May be Means of Absorbing Disease Germs in Most Unexpected Manner.

In thousands of instances the most virulent types of blood troubles have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It apreads with astonishing supidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and theroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at most any drug store in the civilized world.
