# PRINCE ALBERT

*the national joy smoke*

makes the finest, fragrantest cigarette that the hand of man ever rolled. None of that frizzled, frazzled feeling in tongue or throat after a session with P. A. paper pipes. We back this statement against all comers. A dime tin of P. A. will show you that peppergrass brands are a poor choice on a dark day compared with Prince Albert.

P. A. can't bite the tongue or parch the throat. Bite's taken out by a patented process.
