

TO BUILD THE INTERURBAN

Work on Omaha, Lincoln & Beatrice to Start in Spring.

BARTON BACK IN NEBRASKA

Congressman from Fifth District Will Deliver Address at Grand Island at Monument Unveiling.

(From a Staff Correspondent.)

LINCOLN, Oct. 30.—(Special Telegram.)—According to a statement given out by Manager Bramlet of the Lincoln Traction company, construction work on the Omaha, Lincoln & Beatrice Interurban railroad will begin next spring and the work will be pushed so that cars will be running within eighteen months between Omaha and Lincoln.

Mr. Bramlet has just returned from Detroit and says the interest which holds an option on the traction company and the Omaha, Lincoln & Beatrice Interurban has the plans completed.

The application filed with the railway commission calls for the completion of the road by 1915 and Mr. Bramlet believes that there is little doubt that it will be completed in the time set.

Barton in Nebraska. Congressman Elias R. Barton passed through Lincoln today on his way to Grand Island, where he is billed to deliver an address at the unveiling of the soldiers' monument tomorrow. He was accompanied by Mrs. Barton and was met at the train by his private secretary, Harry Thomas.

Mr. Barton said he favored the currency bill in its recently modified form increasing the membership of the reserve board to nine and eliminating the secretary of agriculture and comptroller of the currency from serving on the board and an arrangement where one member of the board retires each year and a new man takes his place.

The congressman said they could put most anything else in the bill if the above change is made and the thing could be fixed up afterwards.

"This amendment," said Mr. Barton, "will keep the board and the banks from being a political machine of any sort."

Regarding the Mexican situation Congressman Barton said that most of the congressmen would like the president to outline a definite policy.

"Most of the criticism so far has come from the democrats," said he. "The republicans are waiting and will support the president in the situation, whether he be right or wrong."

Hill Leaves on Trip.

Adjutant General Phil Hill left this morning on a sort of pre-inspection trip of companies of the National Guard at Fremont, Norfolk and Omaha. He will also visit Blair for the purpose of investigating a proposition for the location of a company in that city. The trip principally will be for the purpose of getting a line on the companies and ascertaining their weak places with the idea of strengthening them before the inspection.

New Incorporations.

The Buffalo Agricultural association, incorporated by Frank E. Hobe, ex-State Senator E. D. Gould, S. Deets, G. H. Williams and O. B. Smith, has filed articles with the secretary of state, with a capital stock of \$25,000.

The Dawson County irrigation company, with a capital stock of \$30,000, has filed its articles of incorporation with the secretary of state. The men behind the project are Roy Stuckey, F. L. Temple, C. G. Wallace, Roy Haas, P. J. Hewett. Headquarters of the corporation will be at Lexington.

The First State bank of Hayland is probably the only bank in the state which is located where there is no post-office. Recently letters sent out to the bank from the state house addressed to "Hayland" came back marked "no such postoffice in the state." An investigation disclosed the fact that there is no post-office at Hayland and that all mail for the people of the town goes to Prosser, a small town in the northern part of Adams county.

Ditch Case Appealed to Supreme Court of United States

MADISON, Neb., Oct. 30.—(Special.)—Allen & Dowling of this city and M. D. Tyler of Norfolk, as attorneys for Henry W. O'Neill and Cornelius K. Johnson, claimants of Jackson, Neb., have taken the Dakota ditch case to the supreme court of the United States on writ of error. The necessary papers were filed and approved and the appeal allowed by the supreme court of the state, from where judgment it was taken, on Saturday, October 25. Several knotty constitutional questions are involved in the case.

The Madison Woman's club gave a formal reception to the teachers of the city schools this evening at the city hall. Mrs. F. A. Long, corresponding secretary of the Nebraska Woman's clubs will make the address on the part of the club and Superintendent Gibson of the city schools will respond for the teachers. Music will be furnished by the Commercial band orchestra and the High School Glee club. Light refreshments will be served. The reception is of a public character, all the citizens of Madison being invited.

The county commissioners spent the day in the county treasurer's office checking over the delinquent personal tax list and in pursuance of an act of the last legislature are preparing a list of old personal tax items which are uncollectible by reason of the death or unknown whereabouts of persons against whom they appear on record, and which have been carried forward for many years for the purpose of striking them from the records.

BROKEN BOW SISTERS DRAW CONSECUTIVE NUMBERS

BROKEN BOW, Neb., Oct. 30.—(Special.)—This city and Ouster county were well represented at the North Platte land drawing Tuesday of this week, there being about twenty-one winners in Broken Bow alone, while throughout the county there are in the neighborhood of fifty people who drew lucky numbers. The lowest numbers here was 26, drawn by George Ayers, a prominent merchant, while Prof. S. H. Martin, superintendent of schools, drew the next lowest, which was No. 22. One of the peculiar features attending the drawing was that of the Misses Elizabeth C. and Jeanie Todd, two sisters residing here, and who drew Nos. 20 and 21, respectively. By a strange coincidence they registered together, Miss Elizabeth being first, and when their names were drawn the numbers came out in the same order. They are planning to live upon their new possessions.

Kearney Farmers Discuss Vital Issue to Users of Water

BRIDGEPORT, Neb., Oct. 30.—(Special Telegram.)—The determination of the priority rights to water of interstate streams was discussed by S. W. Hand of Kearney, F. W. Wright of Scott's Bluff, E. Von Forell, Senator W. V. Hoagland of North Platte and others at the Nebraska Irrigators' convention today. This subject was the signal for the introduction of arguments by the Kearney Protective association which declare that the Pathfinder reservoir holds too much water. The people from down the river were loaded and primed with arguments in defense of their contention.

It developed, however, that they all endorse the Pathfinder dam and reservoir. They reiterated the statement that they did not want to be understood as opposing the government's aid in establishing this great work. It seemed to be the consensus of opinion on both sides that there is plenty of water in the North Platte river for all irrigators, and that what is needed is friendly co-operation on the part of the reclamation officials, the State Board of Irrigation and the state of Wyoming. While the arguments were strong on both sides, the best of good feeling prevailed and there is every reason to believe the resolutions to be presented to the convention Thursday morning will be satisfactory to all parties.

SUNSET DINNER GIVEN TO AGED PEOPLE OF SEWARD

SEWARD, Neb., Oct. 30.—(Special.)—Seventy people were entertained at dinner yesterday at the home of Mrs. John Woods by the members of the Women's Christian Temperance union. Thirty of the guests were over 70 years of age, many of them 90. Automobiles conveyed them to and from the Woods home.

A. D. Donleson, formerly of Seward, died at his home in Hillsboro, Ore., October 28. He was a pioneer of this county.

Emma Leyman, formerly of this place, who died at Lincoln Monday, will be brought here for interment today.

The club women of Seward will place a sanitary fountain in the court house square.

An eagle measuring seven feet from tip to tip of wings and standing two feet high was killed on the Blue river near Milford Monday.

Dog Upsets Man on Motorcycle. BROKEN BOW, Neb., Oct. 30.—(Special.)—While riding a motorcycle early Tuesday evening Rufus Langson, a well known young man of this place, met with a serious accident which came near proving fatal. While passing the Ryerson hospital a dog ran into the machine, which caused Mr. Langson to be thrown several feet. He was taken into the hospital and cared for. One side of his head is dangerously cut and bruised, while one of his eyes was nearly torn off.

Church at Oconto Dedicated. OCONTO, Neb., Oct. 30.—(Special.)—The new church for the Immaculate Conception was dedicated here today by Bishop Duffy of Kearney, assisted by a number of visiting priests. The ceremony, which was followed by a big dinner, was largely attended.

Mother of Eighteen Children. "I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 128 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." For sale at all drug stores.—Advertisement

One of the big advantages of this co-operative plan (to you, the buyer) is in the easy terms: Compare these terms with regular terms

Copyright 1913 by Stone & McCarrick, Inc.

Through this co-operative effort we are offering to three hundred persons a piano for two hundred and forty-eight dollars and seventy-five cents, the same as has been selling for years at varying prices from three hundred and fifty to four hundred dollars. They are offered at one stable price and that the lowest at which such pianos have ever been sold. The price has the advantage of not only being the lowest but it is the most price, as well. For when you have paid the two hundred and forty-eight dollars and seventy-five cents, there are then no further payments staring you in the face. No interest—no extra bobbing up—but just one low, stable and absolutely fixed price of two hundred and forty-eight dollars and seventy-five cents covering everything.

This plan makes it as easy to own as to rent a piano

After reading over this plan; after digesting it thoroughly—can't you see the ease with which you can own a piano? Can't you see that you can own your own piano as cheaply as you can rent the "other fellow's"? Can't you see the ease with which you can educate your family, musically?

Let us show you something: Suppose you bought a piano in the regular way—paying ten dollars a month for it. Add to this ten dollars—an additional five dollars a month—at least—for piano lessons. This makes fifteen dollars a month you will have to invest for music—for at least two and one-half to three years.

125 1 week. The initial payment necessary to obtain one of these pianos is FIVE DOLLARS. The five dollars is deducted from the price—leaving TWO HUNDRED AND FORTY-EIGHT DOLLARS AND SEVENTY-FIVE CENTS to be paid at ONE DOLLAR AND TWENTY-FIVE CENTS a week, with NO INTEREST or further payments of any nature.

But buy your piano on this co-operative plan and it will cost you but one dollar and twenty-five cents a week. Now add the five dollars a month for piano lessons to this amount and you have only ten dollars a month invested in music. You are still buying and paying for your piano—paying out the same amount of money for musical instruction—and yet have sixty dollars a year left to spend in some other direction.

Copyright, 1913, by Stone & McCarrick, Inc.

SUPPOSE you have now come to the point of putting a piano in your home. You start out to look at pianos.

In the first store you come to—they will evade the question altogether when you ask the terms on this or that piano. On the other hand, they will question you—with the view of finding out just how much you can pay. In other words—they will try to get the highest terms that you will agree to pay.

At the next store you visit—they may not quibble about terms. When you have found a piano, however, of a grade and quality to compare favorably with these we are selling through this co-operative plan, you will be asked to pay twenty-five dollars cash and ten, twelve or fifteen dollars a month. Under no circumstances will the terms be less than fifteen dollars cash and ten dollars a month.

In still other stores—you may find pianos at "a dollar down, a dollar week." But look them over. They are "dollar down and dollar a week" pianos.

Now come to see these pianos: Look at them. There is no uncertainty about the price on these pianos. It is marked in plain figures on each and every piano.

There is no hesitancy about the terms. They also are marked in plain figures.

The proposition has been carefully thought out and worked out.

The price has been made as low as the most thoroughly organized and most economical selling methods permit.

The terms have been made as easy, and the time in which to pay has been made as long as the small profit will justify.

You pay only five dollars as an initial payment, which is immediately placed to your credit and ensures immediate delivery of your instrument.

This leaves a balance of two hundred and forty-three dollars and seventy-five cents to be paid, which you are permitted to pay in one hundred and ninety-five weeks at one dollar and twenty-five cents a week. This is progressive merchandising. It is a combined effort on the part of the manufacturer and the seller to make two buyers where there used to be but one, through the strongest incentive known—that of a greatly lessened price and greatly lengthened time in which to pay.

Who should take advantage of this plan

- (1) Any Sunday School, Lodge, Society, Class, Club or Association which can use a piano to advantage. An assessment of only a penny or two a week from each member will meet the dues.
(2) Music teachers—even those who may now own other pianos, and especially those who are just beginning.
(3) Piano students will find this an exceptionally fine practice piano, and of greater value in exchange, in proportion to what it cost, than any other piano in which they can possibly invest.
(4) Young persons who, through one cause or another, are obliged to buy and pay for their piano, if they ever expect to own one.
(5) Any one and every one who is now renting a piano.
(6) Theaters, moving-picture shows and other places of amusement cannot possibly make a better investment than in one of these player-pianos.
(7) Bachelors should put one of these player-pianos in their dens.

Player-pianos can be purchased on the same co-operative plan

One Hundred player-pianos will also be sold on this co-operative plan. The usual price of these player-pianos is five hundred and fifty dollars each. The co-operative price will be three hundred and ninety-five dollars, with NO INTEREST to be added. The player-piano will also be delivered immediately upon the payment of five dollars. The payments will be two dollars a week—giving you one hundred and ninety-five weeks' time in which to make your payments—the same as on the piano. The same unconditional guarantee that is given on the piano is given on the player-piano. You can also get your money back at any time within thirty days. You get the same privilege of exchanging within a year, as that given with the piano. All the unpaid balances will be voluntarily canceled in event of death. Also, a player-piano bench and nine rolls of music (your own selection) are included without extra charge. An arrangement will be made with each purchaser whereby new player rolls can be secured at a special discount of 20% from the regular catalogue price. We attribute the success of our Player Department largely to the fact that we have been careful to select only such Player-Pianos that would not only give satisfaction to the purchaser, but that would lend prestige to this department of our business. We believe that we have sold more player-pianos than any other piano concern in this country, and in this great Co-operative Sale we have been careful to select only such Player-Pianos that can be sold upon, not only the manufacturer's guarantee, but OUR GUARANTEE. All of the features of the co-operative plan are carried out in offering the player-piano, with the single exception that the terms on the player-piano are two dollars a week instead of— as on the piano—one dollar and twenty-five cents a week.

Cut this coupon out and mail tonight. Mensrs. Without obligation on my part, mail photographs and descriptions of pianos and player-pianos being sold on your co-operative plan to. Name. Street and N. City. State.
