liner Florian, which docked in Brooklyn.

Ten of them were young girls. The eleventh was Mrs. Pola Polak, and there was an affecting scene at the dock as she met her three children, whom she had given up for lost. Mrs. Polak was the last woman to leave the Vultorno. She was lowered into one of the Rappahannock's boats believing that her children already were there. When the boat put off and she found that the little ones were left behind she became hysterical, and the boat's crew with difficulty kept her from jumping overboard. She remained in a hysterical condition during all the journey to New York. Here she learned that the children had been saved by one of the boats from the Kroonland. They met her at the dock with their father, an East Side merchant.

The ten girls were taken care of by the Jewish Immigrant society. Vultorno is Still Burning. The ill-starred Vultorno was still afloat and on fire on October 14, five days after fire broke out in its forward compartments, according to officers of the steamer St. Louis, which reached here today. The St. Louis passed five miles north of what was left of the Vultorno late Tuesday afternoon. The burning vessel had drifted about forty miles from the spot where it first caught fire.

Trustees Appointed for Property Given to Church by Mrs. Eddy

CONCORD, N. H., Oct. 18.—The final act in the prolonged litigation over the will of the late Mrs. Mary Baker G. Eddy was the appointment by Judge Charles E. Corning in the Merrimack county court of probate today of trustees to administer the \$1,000,000 fund which Mrs. Eddy left for the promotion and extension of the doctrines of Christian Science as taught by her.

The trustees appointed are Archibald McLellan, Allison V. Stewart, John V. Dittmore, Adam H. Dickey and James A. Neal, who constitute the board of directors of the First Church of Christ, Scientist, in Boston, and Josiah E. Fernald of this city, a banker, who has been the practical custodian of Mrs. Eddy's estate since the establishment of this trust in 1897, the court thus choosing as trustees men in whom Mrs. Eddy during her lifetime reposed confidence.

These appointments by Judge Corning were made under a recent decision of the supreme court of New Hampshire, which held that Mrs. Eddy's will established not a local, but a worldwide general charitable trust, to be administered under the general supervision of the courts of New Hampshire.

STRIKERS ATTEMPT TO BLOW UP TRAIN

Engineer in Copper District Sees Burning Fuse.

STOPS IN NICK OF TIME

Section of Track is Blown Out in Front of Engine—Strikers Surround Train and Are Dispersed by Troops.

CALUMET, Mich., Oct. 18.—An attempt was made to blow up a Keweenaw Central passenger train taking forty-two mine guards to the Mohawk mine today. The guards and other passengers on the train probably owe their lives to the engineer, who detected the burning fuse and stopped his engine in the nick of time. A section of the track was blown out.

After the explosion several hundred strikers surrounded the train. They were in a threatening mood, but trouble was averted by the arrival of a force of mounted troops, who pushed the crowd back.

Wounded Deputy May Die

TRINIDAD, Colo., Oct. 18.—Twenty-five armed guards were today added to the force at Forbes, the coal camp ten miles north of here, where yesterday one striker was killed, two wounded and a deputy sheriff shot in a pitched battle between strikers and deputies. R. E. Bradley, the wounded deputy, is in a serious condition in a hospital here. Quiet prevailed this morning at Forbes. No arrests have been made.

Sixty-one striking miners, held in the county jail for picketing at the McLaughlin mine, were released today at the request of General Manager J. E. McLoughlin, who caused their arrest. Five strikers have been released previously and five are still held for carrying concealed weapons.

Faith Crocker Killed by Favorite Pony

NEW YORK, Oct. 18.—Faith Crocker, the only daughter of Frank L. Crocker, a distant relative of the Crocker family in California and a leading member of the Meadowbrook and Piping Rock clubs, met death today beneath the heels of her favorite pony, which she had recently ridden to blue ribbon honors in Long Island horse shows. The 8-year-old girl had taken the animal out for its usual morning canter in the meadow and her father sat at a window watching her, when she was unseated and fell to the ground with her feet caught in the stirrups. The pony dashed blindly away, dragging her over the field. Its hoofs fractured her skull and killed her instantly.

Episcopalians Will Not Change Methods of Judging Heresy Cases

NEW YORK, Oct. 18.—The Protestant Episcopal church will make no change for at least three years in its method of judging heresy charges. The house of deputies at the general convention refused today by a close vote to accept a recommendation that a final court of appeals be established to determine questions of doctrine, faith and worship affecting the clergy.

Under the present system each diocese adjudicates its own heresy trials and their decisions are subject to appeal to courts of review. The proposal defeated today was to establish a supreme court consisting of the house of bishops. The principal objection to the report came from deputies, who declared that laymen should be represented in the proposed tribunal.

MANY ON THE MOVE TO GET NEW FARM

Rush of Landseekers to Broken Bow and North Platte Continues with No Abatement.

CROWDS ALL GOOD-NATURED

School Teachers Take Opportunity of Saturday Vacation to Get Their Names on List—Sunday the Booths Will Be Closed.

BROKEN BOW, Neb., Oct. 18.—(Special Telegram.)—This has been the banner day of registration week, the tally showing at 4 o'clock this afternoon that 2,000 people had registered in the last twenty-four hours. This brings the grand total to 14,089.

The night and early morning trains on the Burlington brought in 2,035 passengers for Broken Bow, the two sections of No. 48 from the east alone bringing 1,115. Unlike previous days the registration continues in an unbroken stream, although there is more or less congestion upon the arrival of trains.

The city so far has been able to afford ample protection to the visitors and to enforce the law without having to resort to assistance from the outside. Word reached the information bureau last night that an incoming train had attached to it a car filled with a rough house crowd. An extra squad of police met the train upon its arrival, but there was nothing doing. A good natured crowd of 600 left this train, registered and in an hour or so departed the way it had come. Several hundred school teachers from out in the state came in on the night and morning trains and spent the day in town after registering.

As the registration booth closes at 12 o'clock tonight and remains closed until midnight Sunday, a large crowd is expected to spend tomorrow in town.

Traffic Is Heavy

An extra section was carried on Burlington No. 48 out of Omaha and Lincoln to Broken Bow Friday night, so that 1,000 landseekers were carried in the train to the seat of registration at Broken Bow. General Passenger Agent Wakeley of the Burlington says from present appearances this will be one of the greatest land registrations ever held in the west. The automobiles, he says, are helping out greatly in the registration, as thousands are going to the registration points in their cars.

The Northwestern is carrying an average of 700 persons daily in and out of Valentine to register there. Up to 7 o'clock Friday night 1,187 had registered for the day at Valentine. Up to the same time the total registration at Valentine showed 7,800. There is to be no registration at any of the three points Sunday.

The Union Pacific has found the traffic so heavy between Broken Bow and North Platte that a special train is to be run regularly until the close of registration, leaving Grand Island at 9 o'clock a. m. each day and returning, reaching Broken Bow at 3 p. m. This service will be particularly to connect with the southern traffic on the Grand Island road and cut-off.

MRS. PANKHURST IS BARRED FROM UNITED STATES

Special Board Announces Its Decision Within Three Hours After Her Ship Reaches Dock.

Her Crimes Held to Involve Moral Turpitude.

ATTORNEY MAKES AN APPEAL Commissioner General Will Review Matter Today.

HER CASE MOVES WITH RAPIDITY

Militant Chief Meant to Lecture on Cause in England.

READY TO FURNISH BIG BOND

Mrs. Belmont Says She Will Give Hundred Thousand Security for Mrs. Pankhurst's Good Behavior While Here.

NEW YORK, Oct. 18.—Mrs. Emmeline Pankhurst, the English militant suffrage leader who arrived here today for a lecture tour, was ordered deported by the immigration authorities within a little less than three hours after the vessel on which she came had docked. "The special board of inquiry which decided her case voted not to admit her to the country under bond, but to send her back to France forthwith."

Mrs. Pankhurst's lawyer, Herbert Reeves, announced his intention of appealing the case to Commissioner General Caminetti. Pending decision by Mr. Caminetti, Mr. Reeves said he would seek to have his client admitted to this country under bond so that she may be able to fulfill her engagement to speak at Madison Square Garden tomorrow night.

Ready to Give Bond. Mrs. O. H. P. Belmont, the New York woman suffrage leader, who was to have been Mrs. Pankhurst's host, was prepared to give bond up to \$100,000 for Mrs. Pankhurst's good behavior while in America. Under the ruling of the special board she will not be permitted to do so, and Mrs. Pankhurst must remain at Ellis Island until deported, unless the board's findings are reversed by the authorities at Washington.

Mrs. Pankhurst's deportation was ordered under section 3 of the immigration law. This section provides for the exclusion of persons convicted abroad of a crime or crimes involving moral turpitude. The board held that Mrs. Pankhurst's conviction in England of conspiracy to commit arson brought her within this class.

Case Moves Rapidly. The militant leader's case moved with unexcelled celerity. She was interrogated by immigration inspectors on board the liner Provence, on which she had made the trip from Havre, was detained but a few minutes aboard the vessel when it docked, was rushed in a special tug to the detention station at Ellis Island and taken immediately before the special board of inquiry there. Her examination by this board lasted a little over an hour and she was not represented by counsel.

Mrs. Pankhurst told the immigration officials that her purpose in coming to America was not to advocate the militant method for obtaining suffrage, but to lecture on the history and the progress of the cause in England.

Mr. Reeves filed his appeal by long distance telephone with Commissioner General Caminetti and announced that the commissioner general would hear the case tomorrow. Mr. Reeves said he would leave for Washington tonight, taking with him a copy of the minutes of the special board.

No Hearing by Telephone. WASHINGTON, Oct. 18.—Immigration Commissioner Caminetti said today that no appeal by telephone in Mrs. Pankhurst's case would be considered by the immigration bureau and that it would be necessary to have "the actual records" in the regular way. Officials of the bureau said they would consider the appeal tonight or tomorrow or any time the papers arrive, outside of regular office hours, to expedite a decision.

Laws for Purity

In many states laws have been enacted to protect the adulteration of foods, and a few states have gone so far as to legislate against any manufacturer, producer or distributor who tries to sell to the public merchandise other than foods that is not what it is supposed to be.

The purpose of such laws is beyond question good and much will be accomplished as a result of these activities.

But a faithful and observing reader of the Bee's advertising columns said with truth the other day:

"Personally, I have no trouble in buying pure foods and sound, reliable merchandise. I know the town so well, its stores, its shops, its merchants, that I always feel sure of quality when I make a purchase of any kind. In my opinion, if people would be particular what they buy and where they buy, the need for special laws to protect them would soon disappear."
